

TO THE HERSHEY COMPANY, HERSHEY, PA:

WE ARE AWARE THAT: Hershey is one of the largest producers of chocolate in North America; most US chocolate comes from several areas in West Africa where millions of children and cocoa producing farmers work with little or no pay, and face illnesses and abuses without recourse; and, many cocoa farmers are unable to organize for better working conditions.

OUR CONCERN IS THAT: Despite Hershey's claims of attempts to end child labor, labor trafficking, and the horrible working conditions within the cocoa industry, the fact is since 2001 to 2016 just 50% of your cocoa is being certified by a third-party.

WE URGE HERSHEY TO: Continue to seek third-party certification (Fair Trade) as being free of child labor/good standards (sustainability) for all of Hershey's chocolate products, and aggressively adhere to your timeline with regular public updates to meet the goal of 100% sustainability by 2020.

Thank you for your efforts and consideration in this matter.
