Pediatric Occupational
Therapy Services and
Sensory Integration Gyms

*"The Key to Meeting Your Child's
Fullest Potential"*

www.justplaygyms.com

Just Play Gyms is a pediatric Occupational Therapy practice focused on one-on-one therapy for the pediatric population. Just Play's therapeutic environment provides a range of opportunities for sensory input, while promoting physical development, challenging motor planning skills, and developing cognitive and social skills.

Craig J. Tollin, owner of Just Play Gyms, is a licensed Pediatric Occupational Therapist who uses a combination of treatment principles including strong sensory integration and neuro-developmental treatment. Using these techniques, he addresses the quality and quantity of children's abilities through play. Craig is also trained in Therapeutic Listening, handwriting assessments and visual screenings

Craig along with a staff of seasoned therapists provides a highly individualized, multi-faceted and holistic treatment approach to ensure each child's needs are met. They share a commitment of providing a nurturing and healthy environment that promotes and considers the well being of children and their families.
