## Sample Values List

### INSTRUCTIONS

- Your Values are what is important to you in life. Knowing your Values helps you understand what drives you – what you enjoy, inspires you and would like more of. By **building a life and lifestyle around our values** we create a **life that is more satisfying and meaningful** to us.
- NB. Values change over time, and deepen as you understand yourself better – they are always moving. Your Values can also be situational - so what is true for you at work may not be true for you at home.
- Finally, the Values "List" below is ONLY to give you some ideas of example or sample values. We are each unique, so there will undoubtedly be words that are missing from this list, and different words that sum up your Value better. If so, feel free to add those words to the list below.

**Remember:** When it comes to Values, there is no right or wrong – only who WE are!

*"It's important to be heroic, ambitious, productive, efficient, creative, and progressive, but these qualities don't necessarily nurture soul. The soul has different concerns, of equal value: downtime for reflection, conversation, and reverie; beauty that is captivating and pleasuring; relatedness to the environs and to people; and any animal's rhythm of rest and activity." Thomas Moore*
