

Life Saver Ministries

JULY 2021 E-UPDATE

HAPPY CAMPERS

Hands down, the favorite season of ministry for me is upon us with Summer in this area of the world being a real treasure and the fact that we have incredibly camp ministries in our immediate area being truly invaluable. Thanks to your generosity and the generosity of ministry collaborators such as Sacandaga Bible Conference, we have seen over 30 kids and teens attend camp and have life long memories made and eternity impacting decisions made. So many of these families would never have the ability to send their kids to such an amazing experience if it weren't for your generosity. Please stay tuned for our our upcoming newsletter to read some of these incredible testimonies

MOM & ME MEMORIES

What a blessing to be able to provide opportunities for moms and kids to make memories and go on special outings that they would otherwise never be able to; our recent adventure to Animal Land was such a sweet time of fellowship and a real encouragement to the families who attended as many have felt very alone and isolated over this past year. To see kids and parents experiencing God's creation and knowing that they are loved and belong to our Soulutions family is such a gift. If they can understand that there are people who love them, it becomes within reach to believe that there is a God Who loves them.

IMPACTING ETERNITY

I truly wish you could've been there to see the eyes of a mom tearfully explaining that she has been so very worried about her son and for him to attend camp, accept Christ as Lord and Savior and have hope in his eyes and joy in his heart was the most incredible gift. One more family impacted by this beautiful work, one more life that knows the truth, one more soul secured for eternity on the arms of the Almighty, loving God is one more reason to continue to pray for God to continue to do amazing work through this ministry. Whether a woman comes through our door expecting a little one or struggling through the teen years, it's an honor and privilege to be here for them all!

THERE'S STILL TIME TO GIVE!

As you are likely well aware, our summer scholarship fundraiser has been well underway and there is still time to give toward this amazing opportunity for children and families! A gift of any amount is greatly appreciated as we seek to extend these beautiful opportunities to as many kids as possible! Feel free to send a check donation earmarked "Scholarship" to Life Saver ministries, PO Box 407, Gloversville, NY 12078 or you may give online at lifesaverheartbeat.com where you can type a memo indicating the giving is toward the scholarship fundraiser. We truly could never thank you enough for praying, for giving, for being this beautiful collaboration we call Life Saver Ministries. May God do the seemingly impossible through us and redeem families, change lives, and save lives as only He can do through His supernatural, redemptive, restorative work.

For life because He lives!!
