Pledge of Allegiance

1. Town Manager shared that a Sewer Superintendent had been hired.
2. Brent gave an overview of the Draft Engineering Report for the Wastewater System upgrade/expansion. He suggested some directions of info gathering that are critical to funding the project. 1. To do an income survey as update to 2010 Census, to improve on qualifying levels, and 2. To document environmental health hazards, from incidences to testimonials, from records to history... we need to show our vulnerability. The first task will be engaged via the Town Manager, the second will be something for the Committee to work on. Brent also asked for our questions and comments on the report as he finishes the final drafting of the report. These comments should be emailed to Lucia for collecting and sending.
3. Next meeting in two weeks, May 11 at 6pm.

Adjourn 7:30 pm.
