

## Abby's Tennis Balls!

Abby loves to play with tennis balls.

Today, she has 10 tennis balls in a bucket.

Roll the dice to find out how many tennis balls that Abby will play with today.

- Record what happens:  $10 - 4$  makes 6 tennis balls left in the bucket.
- Prove it!  $10 - 4 =$  because  $4 + 6 = 10$
