

# MEET JAKE

Jake's foster parents say, "Jake is 4 years old and does real well with all the dogs here. He's good natured & pretty well-behaved. No problems with house training. He will go in and out the doggie door but prefers to stay in the house.

He can be very independent but will cuddle with you on your lap. He is pretty chunky 17.8 pounds was his weight at the vet's office. Jake needs to be about 12 or 13 pounds. We need someone to help him work on his weight loss.

He likes to play with the other dogs and wrestle around like a puppy. He likes to run in our backyard exploring everything around. He walks good on a leash and likes to see what's going on. He is a good boy in the house and seems to be potty trained. Likes to snuggle on you lap and get all the loving you can give. He seems to like women better than men but will warm up to men too. He is working on losing a little weight right now, is getting green beans mixed in with his food. He will make a great addition to your family.
