

REVIEW OF THE THREE STANDING COMMITTEES to accompany May Minutes

1. Employee Appreciation Fund: During March \$935 was collected (none from AL). The balance as of May 2: \$9,721.
2. Welcoming Committee Report: There was no get-together in April because the Committee received no list from Marketing of new arrivals.
3. Cottages Committee: (1) mosquito problem; needs more frequent spraying. (2) pile of furniture in front of cottages 10 and 11 (**covered in Minutes**). (3) Litter from Mauka kitchen blowing across the street. Need management to follow up.
4. Landscape Committee: A complete Report can be obtained at the front desk with copies of the Minutes. (1) The Committee now consists of Bob and Kathie Muirhead, Ruth Tsukayama, Jan Ogawa, Dottie Matting, and Bobbie Jennings. (2) The scope of work was discussed with Management and approved. So far, taking care of the indoor and lanai potted plants and the Bougainvillea on the DR lanai. Also, the Tahiti Gardenia bush along the west wing pathway, and the Hibiscus bushes along the lower sidewalk, West Wing. (2) Management will provide the tools and a flat-bed cart to transport said tools.

Work began Sunday May 6, with the pruning, fertilizing and watering of the Bougainvillea on the DR lanai, careful to leave blooms visible for Mother's Day. **Unfortunately, there seemed to be a communication breakdown, as Leo and his crew came by with clippers and chopped off the flowers etc. A committee member tried to stop them, and they went away, only to return a few minutes later and continued to "prune" what had already been pruned.**
