

Jelly Bean Contest!

It's that time again!!! Every time you come in from March 19th to March 31st, you will have a chance to guess the number of jelly beans in the container! The person who guesses the closest without going over, will win a prize!

A bird sitting in a tree is not afraid of the branch breaking, because her trust is not in the branch, but in her own wings.

SECURITY NOTICE

VIDEO SURVEILLANCE
IN USE ON THESE
PREMISES

In the coming weeks you will see security cameras being installed at the Strauss Chiropractic Center. I want to take a moment and explain my thoughts in having them installed but should any questions remain regarding the matter, please do not hesitate to discuss the matter with me directly.

First and foremost nothing is changing about the way we do business. The cameras are being installed because on multiple occasions recently, people have attempted to stick their hands in the box and steal money. I am very willing to help people get the chiropractic care they need and all of us here at the Strauss Chiropractic Center make some sacrifices so that as many people as possible can benefit from regular ongoing chiropractic care in our office. However, I will not be so brazenly taken advantage of and I feel an obligation to protect myself and those I employ in this manner.

Secondly, the cameras will not be recording your activity at the debit machine. You need not fear that your card or pin number will be compromised in any way. However, there has also been a significant increase in the number of apparent errors while using the debit machine. Kindly insure that your payment is correct before hitting ok. Error is the only way to explain any payment of less than a dollar (for example: \$0.77, \$0.20 or \$0.01). If this becomes an ongoing practice, I will be forced to change the procedure for payment with the machine. I am sure you understand.

Lastly, I realize that the vast majority of the members of our practice are wonderful, generous, loving people and their families who greatly appreciate the service we provide here. As such, I hope you will all appreciate the position I am in and work with me to continue to make the Strauss Chiropractic Center the one-of-a-kind, truly impactful chiropractic office that it has been for the last 50 years.

With gratitude and love,
Dr. Judy!
