Vegetables

Countertops

Kitchen Utensils

Kitchen equipment

RECOMMENDED DOSAGE

For general use:

Dilute 1 tablet with 5 liters of water.

For heavy duty cleaning:

Dilute 2 tablets with 5 liters of water.

For salad/vegetable washing:

Dilute 1 tablet in 5 liters of cold water.

USE

For general use: Apply with a mop, sponge, cloth or spray bottle. Allow 5 minutes contact time before cleaning and rinsing with fresh water.

For heavy duty cleaning: Apply with a mop, sponge, cloth or spray bottle. Allow 5 minutes contact time before cleaning and rinsing with fresh water.

For salad/vegetable washing: Ensure tablet is fully dissolved before adding salad/vegetables. Allow 10 minutes contact time, then remove from the solution and rinse thoroughly in potable water.
