

Sharing the News

Winter 2017

### **Giving with Grace Thanks You**

**This is the season of giving and the perfect time for Giving with Grace to thank each and every one of you. Your compassion, your support and your generosity merged to create a wonderful gift for Giving with Grace, abundant opportunities. You gave us opportunities to share the joy of giving throughout the year, opportunities to help those in need meet challenges with dignity, opportunities to embrace our community and most importantly abundant opportunities to share the transformative power of giving!**

### **With your help in 2017 Giving with Grace**

-  Donated over 1300 intimate self-care items and 200 undergarments to help women and girls in Silicon Valley face challenges with dignity; challenges presented by homelessness, unemployment, domestic violence and sustaining recovery from substance abuse.
-  Provided children confined to Lucile Packard Children’s Hospital with much needed school supplies to promote their enjoyment of learning while they are hospitalized and to assist their dedicated teachers with continuing their education.
-  Expanded our giving opportunities to include our state capital. We donated vital personal items to St. John’s Program for Real Change in Sacramento to support homeless mothers and children living in crisis.
-  Maintained, extended and strengthened our partnerships with non-profit organizations serving diverse populations with profound needs in Silicon Valley and beyond.

**We wish you  
and yours  
holidays wrapped in  
peace, joy and love!**
