

David George

It is with deep sadness I report the passing after a short illness of my dear friend and dance partner David George.

David lost his wife Pat the same year that I lost my Ray, so although we knew each other already, we then started dancing together. We danced regularly at Abbots Langley Club until this year when the pandemic began. We also danced when possible at East Grinstead Club.

I will really miss David - our chats, our laughter together, but most of all his kindness not just to me, but to everyone he knew.

Carol Hatswell

Obituary - I have just been informed of the passing of David George, of Hillingdon, Middlesex, in hospital on 14th September. David had been in hospital for about a month suffering from a very aggressive cancer. Our thoughts are very much with his dancing partner Carol at this sad time; he will be greatly missed by all who knew him from the dances in the Home Counties that he attended with Carol. They were also great supporters of all the Old-time dancing holidays as well as the East Grinstead and Normandy dances. I add my condolences to Carol. President Fred.
