TRANSPONDER ORDER FORM

YOU ASKED FOR IT - TRANSPONDERS ARE COMING!!

The SoCal MX Series is pleased to announce we will be utilizing transponders for scoring races beginning with Round 3 at Glen Helen on July 9, 2017. Most promoters and tracks now use the My Laps Sports Timing program integrating with the Trackside Scoring program. This Series has used Trackside with manual scoring since the summer of 2011. Most MX promoters and MX tracks already use these same transponders. You quite possibly either already own one, or rent them from the various events that are put on by TWMX, Glen Helen, Old Timers, OTHG, Loretta's etc. If you already own one, the process is easy. Simply bring it to sign-ups with you so we may record the transponder number. If you don't already own one, purchasing one for your own use will make your racing life much easier, and again, it can be used at any event where My Laps is used. By purchasing outright, you eliminate the per-event transponder rental fee. We will have some transponders on hand for on-site rental purposes with ID and a credit card. We will be requiring transponders beginning in select race classes and adding more classes as the Summer Series progresses.

Below is pertinent information as to how this affects YOU our racers.

- Pre-orders are open NOW!
- Regular price is \$103.00. Pre-order cost to you is offered at a \$13 discount for \$90.00.
- Save money overall by purchasing your own
- Pre-order your transponder by calling (805) 531-9551 or emailing socalmxseries@gmail.com
- Classes we will begin using transponders with at round 3 are the 250cc class, the ATV's and the 51cc racers. If you race these classes, plan on purchasing your transponder
- Rental fee will be \$10 PER EVENT. Transponders will be rented during Saturday and Sunday sign-ups and must be returned immediately after your last race on Sunday
- Lost rental transponder will pay a \$100 replacement fee
- Credit cards and PayPal accepted
