This World is Yours

I know this world seems so big
 And everything seems so out of reach
 The sky is high and the walk is wide
 You've just don't know
 What you got yet
 It's in the palm of your hands
 It's right in front of where you stand
 If you believe, everything you dream
 Will come true
 If you can love no matter how you hurt,
 Love will come back to you.
 This world is yours

At times I know it's going to be hard
 When you think you can't go on
 But there's a plan for you,
 Just let your heart follow through
 Come on, I promise you can do it all
 Cause when you fall, you can always start again
 Your future right in front of where you stand
 If you believe, everything you dream will come true
 If you can love, no matter how it hurts
 Love will come to you
 This world is yours

Climb a mountain, cross the ocean
 Sail the river until it open
 Make good friends, listen hard
 Let it out, and dance on
 If you believe
 Everything you dream will come true
 If you can see there's nothing
 That can be too big for you
 If you can see, if you can believe
 If you can dream, this world is yours....
