3M HEALTH CARE (88)

STETHOSCOPES

3M™ Littmann® Master Cardiology Stethoscopes

Tunable diaphragm allows the user to conveniently alternate between the low- and high-frequency sounds without turning over the handcrafted, solid stainless-steel chestpiece. Dual-lumen design eliminates tube noise artifact from two tubes rubbing together. Excellent acoustic seal and comfortable fit with patented 3M™ Littmann® Snap Tight Soft-Sealing Eartips. Comfortably angled, anatomically correct headset. Patient-friendly, nonchill rim and diaphragm. Special procedures adapter for difficult site or pediatric auscultation. Seven-year warranty.

3M™ Littmann® Cardiology III Stethoscopes

Outstanding acoustic performance and exceptional versatility. Innovative design offers a patented, tunable diaphragm on each side of the chestpiece for adult, pediatric and small site auscultation. Large side can be used for adult patients, while the small side is especially useful for pediatric or thin patients, around bandages and for carotid assessment. Pediatric side of chestpiece easily converts to a traditional bell by simply replacing the diaphragm with the nonchill bell sleeve included with each stethoscope. Solid, stainless-steel chestpiece for outstanding acoustics. Dual-lumen design eliminates tube noise artifact from two tubes rubbing together. Excellent acoustic seal and comfortable fit with patented 3M™ Littmann® Snap Tight Soft-Sealing Eartips. Comfortably angled, anatomically correct headset. Patient-friendly, nonchill rim and diaphragm. Five-year warranty.

LOGICMARK (DC)

FreedomAlert Emergency Pendant

World's first programmable, two-way voice emergency communicator. Wearable mini-pendant allows instant, two-way speaker phone communication to family, friends and neighbors at any time from anywhere in or around the home. Water-resistant pendant is fully portable, simple to set up and operates on a lithium-ion battery that provides several hours of talk time on a single charge. Includes a lanyard, wrist strap holder and belt clip, offering three convenient carrying methods. Easy installation and programming. No monthly fees, monitoring fees, service charges or contracts.

	ITEM #	HCPCS	SOLD BY
	35911	A9270	ea

GuardianAlert911

The world's only two-way emergency pendant communicator that allows patient to talk directly through the pendant to a 911 emergency operator at the push of a button. Includes a base station that plugs into the phone jack and a pendant that is worn by the user. System can be operated anywhere in and around the home. Runs up to a year on a "AAA" alkaline battery (included). Splash resistant, so it can even be taken into the shower. No monitoring fees, service charges or contracts.

	ITEM #	HCPCS	SOLD BY
	30911	A9270	ea

Emergency Wall Communicator

Two-way voice communicator that is compatible with the FreedomAlert Emergency Pendant. Can be permanently mounted for additional safety and security throughout the home. Water resistant and operates on four "AAA" batteries. Can be placed in the bedroom, bathroom or any other high-risk area where falls may occur to create a complete emergency system throughout the home. Up to four wall communicators can be programmed to one FreedomAlert base unit.

QUEST PRODUCTS, INC. (QU)

Kidz-Med® VeraTemp® Non-Contact Thermometer

Provides convenient and accurate forehead scan readings in a trauma-free, parent-tested and FDA-approved thermometer. There is no need to upset, startle or wake the child when taking the temperature. Gives instant readings in Celsius and Fahrenheit, and is easy to use with fussy or combative patients. The non-contact technology also allows the thermometer to take other temperatures around the home, such as bath water and bottles.
