

PLANNING

Shire is where the heart is, HOME !

Purpose of Shire Planning is to utilize land for the most benefit of the Community and Habitat. It is essential that Community and Habitat needs harmonize. All fertile land is utilized for growing food and or ranching. Some sanctuaries for native vegetation and creatures are provided. Non-fertile land is used for domestic and non domestic building. Existing buildings on fertile land are demolished and recycled on non fertile land. Land is set aside for Provincial needs.

All Graveyards are dug up. Remains are cremated. Land is used for agriculture.

All Golf courses, Parks, Sporting ovals are recycled for food production. All Botanical Gardens, Zoos become Sanctuaries for local Habitat (vegetation, wildlife). All purpose build religious buildings, mausoleums, all castles, palaces, mansions.. are demolished. Land is classified as fertile or non fertile. Building material is reused for new buildings.

A '**Shire**' consists of 1 or more 'Shire Oasis'(s). A Shire Oasis is made up of '**SmeC** (Shire medical and education Complex)', '**CRBC** (CRON Retail and Bazaar Complex)', Sanctuaries (natural Habitat), Work Chapels, Agriculture and Communal Cluster Housings.

Domestic and non domestic transport on Freeways is replaced with 'Freeway Trams'! Long-distance overland transport is by Rail only. Big rigs are phased out (wreckers). Toll operators Parasitic, Greedy Predatory, Profiteers; Highway robbery is a crime. **MS R6**

SmeC (Shire medical and education Complex)

After 1 year work experience as '**Matron**' qualifies to attend 'PDEc Leadership Camp' earns '**Administrator Degree**'. When there is an opening promoted to '**SmeC Manager**' (**wmw7**). Joins the '**Provincial Adviser pool**'.

SmeC is the hub of community living most SHE will spend most of their lives there. SHE's and children need to socialize to live up to

their full potential. Communal living is the community raising children rather than individuals.

SHE's starts attending '**SmeC**' for prenatal activities. (**Note!** HE is not involved). From 3 weeks before birth onwards SHE attends SmeC daily. This continuous after birth. SHE will be involved with SmeC until all her children have completed their education there. SHE then starts a career. SHE completed an Apprenticeship (**Medical and Education Trade Certificate**). SHE will attend 'SmeC' Gatherings. Eventually SHE will be attending **Senior Activity Club**.

SmeC has a bell tower. Every day at 'Sunrise', 'Midday' 'Sunset' it rings for 1 minute. This ringing celebrates **1 GOD** giving us Daylight through Sunlight. Days 1-6 (work week), 1hour after Sunrise and 1hour before Sunset the bell rings for 2 minutes. Signaling work start and work end. Day 7 (Fun Day) 1 hour after Sunrise and 1 hour before Sunset the bell rings for 3 minutes. This lets **1 GOD** and the Community know there is a '**Gathering**'.

CRBC (CROn Retail and Bazaar Complex)

CRBC replace Shopping Centers and Shopping Malls. CRBC are situated in a 4 level heptagon building. A CRBC is a 'Heptagon Hub' each side has buildings attached. Example: a SmeC, Work Chapels, Communal Cluster Housing,.. Part of a 'Shire-Oasis'.

CRBC opens Day 1-5, 1 hour after Sunrise, closing 1 hour before Sunset. CRBC opens Day 6, 1 hour after Sunrise, closing Midday. From Midday to 1 hour before Sunset is clean up, maintenance and repairs. Day 7 CRBC is closed!

A **CRBC** is situated in a 4 level building.

Ground-level is Storage, goods in and goods out for retail outlet and Bazaar.

Level 1 is the CROn-Retail area including Beverage-Bar (non-alcoholic).

Level 2 is the Bazaar, everything homemade/ homegrown, used but not useless.

Level 3 is Administration & workers break area.

The **Roof** consists of Solar-panels.

CRON Retail model combines all retail needs, for Communal Cluster living, in 1 retail complex. CRON-Retail ends duplication replaces all Franchises (Food, Clothing, Variety...) with 1 outlet for each segment. CRON Retail replaces all Fast food Clones with a Healthy (non-alcoholic) Beverage Bar.

CRBC uses the CRON management system. Supplemented by customer volunteers. CRON management operates by **DmC** (Decision making Committee). Customer volunteers are customers who agree (yearly) to work 7 hours in each 4 week

period for free. Receiving a discount on every purchase + a yearly Smorgasbord. They are also to give feedback to the **DmC**.

The **B a z a a r**

is retailing of crafts, homemade products. Preloved items.

Retailing consists of product produced. Created by an extended family and offered for retail by the same extended family. Cannot have employees or volunteers outside extended family. **Extended Family consists of: Grandparents, Parents (siblings) and Children.**

Preloved (used) items are sold by owners or on behalf of someone else. A seller must inform a buyer if the goods are sold on behalf of someone else. Preloved don't come with a warranty (no refund or swap). **Buyer beware!**

The Bazaar traders elect yearly a representative to the **CRBC DmC**.

Warning!

If You have to constantly shop. You are an 'Addict', seek help.

CRON Cluster is a group of **CRON's**

Custodian Guardians call a multitude of separate CRON's cooperating to serve a whole Province (tribal): '**CRON Cluster**'. CRON Cluster replace Greedy, Profiteering national or multinational businesses.

Major projects or projects, services that involves more than 1 Shire require a multitude of separate CRON's to cooperate (**CRON Cluster**).

CRON Cluster is a collection of CRON's cooperating with each other in customer supplier relationships. E.g. 'Morning Vitamin Tablet' (product). CRON's involved: Distribution, Marketing, Manufacturing, Packaging, Primary producer, Research, Development, Retail.

CRON's that are part of a **CRON Cluster** need their **DmC's** to liaise. Each DmC must empower (decision making) 1 person to represent their CRON's interest within the CRON Cluster. Any CRON that does not provide a decision making representative needs to be removed from the Cluster and replaced by another.

CRON's may want to deal with Provincial Government and or its organizations (utilities...). Only Government departments, that use the **CRON** management system **DmC** can join a **CRON Cluster**.

Note! Government owned business that are not turned into **CRON** business (Utilities, Long haul transport, mining, Space exploration...) are run using the **CRON** management system **D mC**.

CRON Cluster operate from '**CRBC**' and Work Chapels.

Communal Cluster Housing

Humans have a **1GOD** given right to affordable secure living quarters (Shelter). Government has a duty to supply these affordable secure living quarters. Shelter is supplied by the '**Shire**'.

For the **Shire** to supply affordable living quarters all Freehold Land and domestic (private owned) shelter are transferred to it. Empty transferred property is filled with homeless people and families on waiting lists. Multi bedroom houses with only 1 occupier need to take in other occupiers. It is unacceptable anti social behavior for 1 person having more then 1 bedroom.

All Affordable living quarters are Rental accommodation. Eventually, vanity ornamental garden, free standing homes need to be replaced by community cluster housing. Cluster rental accommodation is provided by the '**Shire**'.

All cluster accommodation have 3 levels of tenants + 1 level glass house: Ground Level, Level 1, Level 2, Glasshouse (tenants can grow plants). Cluster accommodation consists of Single units (1 room),

Couple units (2 rooms), Family units (3 rooms...). Mandatory guidelines (family status, age) apply.

All Affordable Secure Living Quarter is Rental accommodation. Weekly rent is 14% of gross weekly income of tenant. Multiple tenants rent is 14% of joint gross weekly income of tenants.

Example: \$100 gross weekly income, rent \$14.

\$1000 gross weekly income, rent \$140

Shire supplies electricity and water with daily minimum (Free) (then pay) maximum cut off usage, community laundry, maintenance, recreation, waste & sewerage-removal.

Note! Domestic and non domestic burning of dung, wood, coal, gas, oil for cooking, heating and power, **ENDS!**

Single tenant is entitled to 1 room community living. At age 63 transfer's to retirement accommodation (mandatory). Single 1 room tenant uses on same level community toilets, shower facility and on bottom level laundry, bath.

Couple (1 **HE** and 1 **SHE**) tenants have 2 rooms: Living, sleeping, kitchenette and Toilet, Shower. Share laundry, bath at bottom level. Move to 'Family-units' when children arrive. A couple becomes single transfers (mandatory) to single-unit.

Family tenants have 2 rooms (living, sleeping, Kitchenette and Toilet, Shower. Share laundry, bath at bottom level) + 1 room for each 2 children. After last child moves out (by age 18 mandatory). Couple transfer (mandatory) to couple living.

Areas between Cluster housing are used for orchards and free range livestock. They are maintained by Cluster homes tenants (unpaid). Who are on a roster.

F R E E W A Y - Tram a C.G. transport solution!

Cities with 1million+ residents and Freeways have 2 major problems: pollution and rush hour congestion. Both problems need now not later solutions. Custodian Guardian have a solution. Freeway trams! Rail replacing individual transport and long haul Big rig haulage.

A Freeway has 3 lanes leading to the City center and 3 lanes leading away from the City center.

1st remove all cars, trucks and buses from the Freeway.

2nd lay tram tracks onto the freeway surface 2 each way.

The 2 tracks on the city bound side (>) of the Freeway are to be used by people mover trams. 1 track goes to the city and the other goes away from the City. The people

mover trams carry 300 plus commuters. They stop only at every Freeway exit. At the Exit stops commuters may transfer to a local commuter shelter, Shuttle 3 wheelers or walk.

The 2 tracks on the city away side (<) of the Freeway are to be used by freight mover trams. 1 track goes to the city. The other goes away from the City. The freight mover trams carry semi trailer sized loads; they only stop at every Freeway exit. At the Exit stops freight may transfer to a local freight center or Shuttle 3 wheelers. Extra large heavy goods use 4 (or more) wheelers.

Freeway Trams are a Shire Cluster CRON operation. 3wheelers that transport goods, people from trams. They are individuals or CRON.

What about the vehicles that are removed from the Freeway? Cars are a major polluter they are phased out (wreckers). Bulk freight is transported by tram, rail. Short haul freight uses Shuttle trucks. Big rigs are phased out (wreckers).

What about Toll-operators ? Toll-operators are Greedy Parasitic Profiteers; Highway robbery is a punishable crime, **MS/R6** Toll-operators have their assets seized and returned to the community with out compensation. All roads belong to Shire and are free to use.

All roads belong to all the people !

Public transport (both people and goods) is given preference.

3 WHEELS a C.G. transport solution!

Custodian Guardian support 3 wheel pedal transport for people, animal and goods movement. It is short distance transport within a Shire Oasis. It is used to pick up and deliver to Freeway Tram stops.

Transport wrongs !

Custodian guardian believe that the human body is not build for high speed travel. Therefore there is no need for speed. All high speed transport (air, land, sea) ends.

2 Wheels (an engineering mistake)

2 wheel transport is badly designed transport, a health hazard. It is used by cruel parents to hurt (make them ride and fall over) their children and make them miserable. 2 wheel transport drive up community health care costs.

Motorized 2 wheel transport comes in 2 versions: 'Dirt and Road'. The Dirt version is used to churn (vandalize) up the 'Habitat'. It's noise pollution frightens wildlife. The air pollution reduces breathable air. This Ends!

The Road version is used by anti social, anti community individuals. They use it to speed (they all do). They ride bikes to make excessive noise. There way of riding makes them a road nuisance. They increase the road deaths. They drive up community health care costs. They are a community pest! This Ends!

Motorcycle gang (see Vilonce, Gangs) consist of 2 or more riders. Gang members committing lawless behaviour are guilty by association (watching, participating, not there). Bike gangs are not acceptable. They are disbanded.

Manufacturing, retailing, using of all 2 wheel transport ends. All existing stock is crushed. Bad Parents get re educated, MS R1. Dirtbike assemblers and riders are Environmental Vandals, MS R7

2 wheel transport is replaced by non motorized 3 wheel transport.

Non government and non CROn air transport ends. No private air transport or private air transport licenses. Existing licenses are cancelled.

Non government and non CROn sea transport ends. No private sea transport or private sea transport licenses. Existing licenses are cancelled.

Private and domestic Moterized land transport is restricted and phased out. High performance and luxury vehicles are confiscated, crushed. Production ends.

Burning smoking BBQ's, 'End! Out door heating, 'End's'! Cold outside wear warmer cloth. Or go inside. Using outdoor heating is, Environmental Vandalism, **MS R7**.

Communities create fresh water reservoirs. Reservoir should be deep rather than shallow. Deep water is cooler, reducing evaporation, algae growth especially the poisonous type and insect infestation. Water sports are prohibited to stop urinating, menstruating and pooing into water (turning water into sewerage).

Water craft (jet ski, motorboats..) pollute (gasoline, oil, battery acid..) they are banned! Exception: Park Ranger transport.
