However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

**Note.** If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

# FIGURE 8 TIRE TREATMENT POLICY

## STATEMENT

Effective January 1, 2021 and going forward. There will be **NO CHEMICAL ALTERING OF TIRES ALLOWED** for Late Model/World Figure 8 Tour type cars. **THIS IS FOR ALL EVENTS and ALL TIRES.**

## PREPARATION

It is **HIGHLY RECOMMENDED** you remove all tires previously involving chemicals from your inventory as well as dismounting **ALL YOUR TIRES** and thoroughly cleaning your wheels from any previous chemicals to prevent you from receiving penalty going forward.

## POLICING

This will be a joint effort between competitors and the track to help advance the growth of the sport. The track also has the right to check tires **AT ANY TIME** you are on our property and remove them from competition.

## Procedure

- Between the checkered flag and going to victory lane or returning to your pit spot, a minimum of 5 cars (selected by the track) will be pulled aside for tires to be checked. **ONLY** those drivers will check the tires on these cars. When we have qualifications, the 5 fastest qualifiers will be held for the same scrutiny.
- If a tire is suspect, that driver will alert the track representative. That car will then be moved into the garage for further scrutiny by a track representative and those drivers. **NO ONE ELSE.**
- If needed, that tire or tires can then be sent off or kept for further testing. This is at track expense if found clean and at that driver's expense if not. This expense will be in addition to the listed fine. **AND** that listed fine will be **DOUBLED** as a further penalty for that driver not telling us of its illegality before we sent the tire out for testing.
- Sending a tire out for testing is the last resort with most decisions for disqualification being made after assessing a tire inside and out.
- All decisions are **FINAL.**

## PENALTIES

### 1st Offense

- That driver and car will be disqualified from that entire event losing all prize money, points, and awards from that event.
- That driver and car will be suspended from the next 4 events held for these cars. The driver cannot race in any of our other divisions during this time too.
- A \$1000 fine will be due before that driver and car can return to competition for these cars.

### 2nd Offense

- That driver and car will be disqualified from that entire event losing all prize money, points, and awards from that event.
- That driver and car will be suspended from the next 12 months of events held for these cars. The driver cannot race in any of our other divisions during this time too.
- A \$2000 fine will be due before that driver and car can return to competition for these cars.

DON'T DO IT!*

SOLUTION,  
NOT THE PROBLEM!*
