Marching Band Spotlight:

WCHS marching band is the Pride of the Warhawks! They are known as a festival band meaning they play “fun music” and do a variety of shows that appeal to current audiences. The band performs at football games and also goes to a few festivals each season including a collegiate band day to experience a college campus and collegiate level marching band. Students also have the opportunity to perform in a variety of events around Westerville and also various special locations. In the past, they have performed at Ohio University, the Magic Kingdom at Walt Disney World, the Field Museum in Chicago and will be performing in **New York City in February 2019!**
