Minutes from March 14, 2023:

- Minutes from March 14, 2023 were approved by the Board unanimously.

Patrick Travers-GPI:

- Patrick Travers joined the meeting to discuss the Preliminary Plans phase of the bridge project, which is 60% of the project readiness to start constructing. He stated that they seem to be right on schedule and should have the final plans as early as June 2023. The Board reviewed the plans and the 3 changes that had been made. The Board had a few concerns and questions which Patrick will take with him to get answered. He will report back as soon as he has the answers. The Boards main concern was the signage for the detour. The Board all agreed that everything else was good with the plans.

LED Sign Update:

- Becky updated the Board of the email she received from the second sign company. The sign is about \$4000.00 dollars more than the first one they discussed , also smaller , but with better pixels. The Board would like to think on this a little before making their final decision.

Other Business:

- Keri & Ben Willey joined the meeting on behalf of F.O.L.K.. They asked the Boards permission to build a space inside of the Town Baseball field snack shack for storing materials for F.O.L.K. The Board felt that there was plenty of room for what they wanted to do with the plans that were shown by Ben Willey. The Board gave permission unanimously to go ahead with the project.
- Christy presented the NEKCUD Town Representative renewal to the Board. They all agreed that we would appoint the same two people who have been doing it right along since they have both been doing a wonderful job keeping up with the current information. The Board Chair signed the approved document of appointment.
- The Board discussed the wording for the New Treasurer Ad.
- Truck weight permits were approved and signed by the Board for the following: **Calkins, Consolidated Communications, S.D. Ireland, Desrochers Excavating, Inc., Harrison Redi-Mix Corp., Camp Precast Concrete products, Inc., Beacon Sales Acquisitions, Casella, & Wind River Environmental, LLC.**
- The Board discussed some of the new things they learned in the training they had attended. They would like the Clerk to implement one of the things they learned on properly posting agendas, by adding Additions and Deletions to the beginning of the agenda. The Clerk agreed to add it to the agenda being that it is part of proper meeting law.
