Work for Indiana!

Join U.S. News & World Report's #1 state government! With more than 50 executive branch agencies, the State of Indiana features a diverse workforce offering applicants stimulating and challenging projects across a broad scope of career opportunities. As a State of Indiana employee, you impact the well-being of Indiana's communities every day. You also benefit from the State's enterprise-wide employer values including work-life balance, public service, professional growth, diversity and wellbeing.

About the job: PIPELINE SAFETY ENGINEER

This professional level position performs physical audits and inspections of pipeline Operators' facilities and operations to determine compliance with U.S. Department of Transportation and Indiana State pipeline safety regulations. The purpose of the Pipeline Safety Division and the Pipeline Safety Engineer is to help ensure public safety through audits and inspections of those who deliver natural gas and hazardous liquids (Operators), and by educating Operators to help ensure compliance with Federal and State pipeline safety regulations.

This position reports to the Director of Pipeline Safety and performs the duties of the position under limited supervision. The position generally requires substantial knowledge of pipeline operations and Federal and State pipeline safety regulations. The incumbent must be self-motivated and organized and must possess excellent communication skills.

A day in the life:

Duties of this position include:

- Scheduling and performing audits and inspections of Pipeline Operators;
- Documenting results of audits and inspections completed and communicating results to the Operators;
- Completion of core US DOT - Pipeline and Hazardous Materials Safety Administration (PHMSA) training program for pipeline safety inspectors (located in Oklahoma City, OK) within three (3) years;
- Educating and training Operators regarding applicable rules and initiatives coming from PHMSA.

What we are looking for:

- Must possess a bachelor's degree and 2 years' experience (minimum 5 years' experience without a degree) in gas or liquid pipelines or the enforcement of pipeline safety regulations at the Federal or State level

- Other job requirements include:
 - Excellent attention to detail;
 - Solid verbal and written communication skills;
 - Understanding of basic IT concepts and working knowledge of Microsoft Office Suite;
 - Curiosity to learn;
 - Self motivated;
 - Well organized;
 - Ability to deal with conflict and stressful situations and facilitate resolution/agreement.
-

Benefits:

The State of Indiana offers a comprehensive benefit package which includes:

- Choose from four medical plans (including RX coverage), vision and dental
- Wellness program that offers eligibility into a discounted medical plan
- Health savings account, offered for most medical plans, includes state contributions
- Deferred compensation account (similar to a private sector's 401 K plan) with employer match, as well as a choice between two fully funded pension plans
- Group life insurance
- Employee assistance program that allows for covered behavioral health visits
- Paid vacation, personal and sick time off
- The State of Indiana offers other generous leave policies covering a variety of employee needs
- 12 company paid holidays, 14 on election years
- Qualified employer for the Public Service Loan Forgiveness Program
- Free downtown parking
- Generous Maternal Leave Program

Equal Employment Opportunity:

The State of Indiana is an Equal Opportunity Employer.
