

March 2, 2021

Dear CampOut Supporter,

What a year this has been. With Virginia still not allowing gatherings over 25 people we have decided to cancel the 2021 Music Festival. We have really missed seeing everyone and really looked forward to having a really great time this year. We will be rolling over any tickets purchased for 2020 to the 2022 Music Festival. Festival dates for 2022 are **May 26-30, Memorial Day weekend**. CampOut owns the land where the festival is held and have expenses throughout the year for maintaining the land and preparing for the next Music Festival. It has been a rough year financially, but we have and will continue to do what it takes to be ready to have Music Festival in 2022. We really appreciate all of you that rolled over or donated your tickets last year. We also set up a go fund me page and appreciate everyone that donated on that page as well.

For those that rolled over your ticket, you will have a membership through the 2022 season. You will be able to tent camp for free the 2021 and 2022 seasons.

1. For those that donated their ticket we will honor this 2020 price for 2022.
2. If you reserved a RV spot you will keep your RV reservation.
3. If you are part of a group site reservation it will count toward your group for next year and if all 8 transfer their ticket the site will be reserved now for next year.
4. Vendors and workers that leave their money with us will reserve a spot for next year. Should there be a price increase next year you will avoid the increase.

Next spring when we send out our mailing if you gave us your ticket or rolled it over please send us the form for 2022 filling in your address so we can be certain we have the correct address. Note on the form that you rolled over from 2020. You will not need to send any money. For those that donated their ticket. Please send in the same amount as this year and mark on the form that you donated your 2020 ticket and we will honor this year's price should there be a price increase. We will hold RV spots for donated tickets until March 15th, 2022.

I know many of you are thinking what a great deal for those that have already purchased tickets. To help towards the expenses for next year you can purchase your Virginia Women's Music Festival 2022 ticket, send in your vendor application or worker application at the current price until September 1, 2021 with the above benefits.

On a positive note, we will be opening April 1 for the 2021 season. We had many campers in 2020 that really enjoyed being with other women in an outdoor environment. We look forward to seeing you this spring and summer around our campfire and at the lake.

Sincerely,

Sally Terry and Billie Hall

Your CampOut Owners
