

Meet the Horses-Share the Trails

Visitors at Governor Dodge State Park were treated to an informational Open House on Saturday, August 25th. The annual event hosted by the Friends of Governor Dodge-Equestrian Committee emphasized trail safety on the park's multi-use trails. Approximately 175 park guests stopped by the park's equestrian campground to watch the Trail Smarts video and get hands-on experience petting, grooming, and feeding the gentle horses owned by members of the Friends group. Participants took home Trail Safety pamphlets provided by the WI Horse Council and enjoyed free ice cream cones compliments of the Dodgeville Kiwanis Club. Everyone agreed that it was a fun and very worthwhile afternoon. For more information or to join, visit <http://www.friendsofgov-dodge.org> or <https://www.gov-dodgeequestrians.com>.
