CHESS SUPERSITE CORPORATION
NOTES TO THE CONDENSED FINANCIAL STATEMENTS (UNAUDITED)
AS OF JUNE 30, 2015

1. Organization, Nature of Business, Going Concern and Management Plans

Organization and Nature of Business

Chess Supersite Corporation (formerly River Run Acquisition Corporation) ("Chess Supersite" or "the Company") was incorporated on July 2, 2013 under the laws of the state of Delaware to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. The Company has been in the developmental stage since inception and its operations to date have been limited.

In May, 2014, the Company effected a change in control by the redemption of the stock held by its original shareholders, the issuance of shares of its common stock to new shareholders, the resignation of its original officers and directors and the appointment of new officers and directors.

On July 6, 2015, the Company filed its form S-1/A, to amend its form S-1 previously filed on January 26, 2015 and December 11, 2014. The prospectus relates to the offer and sale of 1,500,000 shares of common stock (the "Shares") of the Company, \$0.0001 par value per share, offered by the holders thereof (the "Selling Shareholder Shares"), who are deemed to be statutory underwriters. The selling shareholders will offer their shares at a price of \$0.50 per share, until the Company's common stock is listed on a national securities exchange or is quoted on the OTC Bulletin Board (or a successor); after which, the selling shareholders may sell their shares at prevailing market or privately negotiated prices, including (without limitation) in one or more transactions that may take place by ordinary broker's transactions, privately-negotiated transactions or through sales to one or more dealers for resale.

On July 13, 2015, the Company received a notice of effectiveness from the SEC for the registration of its shares.

Going Concern and Management Plans

The Company has not yet generated any revenue since inception to date and has sustained operating losses during the six months ended June 30, 2015. The Company had working capital deficit of \$502,780 and an accumulated deficit of \$583,225 as of June 30, 2015. The Company's continuation as a going concern is dependent on its ability to generate sufficient cash flows from operations to meet its obligations and/or obtaining additional financing from its members or other sources, as may be required.

The condensed unaudited financial statements have been prepared assuming that the Company will continue as a going concern; however, the above condition raises substantial doubt about the Company's ability to do so. The condensed unaudited financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern.

In order to maintain its current level of operations, the Company will require additional working capital from either cash flow from operations or from the sale of its equity. However, the Company currently has no commitments from any third parties for the purchase of its equity. If the Company is unable to acquire additional working capital, it will be required to significantly reduce its current level of operations.

2. Summary of Significant Accounting Policies

Basis of Presentation

The unaudited condensed interim financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") for interim financial information and the rules and regulations of the SEC and are expressed in US dollars. Accordingly, the unaudited condensed interim financial statements do not include all information and footnotes required by US GAAP for complete annual financial statements. The unaudited condensed interim financial statements reflect all adjustments, consisting of only normal recurring adjustments, considered necessary for a fair presentation. Interim operating results are not necessarily indicative of results that may be expected for the year ending December 31, 2015 or for any other interim period. The unaudited condensed interim financial statements should be read in conjunction with the audited financial statements of the Company and the notes thereto as of and for the year ended December 31, 2014.

CHESS SUPERSITE CORPORATION
NOTES TO THE CONDENSED FINANCIAL STATEMENTS (UNAUDITED)
AS OF JUNE 30, 2015

Use of Estimates

The preparation of the unaudited condensed interim financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the unaudited condensed financial statements and the reported amounts of revenues and expenses during the reporting periods. Estimates may include those pertaining to accruals. Actual results could materially differ from those estimates.

Recently Issued Accounting Standards – Not adopted

From time to time, new accounting pronouncements are issued by the Financial Accounting Standards Board (FASB) or other standard setting bodies that are adopted by the Company as of the specified effective date.

In August 2014, the FASB issued ASU 2014-15, *Presentation of Financial Statements – Going Concern*, which will require an entity's management to assess, for each annual and interim period, whether there is substantial doubt about the entity's ability to continue as a going concern within one year of the financial statement issuance date. The definition of substantial doubt within the new standard incorporates a likelihood threshold of "probable" similar to the use of that term under current GAAP for loss contingencies. Certain disclosures will be required if conditions give rise to substantial doubt. The guidance will be effective for the Company beginning with fiscal year 2017. Early adoption is permitted. The Company is currently evaluating the impact that this amended guidance will have on its financial statements and related disclosures.

On April 7, 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-03, Interest - Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs. The amendments in this ASU require that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts and the accounting for debt issue costs under IFRS. The recognition and measurement guidance for debt issuance costs are not affected by the amendments in this ASU. The amendments in this Update apply to all companies. They become effective for public business entities in the annual period ending after December 15, 2015, and interim periods within those fiscal years, with early application permitted. The Company is currently evaluating the impact of this accounting standard.

Recently Adopted Accounting Standards

In June 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-10, "Development Stage Entities". The amendments in this update remove the definition of a development stage entity from the Master Glossary of the ASC thereby removing the financial reporting distinction between development stage entities and other reporting entities from U.S. GAAP.

In addition, the amendments eliminate the requirements for development stage entities to:

- a) present inception-to-date information in the statements of income, cash flows, and shareholder equity,
- b) label the financial statements as those of a development stage entity,
- c) disclose a description of the development stage activities in which the entity is engaged, and
- d) disclose in the first year in which the entity is no longer a development stage entity that in prior years it had been in the development stage.

The amendments in this update are applied retrospectively. The early adoption of ASU 2014-10 is permitted, which removed the development stage entity financial reporting requirements from the Company. The Company adopted ASU 2014-10 as of December 31, 2014.

3. Shareholder Advances

Shareholder advances represent expenses paid by the owners from personal funds. The amount is non-interest bearing, unsecured and due on demand. Amount advanced during the three and six months ended June 30, 2015 was \$43,878 and \$100,012 respectively. The amount of advance as at June 30, 2015 was \$128,251 (December 31, 2014: \$28,239).

CHESS SUPERSITE CORPORATION
NOTES TO THE CONDENSED FINANCIAL STATEMENTS (UNAUDITED)
AS OF JUNE 30, 2015

4. Stockholders' Deficit

The Company's authorized capital stock consists of 100,000,000 shares of common stock. At June 30, 2015, there were 6,900,000 shares of common stock issued and outstanding (at December 31, 2014: 6,900,000 shares of common stock issued and outstanding).

Capitalization

The Company is authorized to issue 100,000,000 shares of common stock, par value \$0.0001, of which 6,900,000 shares are outstanding as of the date of this report. The Company is also authorized to issue 20,000,000 shares of preferred stock, par value \$0.0001, of which no shares were outstanding as of the date of filing of this report.

Holders of shares of common stock are entitled to one vote for each share on all matters to be voted on by the stockholders. Holders of common stock do not have cumulative voting rights.

Subject to preferences that may be applicable to any outstanding shares of preferred stock, the holders of common stock are entitled to share ratably in dividends, if any, as may be declared from time to time by the board of directors in its discretion from funds legally available therefor.

Holders of common stock have no pre-emptive rights to purchase the Company's common stock. There are no conversion or redemption rights or sinking fund provisions with respect to the common stock. The Company may issue additional shares of common stock which could dilute its current shareholder's share value.

Preferred Stock

Shares of preferred stock may be issued from time to time in one or more series as may be determined by the board of directors. The board of directors may fix the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions thereof without any further vote or action by the stockholders of the Company, except that no holder of preferred stock shall have pre-emptive rights. Any shares of preferred stock so issued would typically have priority over the common stock with respect to dividend or liquidation rights. The board of directors does not at present intend to seek stockholder approval prior to any issuance of currently authorized stock, unless otherwise required by law or otherwise.

5. Loss Per Share

FASB ASC 260, Earnings Per Share provides for calculations of "basic" and "diluted" earnings per share. Basic earnings per share includes no dilution and is computed by dividing net income (loss) available to common stockholders by the weighted average common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of an entity similar to fully diluted earnings per share. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The information and financial data discussed below is derived from the unaudited condensed interim financial statements of the Chess Supersite Corporation ("we," "us" or the "Company") for the three and six months ended June 30, 2015 and were prepared and presented in accordance with generally accepted accounting principles in the United States.

Forward Looking Statements

Some of the statements contained in this Quarterly Report on Form 10-Q that are not historical facts are "forward -looking statements" which can be identified by the use of the terminology such as "estimates," "projects," "plans," "believes," "expects," "anticipates," "intends," or the negative or other variations, or by discussions of strategy that involve risks and uncertainties. We urge you to be cautious of the forward-looking statements, that such statements, which are contained in this Quarterly Report, reflect our current beliefs with respect to future events and involve known and unknown risks, uncertainties and other factors affecting our operations, market growth, services, products and licenses. No assurances can be given regarding the achievement of future results, as actual results may differ materially as a result of the risks we face, and actual events may differ from the assumptions underlying the statements that have been made regarding anticipated events. Factors that may cause actual results, our performance or achievements to differ materially from those contemplated by such forward-looking statements include without limitation:

- Our ability to raise capital when needed and on acceptable terms and conditions;
- Our ability to attract and retain management;
- Our ability to enter in to long-term supply agreements for the mineralized material;
- General economic conditions; and
- Other factors discussed in Risk Factors.

All forward looking statements made in connection with this Quarterly Report that are attributable to us or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. Given the uncertainties that surround such statements you are cautioned not to place undue reliance on such forward looking statements.

Overview

Chess Supersite Corporation (formerly River Run Acquisition Corporation) ("Chess Supersite" or "the Company") was incorporated on July 2, 2013 under the laws of the state of Delaware to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. The Company has limited operations to date. The company was formed to provide a method for a foreign or domestic private company to become a reporting company with a class of securities registered under the Securities Exchange Act of 1934.

The Company registered its common stock on a Form 10 registration statement filed pursuant to the Securities Exchange Act of 1934 (the "Exchange Act") and Rule 12(g) thereof. The Company files with the Securities and Exchange Commission periodic and current reports under Rule 13(a) of the Exchange Act, including quarterly reports on Form 10-Q and annual reports Form 10-K.

In May, 2014, the Company effected a change in control by the redemption of the stock held by its original shareholders, the issuance of shares of its common stock to new shareholders, the resignation of its original officers and directors and the appointment of new officers and directors.

The Company issued 1,000,000 shares of its common stock pursuant to Section 4(2) of the Securities Act of 1933 at par representing 66.7% of the total outstanding 1,500,000 shares of common stock as follows:

500,000	Rubin Schinderman
500,000	Alexander Starr

With the issuance of the 1,000,000 shares of stock and the redemption of 20,000,000 shares of stock, the Company effected a change in its control and the shareholder(s) elected new management of the Company. The Company changed its name as part of the change in control.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

Business and Plan of Operations

The Company is designed to become an online chess site featuring sophisticated playing zone, game broadcasts with software analyses and top analysts' commentaries, education and other chess oriented resources. With the availability of global high speed Internet access, the Company anticipates that it will be able to deliver a high quality product featuring broadcasts of top worldwide games, education, interactivity, playing and other services.

The Company believes that chess players have two major needs: (1) to play against each other and (2) to watch games of top players including Grandmasters. The viewing of chess games is particularly adaptable to the Internet to allow for real time or archived viewing while enjoying the comments, announcements and analyses of top experts. The Company anticipates that the playing zone will utilize two-level architecture allowing thousands of users to watch and play as individuals and/or as teams. Web-based services designed for browsers and table computers will be the project's centerpiece and main point of focus. The Company anticipates that such an Internet site will have a great appeal to the vast worldwide chess playing population.

The Company, acquired certain assets (the "Acquisition") of Chess Supersite, Inc., a corporation existing under the laws of Ontario, Canada. The Acquisition was consummated pursuant to the terms of the Asset Purchase Agreement (the "Agreement") dated July 23, 2014 and in exchange for the issuance of 5,000,000 shares of common stock to Chess Supersite, Inc. The purpose of the Acquisition was to develop the Company's business and build substantive operations from this initial base of assets, as well as to facilitate and prepare the Company for a registration statement and/or public offering of securities. On December 11, 2014 the Company filed a form 8-K, changing the status of the company from shell to operating.

The Company had not generated revenues and had no income or cash flows from operations since inception. The Company's independent auditors have substantial doubt about the Company's ability to continue as a going concern. At present, the Company has no revenues and the continuation of the Company as a going concern is dependent upon financial support from its stockholders and its ability to obtain necessary equity financing to continue its operations.

Currently, the Company is in the process of completing its comprehensive user friendly web site and has secured the domain name Chesscoliseum.com which is ready for its Beta release. The portal is going through extensive testing by our professionals and public-at-large with the very positive results. The management is considering the exact date (early September) of the public release, the program for the opening date (matches, tournaments, chess skilled contests), incentives for the public (such as 1 year free Platinum Membership to those registered under their real names) etc. The Company is also involved in negotiations with the top World's Grandmasters to get involved as members of the advisory board, commentators, and as event programming managers, etc.

On July 6, 2015, the Company filed its form S-1/A, to amend its form S-1 previously filed on January 26, 2015 and December 11, 2014. The prospectus relates to the offer and sale of 1,500,000 shares of common stock (the "Shares") of the Company, \$0.0001 par value per share, offered by the holders thereof (the "Selling Shareholder Shares"), who are deemed to be statutory underwriters. The selling shareholders will offer their shares at a price of \$0.50 per share, until the Company's common stock is listed on a national securities exchange or is quoted on the OTC Bulletin Board (or a successor); after which, the selling shareholders may sell their shares at prevailing market or privately negotiated prices, including (without limitation) in one or more transactions that may take place by ordinary broker's transactions, privately-negotiated transactions or through sales to one or more dealers for resale.

On July 13, 2015, the Company received a notice of effectiveness from the SEC for the registration of its shares.

Results of Operations

We have not generated significant revenue to date and consequently our operations are subject to all of the risks inherent in the establishment of a new business enterprise. Our analysis on the performance of the Company is as follows:

Balance sheet – As at June 30, 2015 and December 31, 2014

Cash

At June 30, 2015 the Company had cash of \$2,430 compared to \$1,084 as at December 31, 2014. The increase is due to funds contributed by shareholders offset by payment of software development and consulting expenses and professional and legal expenses during the period.

Accounts payable and accrued liabilities

At June 30, 2015 the Company had \$376,959 of accounts payable and accrued liabilities as compared to \$251,397 as at December 31, 2014. The increase of \$125,562 primarily represents management fee for two employees amounting in total to \$150,000, professional charges amounting to \$10,000 and rent amounting to \$3,000 partially offset by existing outstanding amounts paid for software development and consulting expenses amounting to \$38,000.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

Statement of Operations – For the three and six months June 30, 2015 and 2014:

Expenses

Our expenses are classified primarily into salaries and wages, legal and professional fees, software development expense and website development and marketing expense. The significant increase in overall expenses for the three and six months ended June 30, 2015 compared to 2014 is due to the company's limited operations in the comparative period. Expenses for the six months ended June 30, 2015 primarily represented salary for two employees amounting in total to \$152,973, legal and professional charges of \$29,391 comprising audit, accounting and Edgar agent fee, software development expense of \$20,000, website development expense amounting to \$13,650, rent amounting to \$6,000 and office and general expenses of \$1,369.

Liquidity and Capital Resources

At June 30, 2015, the Company had a working capital deficit of \$502,780. The Company is actively seeking various financing operations to meet the working capital requirements.

To date we have relied on third parties to provide financing for our operations by way of private placements. The proceeds may not be sufficient to effectively develop our business to the fullest extent to allow us to maximize our revenue potential, in which case, we will need additional capital.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to stockholders.

Critical Accounting Policies

Critical accounting policies are described in the Company's Form 10-K for the year ended December 31, 2014.

Subsequent Events

We have evaluated subsequent events through the filing date of these financial statements and have determined that there are no material subsequent events to report.

Description of Property

Our principal executive office is located at 1131A Leslie Street, Suite 101, Toronto, Ontario, Canada, M3C 3L8.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Smaller reporting companies are not required to provide the information required by this item.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of disclosure controls and procedures

Pursuant to Rule 13a-15(b) under the Securities Exchange Act of 1934 (“Exchange Act”), the Company carried out an evaluation, with the participation of the Company’s management, including the Company’s principal executive officer and principal financial officer of the effectiveness of the Company’s disclosure controls and procedures (as defined under Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this report. Based upon that evaluation, the Company’s principal executive officer and principal financial officer concluded that the Company’s disclosure controls and procedures were not effective as of June 30, 2015 to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act (i) is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms and (ii) is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

Changes in internal controls

No change in our system of internal control over financial reporting occurred during the three months ended June 30, 2015 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

There are no legal proceedings against the Company and the Company is unaware of such proceedings contemplated against it.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On July 9, 2013, the Company issued 20,000,000 common shares to two directors and officers for \$2,000 in cash. CERTIFICATION PURSUANT TO SECTION 302

I, Rubin Schindermann, certify that:

1. I have reviewed this Form 10-Q of Chess Supersite Corporation (formerly River Run Acquisition Corporation).
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluations; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
