**Is Your Company Prepared?**  
**--- ISO9001:2015 --- AS9100-2018 --- SQF2000 v8 --- ISO22000:2018 ---**

I can provide low-cost on-site consultancy for developing a tailor-made Quality Management System (QMS) with the aim of helping your company improve and increase its competitiveness and achieve certification from an accredited certifying body. I help you understand and apply the quality management system requirements while ensuring that your program proceeds smoothly. A QMS based on one of the above standards is recognized worldwide as an excellent tool for improving performance and, increasing customer satisfaction. I utilize a System Implementation Procedure which guides you through the implementation and development of a QMS as follows:

**GAP ASSESSMENT** - Review of existing practices and documents against the requirements to determine what the project plan, time and costs are going to be to achieve the Quality management system certification.

**SYSTEM DEVELOPMENT** - Depending on the Gap Analysis, several modules may be necessary to prepare to meet the standard or standards

**IMPLEMENTATION**- I will work alongside management implementing and monitoring the management system.

**INTERNAL AUDITS / AUDITOR TRAINING** - I can either train your audit team on the new requirements or I can conduct a full system internal audit of your operation.

**CERTIFICATION** - Assist your organization in preparing for the initial certification audit and be present if needed

**AFTER CERTIFICATION** - For most organizations this is the beginning and not the end of the journey toward building excellence in management systems

### **TRAINING**

On-site training in many of the areas required for a robust Quality Management System

### **OTHER REQUIRED PROGRAMS**

I can also assist in establishing and improving programs that are required by all quality management systems: Calibration, Training Records, Document Control, Root Cause Analysis and Statistical Process Control.

For Questions about any of the above services, please call Mark Bradley at 812-305-3867.

## **CHAIR'S CORNER**

By Tom Watson

This is my last Chair's Corner as the Section's Chair. Starting January, Greg Painter will be stepping into the Chair Position and I will be rotating into the Publicity Chair role. It has been a fun 2 years and I see our section doing great things. There are several members stepping into Leadership roles on the board. This has allowed us to fill roles that have not been filled in the past such as Voice of Customer Chair, Placement Chair and Publicity Chair. We have also seen ASQ's Transition into the Bill Highway System which is streamlining the Financial reporting process and taking some workload off the section Treasurers. I want to thank all the Section members for their participation in our Section's activities these past 2 years and look forward to serving in the Publicity Chair role.
