

Center Of Michigan Beekeepers

Dr. Kirsten Traynor

DESCRIPTION:

The Center of Michigan Beekeepers (COMB) is excited to offer a co-sponsored seminar with MSU Extension event featuring guest speaker of Flickerwood Apiary in Maryland. Kirsten received the prestigious German Chancellor Scholarship from the Humboldt Foundation in 2006–2007, annually awarded to ten American leaders in their field. She drove over 50,000 miles throughout Western Europe to study the differences between European and American beekeeping, reporting her findings through 50+ published articles in national and international magazines. At the same time she interviewed scientists and medical doctors, gathering information for her book: *Two Million Blossoms: Discovering the Medicinal Benefits of Honey*. Follow her on [Facebook](#) or Twitter [@FlowersLoveBees](#).

RECOMMENDED READING:

- ❖ Two Million Blossoms: Discovering the Medicinal Benefits of Honey (\$19.95)
- ❖ Simple, Smart Beekeeping (\$34.5)

“After hearing her varroa talk, I cut out and carefully inspected my drone brood. I couldn't believe how many mites I found.”

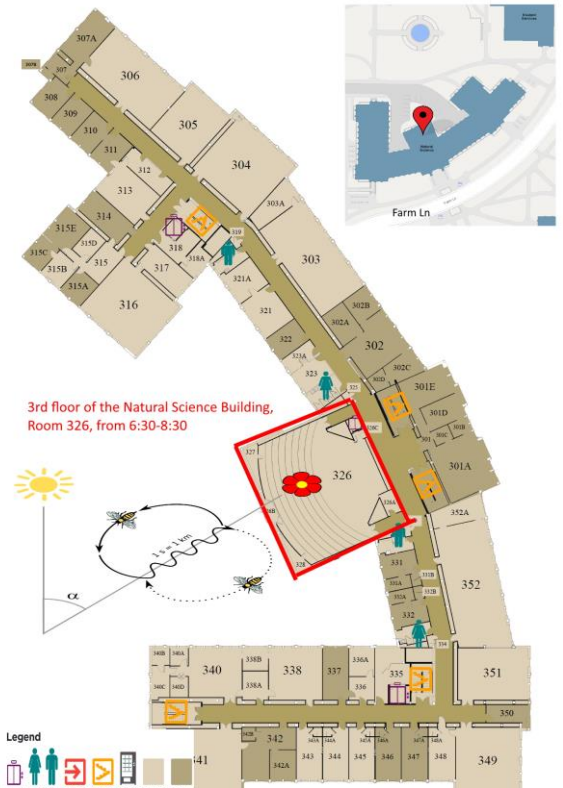

LOCATION:

MSU Campus

Natural Science Building, Room 326, 288 Farm Ln, East Lansing, MI 48824-5600

Beekeeping Seminar: Kirsten Traynor, PhD, Biology, Arizona State University

March 9, 2020 6:30PM – 8:30 PM

Michigan State University (MSU) Extension helps people improve their lives by bringing the vast knowledge resources of MSU directly to individuals, communities and businesses. MSU Extension is organized into four main programming focus areas -- Agriculture & Agribusiness; Children & Youth; Community, Food & Environment; and Health & Nutrition.

Membership runs from January to December. The region served by the Club shall be, but not restricted to, the Michigan counties of Ingham, Clinton, Eaton, Jackson, and Livingston.
