

# LED Light Bar

Instant Feedback on Your Refrigeration System's Operation

- Driver-Friendly
  - Increases brightness in direct sunlight, snow, and on white or reflective backgrounds
  - Dims at night for less glare and safer operation
  - Green light indicates "OK", Amber means "Check Unit"
- Lower lifecycle costs
  - High-reliability, long-life LED arrays
  - Environmentally-sealed electronics prevents water intrusion
- Compatible with the following microprocessors: Carrier APX™, Advance™, Summit, Thermo King® µP and Thermo King® SR
- Can be used as a replacement for Carrier 8-light and Thermo King® light bars
- Covered by 1 year limited parts warranty
