A Note From Rick: Another great Draft Horse Week is in the books. Horses sold very well and prices were strong throughout the week, especially on Thursday when the overall average was \$4,093 on over 400 horses. Buyers and bidders braved the nasty weather and we had a great turnout. A great big thank you goes out to all our employees, sellers, buyers and bidders, vendors and the community for your support. It takes a huge overall effort from many people to make Draft Horse week work and we couldn't do it without you. We definitely appreciate it! We had a big day Tuesday as well. Again, prices were strong throughout the day. We had a great offering of open heifers that sold very well. Slaughter cattle and slaughter cows were both higher this week and it's becoming a trend that is very welcome to all of us in the cattle business. The only group struggling to keep up with the upward trending markets is the Holstein feeder steers. Hopefully stronger slaughter cattle prices will instill some confidence in producers to strengthen the feeder market as well. See you at TLA!
