16 Things Intern Group Talk

(Memorize or Read with Gusto!)

Hello,_____. My name is _____. I'm doing an Internship with "16 Things Kids Can Do" - It's a non-profit educational organization that works for the Betterment of Kids, People & The Planet through a series of books, workshops, programs and activities. The program is endorsed by Mark Victor Hansen who did the "Chicken Soup for the Soul" books along with Jack Canfield.

As part of my Internship program, I am helping Petition the President to declare August as "National Kids Month" and I need your help in signing our Petition form! (PASS OUT).

To raise awareness for the Petition Drive we're also shooting a Hip Hop Music Video that is a good-natured parody of the Ice Bucket Challenge! And in May we're putting on a 48-hour National Telethon!

I want to let you know that we have Internship, Work Experience and Career Track Programs in many disciplines year round.

We use an inter-disciplinary approach where every student gets communication, business, marketing, management, research, office technology, problem solving and time management training in addition to training in their specialty ... because these are the skills we need to be successful, both professionally and personally.

So it's really been a great learning experience for me. If anyone is interested check off the info on the sheet. I have cards here so you can go to our site too.

Again, my name is _____. Thanks for your time, and I hope you'll intern or volunteer with us!

Thank you, Prof. Xxxx.
