Make sure your dog has a name tag with your contact details on a collar. This is required by law.

The Control of Dogs Order 1992 states that 'any dog in a public place should wear the name and address of the owner either inscribed on the collar or a name plate or disc attached to it' Please ensure that your equipment is fitted securely and will not slip over your dog's head.

CONDUCT EXPECTED OF ALL HANDLERS & THEIR DOGS

Please keep your dog under close control when working on and off lead. All dogs must be kept on-lead at all times, except when required by your instructor to be off-lead. Harsh handling of dogs, check chains, and the various punishment collars (e.g. citronella), water spray bottles, rattle cans are not permitted.

Please allow sufficient space between dogs in class so as not to provoke any unwanted aggression. Do not allow your dog to stare into other dog's eyes. If there is a risk that your dog may bite another if it enters their space, then you may be asked to muzzle your dog with a muzzle in between exercises.

Extremely aggressive dogs will not be allowed at group sessions. Do not treat other people's dogs without their permission. Ask before handling and approaching other people's dogs.

Other handlers must be able to hear the class instructor, so please focus on your dog and don't let it bark continually. Don't worry though as we will help you with this. Some dogs do not cope well in class situations. If it is decided that the class is not for your dog, then you will be offered alternative training.
