

*Welcome to our school website. We are Megan and Ben and we are in Year 6. We are the school councillors and the 5 PITS PARTNERSHIP councillors and we would like to tell you why we like our school so much!*

*At this school everyone is treated fairly and we get educated to the levels that we are meant to be at. We have two age groups in the same class - that means we can bond with children not at the same age as us.*

*We have freshly cooked meals from our kitchen (it was built in 2016) and at dinner times we are allowed in the school MUGA. We take any concerns seriously such as bullying or making fun of people and we have lots of adults we can go to for help.*

*The teachers are really helpful and caring - so is our Head teacher - and we think that if you came to our school you would really enjoy it.*

*Thanks for reading our information about why we like our school so much.*

*From Ben and Megan*
