NIGHT REPAIR  
SHIELD

NIGHT REPAIR SHIELD is a light, quickly absorbed serum targeting at repairing the UV challenges encountered by the skin during the sunny summertime. It contains a blend of natural actives aiming at improving skin structure, tone and skin moist also thanks to the synergy between Xilogel® and Sodium Hyaluronate.

From Indena, it contains:

**BOSEXIL®**: soothing and protectant active ingredient from *Boswellia serrata* in Phytosome® form, provides an efficacious lenitive effect on skin challenged by intense UV exposure.

**XILOGEL®**: highly characterized polysaccharide obtained from the seeds of *Tamarindus indica*, has strong hydrating and re-hydrating properties. Film forming, endowes the formulation with peculiar smooth and silky touch.

**CENTEVITA™**: purified extract from *Centella asiatica*, it contains both the terpenic fraction promoting collagen synthesis and the polyphenolic fraction, scavenging free radicals. It represents a multifunctional ingredient mimicking the natural content of active compounds in the centella leaf and counteracts skin ageing and inflammaging, promoting collagen regeneration.
