2021 Robie Pierce Women's Invitational

Sailing Instructions Appendix A

- 1 All sailors with disabilities must use adaptive seats while racing except boats helmed by a blind person.
- 2 Use of Personal Flotation. All competitors shall wear a U.S. Coast Guard (USCG) approved personal flotation device (PFD) while on the water, other than for brief periods while adding or removing clothing. Competitors from outside the U.S. may wear a PFD approved by their nations' certification authority to the extent permitted by international treaty.
- 3 An able-bodied crew (AB) will be on board each boat during all racing.
 - 3.1 All ABs will be assigned to boats in accordance with sailing instruction 5.
 - a) The primary duty of the AB is the safety of the other team members and of the boat.
 - b) It is the intent of the Robie Pierce Women's Invitational Committee that the disabled team members shall perform all possible activities on board the boat, with only the most limited assistance possible from the AB while racing. In general, the AB is permitted to do for a contestant only that which she would be capable of doing for herself were it not for the disability that qualified her for this regatta.
 - c) The AB may perform the following activities while racing as long as such activities conform to the spirit and intention of sailing instruction Appendix A 3.1.b:
 - i. Steer the Ideal 18 for brief periods of time, but only to regain control of an out-of-control boat, or to avoid an imminent collision where injury or damage is likely to occur.
 - ii. Cleat or uncleat any Ideal 18 running rigging at any time, but only at the direct request and under the direct supervision of one of the disabled team members.
 - iii. Trim either the main sheet or the jib sheet, but not both, as the Ideal 18 rounds the leeward mark, or during the pre-start as a boat assumes her proper course to start, but only at the direct request and under the direct supervision of one of the disabled team members.
 - iv. Release the main sheet as the Ideal 18 prepares to round the windward mark, but only at the direct request and under the direct supervision of one of the disabled team members.
 - v. The AB may help the helmsperson with concentration as it applies to sailing too low or too high.
 - vi. Hold out the jib wing-on-wing on downwind legs only on the side opposite from the forward crewperson unless that person's disability prevents winging the jib on that side.
 - vii. AB for a blind crew will act as "sighted guide" and may call tactics and provide sail trim directions as appropriate.
 - d) The AB may sit on the windward rail of the boat at any time and may hike out. In the case of a blind team, the AB may sit on the rail only when the other crew members are sitting inside the boat on opposite sides.
 - e) It is the Ideal 18 skipper's responsibility to ensure that the crew and AB are acting in accordance with all provisions of the notice of race and sailing instructions, and any other rules governing the regatta.
- 4 The number of partners in the mainsheet of the Ideal 18s may be reduced from three to two if sailing under full main and jib at the discretion of the competitor.
