## Race Order and Start Procedure

Start Lists with all individual racer start times for Stage 1 will be posted at registration. **All categories will do 2 stages on Saturday and 3 stages on Sunday.**

### *Stage Race Order:*

Racers will have pre-assigned start times for the first stage – the actual start will be recorded electronically. It is up to the rider to start their first transfer to make it to the first stage start for their start time.

Racer must start with their front wheel behind the start line, and one foot down on the ground (no track-stand starts)

Racers will be given a 5 second countdown to their start. Racers starting or lifting their down foot prior to the start will be assessed a 1 minute penalty.

Racers arriving late to the start must follow the starter's orders and join the course when instructed to do so. Failure to follow starter's order will result in a suitable time penalty.

Any racers arriving at the start of a race stage later than 15 minutes after their specified start time will be assigned a DNS for that stage and should proceed to the next stage.

### *Course Cutting*

Course cutting or taking short cuts in order to gain an advantage is not allowed. Riders not following the designated route will be disqualified.

### *Bike Rules*

The bike that you begin the race on is the bike that you will use for the entire event with the exception of flat tire repair. No bike and/or equipment changes are allowed. Any infractions will result in disqualification.

### *Race Progress*

This Enduro event needs to keep moving/progressing without breaks and ghosts (30 sec start time, no rider) in timing. All riders are strongly encouraged to make continuous progress. Stopping for lunch, social visits or the like may prevent you from riding one or more of the final stages.

### *Shuttling*

No shuttling will be allowed. This will result in disqualification.

### *Outside Assistance (During the Race)*

Any competitor receiving outside assistance from a non-racer without prior agreement from the Chief of Race will be disqualified. This includes using a team staff/outside help to carry equipment around the course or perform repairs during the race.

**Exception:** During the transition between stages once racers are back to the Base Area they are permitted to obtain technical/mechanical assistance. Neutral tech support will be located at the base area.

### *Altering the Course*

Any participant altering the course will be disqualified.

***Practicing Outside of Designated Practice Times***  
 Riding race stages outside of designated practice times is prohibited and will result in disqualification.

See the rules posted on the California Enduro Series website  
[www.californiaenduroseries.com/](http://www.californiaenduroseries.com/)

**Timing and Results**

All riders will be timed by a chip attached to the back of their race plate. Please do not bend the plate when attaching it to your bike as it may damage or interfere with the timing chip.

Please notify a finish official if you will not be completing a stage or the race. In case of withdrawal from one Special Stage, the racer is allowed to take part in the rest of the Special Stages. However, the rider will not be included in the General Classification (overall ranking) of the race.

**Live results available at Racemine.com**

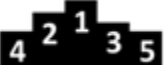

**Claims and Penalties**

Marshalls will be situated along the course to monitor for any rule violations. Claims regarding the race progress itself or the attitude of other riders must be put forward to the Race Director (located in the venue) within 30 minutes of the race finish of the last rider.

The Race Director is authorized to give additional penalties that are not listed in the CES rules in the case of a rider who fails to respect the other riders, the spirit of the sport, the environment or the organization.

Race Directors: Don Jackson / Tom Spiegel

**Awards – Crafts and Cranks Pro Payout**

Award at the finish 30 minutes following the finish of the last rider of the race. Top 5 from each category need to be in attendance and be at the stage area by 15 minutes prior to the start of the award ceremony.
