291-DART

Presidents Letter

In the 12 years since I was last president of the DDA (1982-83) darts in Dayton has progressed immensely. In the 82-83 season we shot a grueling 28 week season all on Thursday nights, the Gem City Open was called the Dayton Dart Open shot at the Haer Party House, and the All Star Team shot against Cincinnati only.

The progression needs to continue. So far this season the DDA has created a new format for All Star selection with outstanding results (just ask our counterparts in Cincinnati and Columbus), created a new league on Mondays to give our Steel Tippers variety and maybe steal just a little thunder from our Soft Tip sisters, initiated plans for a bigger and better Gem City Open in Oct. 1995, and reinstated this hopefully informational newsletter.

My personal goals include a greater parity and camaraderie in league play, and the promotion of steel tip darts to the level that Dayton deserves. To achieve my goals I need your support and comments (both good and bad).

Good luck the remainder of the fall season and hopefully with a few months under my belt I can do a better job for you as we go into the winter season.

MARK LINK

***** New Member & New Location Discounts*****

If you pick up a new team member (non-DDA member) for your winter team, they get free DDA membership. (normally \$10)

*****New Location - If you throw out of a location that presently has No teams, your sponsor & team fee will be waived for the season*****

2 FLYERS - KRAMERS
3 PINK FLAMINGOS -
HANKS

OTHER STUFF

You may have noticed that there is a new division listed on your standings sheets. It is the Lithium division of Monday night darters. It was named Lithium because these people willing to try out something new must be on some kind of drug...the Monday league was put together for our favorite people, our sponsors and secondly for our players.

If you get a chance, check out the Monday night format. You will find it is different from any of our traditional matches. This new night of play was started for many reasons:

- to give darters an opportunity to shoot another night
- to provide our sponsors with more activity on their dart boards
- to allow new sponsors that may not have room for more than one dart board
- to provide a format similar to soft-tip so that some of "those" players may come over to steel tip and see how great it is
- to only require two players to make up a team for those that have trouble keeping four people showing up
- to pick up the players that may have played ball or golf past our league start date

We are trying to get the Monday night league to catch on, so if you are interested, we will have a spring season, see your board members.....Lou

CONGRATULATIONS ALL * STARS
