

## TOTAL BROADWAY KSMT's Premier Training Program

Total Broadway is constructed to shape Musical Theater enthusiasts into reliable & intelligent "triple threat" performers who have versatile abilities. The curriculum & structure itself is designed & carried out by experienced "triple threat" professionals of the entertainment industry.

Students in this program meet weekly to receive core & enriched curriculum; focusing on all three Musical Theater disciplines: Dance, Voice, & Acting. Performance skills & rehearsal etiquette are also heavily integrated into the program through Showcase Class. Its professionally-modeled rehearsal atmosphere gives students the confidence & communicational tools needed to build thriving professional relationships with choreographers, directors, music directors, & fellow cast-mates. Showcase Class also prepares the performers for their momentous bi-annual Showcase performances!

The Total Broadway program is divided into three main levels & multiple sub levels: *Foundations*, *Pre-Conservatory*, & *Conservatory*

### **Foundations** (by age group)

This level has no-prerequisites or requirements & is open to students of all ages & levels of experience. Simply enroll according to the student's corresponding age group in the Junior/Senior divisions.

### **Pre-Conservatory 1 & 2 and Conservatory 1 & 2**

These levels of intense study involve the pre-requisite of a formal evaluation and invitation by the Education Director. A Sept-May commitment, enrollment in a KSMT Ballet course, & participation in both Showcase performances are also required.

If you are a new student wishing to be considered for acceptance into the Pre-Conservatory/Conservatory programs, please contact the main office to set up a formal evaluation. Continuing students are observed throughout the year, formally evaluated yearly in all enrolled courses, & receive placements in June/July.

### NOTES ABOUT PLACEMENTS

The process of fully understanding and acquiring the ability to learn and execute proper techniques, methods, terminology, and language takes more time than expected. In most cases, students and professionals devote a couple of years of study in the same level in order to develop a consistent and healthy skillset within each art-form (Voice, Acting, and Dance) before progressing. In KSMT's efforts to help students embrace their placements, it is helpful to remind them that Musical Theater involves the training time of three individual disciplines that is shared over the course of each week. Therefore, it takes more time to master being a well rounded performer.

### NEW STUDENTS PLACEMENTS

New students with 2 or less years of training in an interested discipline should enroll in basic levels (Launch/Level 1/Level 1a/ Foundations) within their correlating age division. Evaluations will be made in class during the student's first 2 weeks of training. If an adjustment in placement needs to be made, student/parents will be notified by the office.

New students with 3+ recent years of training in an interested discipline can enroll in any basic level class (Launch/Level 1/Level 1a/ Foundations) for in-class evaluation. If a new student believes their previous recent training may qualify them for the more advanced levels and would like to be considered for higher level placement, they may set-up a formal evaluation with the office or during open house to demonstrate their acquired technical skills/methods/intellect. Tuition is paid monthly from September-May. Musical tuition is paid over four months. Please review new Attendance Policy & Refund Policy
