Queen File' XVII, LuLu

Queen Lucy, LuLu, is the canine daughter of Jim and Ginger Gibson and the baby sister of Isabella, Queen Filet the XVI. These two beautiful queens are inseparable and form a dynamic duo. After viewing her sister's reign in the 2014 Krewe des Chiens' parade while being pulled by her grandparents in a humble child's wagon, Lulu looks forward to being able to reign over the parade from a convertible. Having never met a person who LuLu believed had anything but a kind petting hand for her, she barrels through life with an indomitable spirit. Lulu enjoys family nights with her sister lying next to a fireplace while enjoying the full flavor of a properly aged rawhide. LuLu is lovable and gives all she has to show her gratitude for her adoptive family. She is grateful for her life and so happy to be a part of this joyous celebration. Her hope is all God's creatures have caring people in their lives. LuLu is truly honored to represent the Krewe des Chiens as its Queen.
