BANANA

NEW!  
CHOCOLATE  
MINT

*MoonPie® was born out of a serendipitous conversation between our General Manager and a Kentucky coal miner, brainstorming the Bakery's next product that needed to be "as big as the moon." Today we produce over a million MoonPies each day, and we celebrate over 100 years of Smiles and Stories by giving back, helping schools and educators "Reach for the Moon" as they raise money to enhance their educational experience. As a 5th generation family-owned business, we sincerely appreciate your support now and over the past century!*
