5C-3.001 Definitions.

For the purpose of this chapter, the definitions in Section 585.01, F.S., and the following shall apply:

(1) Accredited Veterinarian. A state licensed veterinarian accredited by the United States Department of Agriculture, Animal and Plant Health Inspection Service (USDA, APHIS) to perform certain functions of federal and cooperative state-federal programs in accordance with the provisions of 9 C.F.R. 161.1 (JAN 2018), incorporated in subsection 5C-4.0015(1), F.A.C.

(2) Administrator. The Administrator of USDA, APHIS or any person authorized to act for the Administrator.

(3) Animal(s). This term is as defined in Section 585.01(10), F.S., which provides that the term “animal” shall include wild or game animals whenever necessary to effectively control or eradicate dangerous transmissible diseases or pests which threaten the agricultural interests of the state.

(4) Approved Livestock Facility. A stockyard, livestock market, buying station, concentration point, or any other premises under State or Federal veterinary supervision where Livestock are assembled and that has been approved under 9 C.F.R. §71.20 (2018). 9 C.F.R. §71.20 (2018) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10862>.

(5) Approved Tagging Site. A site or location specifically approved by the Department in accordance with chapter 5C-31, F.A.C., to apply Official Individual Identification to cattle.

(6) Avian Influenza (AI) or Exotic Newcastle Disease (END) – Affected State. Any state in which AI subtypes H5 or H7 or END virus has been diagnosed in poultry within the last ninety (90) days prior to importation into Florida.

(7) Avian Influenza (AI) Approved Test. Antibody or antigen capture methodologies recognized by the National Poultry Improvement Plan (NPIP) and conducted at a laboratory approved to conduct such tests by USDA, APHIS.

(8) Cervidae Herd Health Plan. A Florida Department of Agriculture and Consumer Services (FDACS) disease surveillance plan for Cervids as defined and required in Chapter 5C-26, F.A.C.

(9) Cervids. Any farmed or captive member of the family Cervidae and hybrids, including deer, elk, moose, caribou, reindeer, and related species that are raised or maintained in captivity for the production of meat and other agricultural products, for sport, or for exhibition.

(10) Cleaned and Disinfected. Free of organic matter and disinfected in accordance with 9 C.F.R. §§71.7 and 71.10-71.12 (2018). 9 C.F.R. §§71.7 and 71.10-71.12 (2018) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10863>.

(11) Commuter Herd. A herd of cattle moved interstate during the course of normal livestock management operations without a change of ownership or comingling of cattle of different ownership directly between two premises, as provided in a commuter herd agreement. The Commuter Herd participating states are Alabama, Florida, Georgia, and Mississippi.

(12) Competitive Enzyme-linked Immunosorbent Assay (cELISA). A test that uses antibodies and color change to identify and quantify total antibodies in a sample.

(13) Department. The Florida Department of Agriculture and Consumer Services.

(14) Division. The Division of Animal Industry of the Florida Department of Agriculture and Consumer Services.

(15) “Domestic Animal” shall include any equine or bovine animal, goat, sheep, swine, domestic cat, dog, poultry, ostrich, emu, rhea, or other domesticated beast or bird.

(16) Domestic Fowl. Any member of the class Aves that is propagated or maintained under control of a person for commercial,

exhibition or breeding purposes, or as pets.

(17) Electronic Equine Infectious Anemia (EIA) Form (A.K.A. Coggins Form). An electronic version of a USDA, APHIS and Department approved EIA form which must be complete, legible, and accurate with a detailed description of the equine that the test record represents, including the breed registration number or registry tattoo, when applicable; the name of the equine; the age, breed, sex and color; all other distinctive markings, including markings on the legs and face, color patterns, body brands, scars, whorls and blemishes, and digital images of the Equine. The digital images must consist of three (3) color images to include a full view of both sides of the Equine and the face from above the ears to below the muzzle.

(18) Emergency Management Response Services (EMRS). A USDA, APHIS, web-based application for authorized users in the reporting of routine investigations of foreign animal diseases (FAD), surveillance and control programs, state specific disease outbreaks, and national animal health emergency responses (all-hazards).

(19) Endemic Disease. A disease will be characterized as an Endemic Disease in a particular locality, region, state, or U.S. possession based on known positive cases, prevalence of the disease, presence of competent vectors and/or evidence of natural transmission of the disease such that the disease is maintained in the population without external inputs.

(20) Equine. Any member of the family Equidae, including horses, mules, asses, and zebras.

(21) Equine Event Extension. A document accompanied by the original Official Certificate of Veterinary Inspection (OCVI), valid for six (6) months from the date of issuance, and proof of a negative EIA test within the previous twelve (12) months, is accepted by participating states for interstate movement.

(22) Equine Infectious Anemia (EIA). A viral disease of horses, commonly known as swamp fever, which is infectious and is spread primarily by bloodsucking insects. Transmission can also occur through transfer of infected blood by fomites, such as contaminated hypodermic needles and other instruments.

(23) Equine Interstate Passport. A card produced by the Department that serves as proof of negative EIA test and OCVI that is accepted by participating states for interstate movement.

(24) Exotic (virulent) Newcastle Disease (END) Approved Test. Antigen capture methodologies recognized by the National Animal Health Laboratory Network (NAHLN) and conducted at a laboratory approved to conduct such tests by the USDA, APHIS.

(25) Feeder Swine. A weaned gilt or barrow weighing forty (40) – eighty (80) pounds at six (6) – eight (8) weeks of age that is sold to be finished for slaughter.

(26) Feral Swine. Swine that have lived all (wild) or any part (feral) of their lives as free-roaming. This definition does not include those exotic swine maintained by a zoo or aquarium accredited by the Association of Zoos & Aquariums.

(27) Import, Imported, Importation. The movement of animals into Florida, from another state, United States (U.S.) possession, or foreign country.

(28) Lagomorph. Any member of the taxonomic order Lagomorpha.

(29) Livestock. Grazing animals, such as cattle, horses, sheep, swine, goats, other hoofed animals, ostriches, emus, and rheas which are raised for private use or commercial purposes.

(30) National Poultry Improvement Plan (NPIP). A cooperative state-federal-industry program for prevention and control of certain hatchery-disseminated diseases and for improvement of Poultry and Poultry Products as provided in 9 C.F.R. §§145-147 (2018). 9 C.F.R. §§145-147 (2018) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10899>.

(31) Official Certificate of Veterinary Inspection (OCVI). A legible record or certificate made on an official form from the animal's state of origin, issued and signed by veterinarians licensed and accredited in the animal's state of origin for the purpose of certifying the Official Individual Identification, test requirements, and health status of specific animals for movement, exhibition, and other designated purposes.

(32) Official Individual Identification. An individual animal identification that uniquely identifies the animal, the owner, the Premises where the animal was identified, and the state in which the Official Individual Identification was applied as referenced in 9 C.F.R. §86.1, 9 C.F.R. §86.1 (2018) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10864>.

(33) Owner-Shipper Statement. Any document signed by the owner or shipper as evidence of ownership or authority for possession of and for the transport of animals. Information required on the Owner-Shipper Statement is listed in subsection 5C-3.002(2), F.A.C.

(34) Permit for Movement of Restricted Animals, VS Form 1-27 (JUN 89). A permit issued by an employee of the state or federal government, or a licensed veterinarian accredited by the USDA, who is authorized to conduct animal disease control and eradication activities, prior to the interstate shipment of animals infected or exposed to dangerous transmissible regulated diseases, which shall include:

- (a) The number of animals to be moved;
- (b) The purpose for which the animals are to be moved;
- (c) The points of origin and destination; and,
- (d) The consignor and consignee.

Permit for Movement of Restricted Animals, VS Form 1-27 (JUN 89) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10865>.

(35) Poultry. Chickens, turkeys, quail, pheasants, chukars, peafowl, guineas, ratites and waterfowl. The term also includes other Domestic Fowl used for commercial, exhibition or breeding purposes, or as pets.

(36) Poultry and Eggs for Hatching Purposes. A specific designation of those species of Domestic Fowl and the qualified eggs produced by these fowl that are eligible for testing and qualification under the supervision of the National Poultry Improvement Plan (NPIP). This term is also referred to as Eggs for Hatching Purposes.

(37) Poultry Products. Hatching eggs, chicks, poults, litter, and offal, but not table eggs or processed poultry for human consumption.

(38) Premises. A location where animals are housed or kept.

(39) Premises Identification Number. A nationally unique number assigned by a state, tribal, and/or federal animal health authority to a Premises that is, in the judgment of such state, tribal, and/or federal animal health authority, a geographically distinct location from other Premises.

(40) Prior Permission Number. Specific permission granted by the State Veterinarian or Division representative prior to movement of certain animals and Poultry into Florida. A Prior Permission Number will be granted when the Division determines that the animal(s) meets the requirements of this chapter. When prior permission is required by this chapter, the Prior Permission Number must be written on the OCVI or on the Owner-Shipper Statement accompanying the animal(s). Such prior permission may be either written permission or issuance of a permission number requested by telephone, facsimile message, or email. A Prior Permission Number may be obtained by calling, faxing, or emailing the Division of Animal Industry during normal business hours.

Phone: (850)410-0900

Fax: (850)410-0946

Email: AnimalPermits@FDACS.gov.

(41) Pullorum-Typhoid (PT) Approved Test. Antibody or antigen capture methodologies recognized by the NPIP and conducted at a laboratory approved to conduct such tests by USDA, APHIS. The NPIP number of a registered flock will be recorded on this form titled, Poultry Testing, FDACS-09123, Rev. 09/17. Poultry Testing, FDACS-09123, Rev. 09/17 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10866>. The test results of Non-NPIP registered flocks will be documented on Poultry Testing, FDACS-09123, Rev. 09/17.

(42) Quarantine. Strict isolation on animals or premises or other defined geographic areas, to prevent the spread of diseases or pests.

(43) Rabbit Hemorrhagic Disease (RHD). A highly fatal hemorrhagic disease of rabbits and other lagomorphs caused by viruses in the family Caliciviridae, including Rabbit Hemorrhagic Disease Virus and Rabbit Hemorrhagic Disease Virus 2.

(44) Racing Pigeon. Racing Pigeons are homing pigeons used to race. The homing pigeon is a variety of domestic pigeon (*Columba livia domestica*) derived from the rock pigeon, selectively bred to find its way home over extremely long distances.

(45) Recognized Slaughtering Establishment. An animal slaughtering establishment operating under the provisions of the Federal Meat Inspection Act (21 U.S.C. §§601-695), or an equivalent in the animal's state of origin state meat inspection program.

(46) Restricted Animals. Animals that are quarantined, infected with, or exposed to any infectious or communicable disease.

(47) Service Animal. A dog or miniature horse as defined and limited in Sections 413.08(2)-(4), F.S.

(48) State Veterinarian. The Director of the Division of Animal Industry of the Florida Department of Agriculture and Consumer Services.

(49) Transitional Swine. Swine that have been, or have potentially been, exposed to Feral Swine.

(50) Triple Trunk Wash (TW) Culture. A direct test designed to detect viable *Mycobacterium tuberculosis* (Mtb) organisms via culture of material obtained from an elephant trunk wash. The recommended routine Mtb monitoring is an annual triple mycobacterial trunk wash culture. Each testing event should consist of three (3) independent collections on three (3) days within a one (1) week period. It is recommended that food and water be withheld from elephants for two (2) hours before the TW is performed to help minimize the contamination of the TW sample.

(51) Trichomoniasis Approved Test. Testing utilizing polymerase chain reaction (PCR) analysis performed on bovine preputial wash samples submitted by a Category II Accredited Veterinarian to an American Association of Veterinary Laboratory Diagnostics (AAVLD) accredited laboratory in accordance with protocols provided by the laboratory and consistent with national standards.

(52) USDA, APHIS. The United States Department of Agriculture, Animal and Plant Health Inspection Services.

(53) Vesicular Stomatitis (VS)-Affected State. Any state in which either of the VS virus serotypes New Jersey or Indiana have been diagnosed and one or more Premises is currently under state or USDA, APHIS quarantine.

(54) Working Dogs. Any dog in the possession of a federal, military, state or local governmental agency or private organization that is trained for the purpose of human search and rescue, body recovery, arson detection, bomb detection, narcotics detection, food and agricultural product detection, criminal apprehension, police assistance or other related purposes, whether in the performance of such tasks or while traveling to and from such tasks.

5C-3.002 General Requirements and Limitations.

(1) Official Certificate of Veterinary Inspection (OCVI) Required. Animals Imported into Florida must be accompanied by an OCVI unless exempted by this rule. The OCVI must be in the possession of the driver of the vehicle or person otherwise in charge of the animals. The OCVI must accompany the animals to their final destinations in Florida.

(a) Information Required. The OCVI must be legible and fully completed by the issuing Accredited Veterinarian and must include the following:

1. The name and address of the consignor;
2. The name and address of the consignee;
3. The physical address and Premises Identification Number of the point of origin, if assigned by state officials in the animal's state of origin. If a Premises Identification Number is assigned by Florida state officials, it will be documented on an Application For Premises Registration, FDACS-09215, Rev. 05/13. as incorporated by reference in Rule 5C-31.006, F.A.C.
4. The physical address of the point of destination;
5. The date of examination;
6. The number of animals examined;
7. The Official Individual Identification of each animal, and the name or registered brand or tattoo number;
8. The sex, age, and breed of each identified animal;
9. Test results and herd or state status on certain diseases as specified in this chapter;
10. Prior Permission Number, if required in paragraphs 5C-3.002(3)(a)-(d), F.A.C.;
11. A statement by the issuing veterinarian that the animals identified on the OCVI are free of signs of infectious or communicable disease; and
12. In addition to the above, for Equine only, the establishment or Premises location at which the animal was examined, body temperature at examination, and a description sufficient to identify the individual Equine including name, sex, breed, color, markings, and unique and permanent forms of identification when present (e.g. brands, tattoos, scars, cowlicks, blemishes, or biometric measurements).

(b) Division Notification. A copy of the OCVI must be forwarded, by the issuing Accredited Veterinarian, within seven (7) calendar days of issuance for all Livestock and Poultry, including Equines, and within thirty (30) days of issuance for all non-livestock species to the Florida Department of Agriculture and Consumer Services, Division of Animal Industry, 407 South Calhoun Street, Tallahassee, Florida 32399-0800.

(c) OCVI Notification. The OCVI will be void thirty (30) days from the date of inspection/issuance, with the exception that an OCVI may be valid less than thirty (30) days as provided in subsections 5C-3.002(5) and 5C-3.003(4), F.A.C., or extended as provided in subsection 5C-3.003(5), F.A.C.

(2) Owner-Shipper Statement. Animals which are not required to be accompanied by an OCVI for Importation, as exempted by this chapter, must be accompanied by an Owner-Shipper Statement signed by the owner or agent as evidence of ownership or authority for possession of the transported animals. This document must disclose:

- (a) The name and address of the consignor;
 - (b) The name and address of the consignee;
 - (c) The physical address of the point of origin;
 - (d) The physical address of the point of destination;
 - (e) The number of animals covered by the statement;
 - (f) A description of the animals and Official Individual Identification as required by subsection 5C-3.002(1), F.A.C., or other identification sufficient to identify them for any and all purposes; and
 - (g) A Prior Permission Number, if required by this chapter.
- (3) Prior Permission Number. A Prior Permission Number is required for:
- (a) All farmed or captive Cervids;
 - (b) All hoofed animals from VS-Affected States;
 - (c) Equines from Contagious Equine Metritis (CEM) affected countries;
 - (d) Equines consigned directly to a veterinary medical treatment facility for emergency medical care which do not have appropriate documentation for interstate movement;
 - (e) Poultry and Poultry Products requiring a Prior Permission Number in accordance with paragraphs 5C-3.012(2)(a)-(f), F.A.C.;
 - (f) Animals exposed to or infected with a contagious, infectious, communicable, or dangerous transmissible disease;
 - (g) Cattle or bison from states with less than Accredited Tuberculosis-Free or Brucellosis Class-Free status; pursuant to 9 CFR §§77 and 78.

(h) All swine; and

(i) Equines Imported from U.S. possessions where Equine Piroplasmiasis (EP) is endemic.

(4) Restricted Animals. All Restricted Animals must be accompanied by a Permit for Movement of Restricted Animals, VS Form 1-27 (JUN 89) as adopted by reference in Rule 5C-3.001, F.A.C., permit, have a Prior Permission Number, and the Prior Permission Number must be written on the Permit for Movement of Restricted Animals, VS Form 1-27 (JUN 89) for Importation into Florida or to be transported within Florida.

(5) Vesicular Stomatitis.

(a) Certification for Vesicular Stomatitis (VS).

1. All hoofed animals, including horses, ruminants, swine, exotic, and wild hoofed animals, not originating from a Premises within ten (10) miles of an affected Premises in a VS-Affected State must be accompanied by an OCVI, dated within five (5) days of entry or reentry into Florida. The OCVI must be signed by an Accredited Veterinarian.

2. The following statement must be written on the OCVI by the examining Accredited Veterinarian: "All animals susceptible to Vesicular Stomatitis (VS) identified and included in this OCVI for shipment have been examined and found to be free from clinical signs and vectors of VS, have not been in contact with VS-affected animals, and have not been within ten (10) miles of a VS-affected Premises within the last thirty (30) days."

(b) Prior Permission Number. Animals originating from non-affected Premises in a VS-affected state will require a Prior Permission Number. The Prior Permission Number must be written on the OCVI.

(6) Violations. Violators of this rule chapter will be penalized in accordance with Rule 5C-30.003, F.A.C.

Rulemaking Authority 570.07(23), 585.002(4), 585.08(2)(a) FS. Law Implemented 570.07(15), 570.36(2), 585.11(1), 585.145(1), (2), 585.16 FS. History--New 6-29-62, Amended 2-5-85, Formerly 5C-3.02, Amended 9-6-89, 3-23-94, 6-4-95, 12-12-04, 5-24-10, 8-19-19.

5C-3.003 Equine.

(1) Official Certificate of Veterinary Inspection (OCVI) Required. The OCVI must list the description sufficient to identify the individual Equine including name, age, breed, color, gender, distinctive markings, and unique and permanent forms of identification when present (eg. Brands, tattoos, scars, cowlicks, or blemishes), and temperature at the time of exam. An OCVI must accompany all Equines Imported into Florida, except the following:

(a) Equines consigned directly to a veterinary medical treatment facility for emergency medical care until treatment is completed and the Equine exits the state; or

(b) Equines accompanied by an Equine Event Extension document, Equine Interstate Passport Card, or equivalent from the animal's state of origin, signed by the State Veterinarian or chief animal health official as provided in subsection 5C-3.003(5), F.A.C.

(2) Prior Permission Number. A Prior Permission Number must be obtained for:

(a) Equines consigned directly to a veterinary medical treatment facility for emergency medical care which do not have appropriate documentation for interstate movement;

(b) Equines Imported into Florida from areas within the United States or foreign countries, where Equine Piroplasmiasis (EP) is endemic; or

(c) Equines Imported into Florida from countries where Contagious Equine Metritis (CEM) is endemic; or

(d) Equines Imported into Florida from non-affected Premises in VS-Affected States.

(3) Equine Infectious Anemia (EIA) Test.

(a) All Equines Imported into Florida must be accompanied by evidence of an official negative EIA serologic test as provided in the Equine Infectious Anemia: Uniform Methods and Rules, APHIS 91-55-064, January 10, 2007, completed within twelve (12) months prior to Importation. Equine Infectious Anemia: Uniform Methods and Rules, APHIS 91-55-064, January 10, 2007 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10867>. The following are exempt from the EIA Serologic testing requirement:

1. Foals under six (6) months of age accompanied by their dam which has met the EIA test requirements; and

2. Equines exempted from the OCVI requirement under paragraph 5C-3.003(1)(a), F.A.C.

(b) The EIA test information must be recorded on the OCVI, the Equine Event Extension document, the Equine Interstate Passport Card, or equivalent from the animal's state of origin as provided in subsection 5C-3.003(5), F.A.C., approved by the State Veterinarian or chief animal health official, and must include the following:

1. The date the EIA test sample was collected;

2. The result of the test;

3. The name of the testing laboratory; and

4. The laboratory accession number.

(4) Equine Piroplasmiasis Requirements.

(a) The Commonwealth of Puerto Rico and the Virgin Islands of the United States have been determined to be endemic for Equine Piroplasmiasis (EP) and Equines moved from these areas to Florida are subject to the requirements of paragraphs 5C-3.003(2)(b) and

(4)(b), (c) and (d), F.A.C. Pursuant to section 585.14, F.S., the Division of Animal Industry, under the direction of the State Veterinarian, shall publish notice of other localities, regions, states, or U.S. possessions, where Equine Piroplasmosis (EP) is determined to be endemic on its website (www.FreshFromFlorida.com/Divisions-Offices/Animal-Industry) and in the Florida Administrative Register as necessary.

(b) Official Certificate of Veterinary Inspection (OCVI). Notwithstanding paragraph 5C-3.002(1)(c), F.A.C., for Equines from localities, regions, states, or U.S. possessions where Equine Piroplasmosis (EP) is determined to be endemic, the inspection date of the OCVI that must accompany Equines Imported into or through the State of Florida shall be issued no more than fourteen (14) days prior to the entry of the Equine into the state. The OCVI must also include the following statement: “No animals identified on this certificate have not been on a Premises found positive for *Theileria equi* (*Babesia Equi*) or *Babesia caballi* or under quarantine within the past thirty (30) days. All animals identified on this certificate have been inspected and found free of ticks, and have been thoroughly treated with an approved acaricide labeled for use in Equine within fourteen (14) days of entry.”

(c) Testing. All Equines Imported into Florida from localities, regions, states or U.S. possessions where Equine Piroplasmosis (EP) is determined to be endemic must be accompanied by evidence of a negative Competitive Enzyme-linked Immunosorbent Assay (cELISA) test for both *Babesia caballi* and *Theileria equi* (*Babesia equi*), performed at the USDA, APHIS National Veterinary Services Laboratories (NVSL) or other laboratory authorized by the USDA, APHIS, NVSL. The blood sample for the test must be taken within thirty (30) days prior to entry into Florida. The result and accession number must be listed on the OCVI.

(d) Tick Vectors. All Equines identified on the OCVI as originating from localities, regions, states, or U.S. possessions where Equine Piroplasmosis (EP) is determined to be endemic must be examined for, and found free of, ticks and must be thoroughly treated for ticks with a United States Environmental Protection Agency (EPA) registered acaricide labeled for use in horses.

(e) Exemption. Equines from Florida consigned to localities, regions, states, or U.S. possessions where Equine Piroplasmosis (EP) is determined to be endemic that are returned to Florida within thirty (30) days of the issuance of the Florida OCVI are exempt from the requirements of this rule.

(5) Equine Event Extension, FDACS-09051 Rev. 03/06 is hereby incorporated by reference and can be found online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10868> or Equine Interstate Passport Card. Equine Interstate Passport Card FDACS-09207 Rev. 08/18 is hereby incorporated by reference and can be found online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10869>. Equine Event Extension document, or Equine Interstate Passport Card, or equivalent from the animal’s state of origin, when used in place of an OCVI, must certify the existence of an official negative EIA test within the previous twelve (12) months and a valid OCVI. The Equine Event Extension document, Equine Interstate Passport Card, or equivalent from the animal’s state of origin, will be valid for up to six (6) months from date of issuance of the OCVI provided that:

(a) The purpose is to allow routine intrastate and interstate movement of Equines to attend events such as horse shows or exhibitions, fairs, and trail rides. These documents may not be used for movement of Equines for breeding purposes or change of ownership.

(b) The Equine Event Extension document or Equine Interstate Passport Card, or equivalent from the animal’s state of origin shall include all other information required by subsections 5C-3.002(1) and 5C-3.003(3), F.A.C.;

(c) The Equine Event Extension document or Equine Interstate Passport Card, or equivalent of the animal’s state of origin expiration date will not be later than the expiration date of the EIA test or six (6) months from date of issue of the OCVI.

(d) An Equine Event Extension document or Equine Interstate Passport Card or equivalent from the animal’s state of origin, does not supersede or replace the requirements of any given event; and

(e) An Equine Event Extension document, or Equine Interstate Passport Card, may be applied for by owners of Florida-origin horses, by submitting an Application for Equine Event Extension, FDACS-09078 Rev. 09/17 or an Application for Equine Interstate Passport Card, FDACS-09219 Rev. 12/09, to: Florida Department of Agriculture and Consumer Services, Division of Animal Industry, 407 South Calhoun Street, Mayo Building, Tallahassee, Florida 32399-0800, or by Fax at (850)410-0949. Application for Equine Event Extension, FDACS-09078 Rev. 09/17 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10870>.

5C-3.004 Cattle or Bison.

(1) Official Certificate of Veterinary Inspection (OCVI) Required. All cattle or bison Imported into Florida must be accompanied by an OCVI, except the following, which must be accompanied by an Owner-Shipper Statement as provided in subsection 5C-3.002(2), F.A.C.:

- (a) Cattle or bison consigned directly to an Approved Livestock Facility;
- (b) Cattle or bison consigned directly to Recognized Slaughtering Establishments;
- (c) Cattle moving directly to an Approved Tagging Site and returning to the out of state Premises of origin;
- (d) Cattle moving under a Commuter Herd Agreement;

(e) Cattle moving from an Approved Livestock Facility in Georgia, Alabama, or Mississippi and moving directly to Florida, accompanied by an approved state of origin Permit for Interstate Movement from a USDA Approved Livestock Facility; and

(2) Official Individual Identification. The OCVI must list the individual animal identification unless exempted by this rule. The Official Individual Identification requirements for cattle include:

(a) Identification that complies with 9 C.F.R. §86.4(a)(1) (2013), as incorporated in Rule 5C-31.006, F.A.C.; or

(b) Tattoos and registered brands such as ear breed registration tattoos when accompanied by breed registration papers or an official breed registration brand when accompanied by a breed registration certificate; or

(c) Is submitted to and verified by the Department as meeting the requirements for Official Individual Identifications such that state officials can determine the herd in which the animal was officially identified.

(d) Animals exempt from the Official Identification requirements are:

- 1. Beef cattle less than eighteen (18) months of age, unless consigned to exhibition or rodeo;
- 2. Cattle consigned directly to an Approved Tagging Site;
- 3. Cattle consigned directly to an Approved Livestock Facility;
- 4. Cattle consigned directly to Recognized Slaughtering Establishments; or
- 5. Cattle moving under an approved Commuter Herd Agreement and Owner-Shipper Statement.

(3) Other Requirements and Limitations.

(a) Cattle or bison infected with or exposed to tuberculosis or brucellosis or which are positive to an organism detection test for paratuberculosis (Johne's Disease) may be Imported only if consigned directly to a Recognized Slaughtering Establishment. Such animals must be accompanied by a Permit for Movement of Restricted Animals, VS Form 1-27 (JUN 89) and must have a Prior Permission Number. The Prior Permission Number must be written on the Permit for Movement of Restricted Animals, VS Form 1-27 (JUN 89).

(b) Permit for Interstate Movement from USDA Approved Livestock Facility, FDACS-09158 Rev. 04/18, or equivalent form approved by the state of origin, can be issued by an Approved Livestock Facility as a valid interstate movement document for cattle moving between Florida, Alabama, Georgia, or Mississippi. Permit for Interstate Movement from USDA Approved Livestock Facility, FDACS-09158 Rev. 04/18 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10872>. For cattle originating at an Approved Livestock Facility in Florida, this form must be completed fully and legibly. Within seven (7) days of sale, a copy of the form must be submitted, to: Florida Department of Agriculture and Consumer Services, Division of Animal Industry, Cattle Programs Office, 2232 North East Jacksonville Road, Ocala, Florida 34470; and by Fax at (352)620-7212; and by Email at CattleForms@FreshFromFlorida.com. This form must include the following information:

- 1. Name of the Approved Livestock Facility;
- 2. State of destination;
- 3. Date of sale;
- 4. Purchaser and phone number;
- 5. Complete physical location of destination including contact phone number;
- 6. Animal description including USDA backtag number or lot number. If no backtag was applied, age, sex, breed (to include designation as dairy or beef cattle), invoice number, and Official Identification, unless specifically exempt below:

a. Cattle moving directly to slaughter are exempt from Official Identification requirement. Backtag information need not be listed on the Permit for Interstate Movement from a USDA Approved Livestock Facility, FDACS-09158 Rev. 04/18 if provided on the invoice and the invoice is attached.

b. Beef cattle less than eighteen (18) months of age are exempt from the Official Identification requirement.

(c) Commuter Herd Agreement is an official document issued by participating states, which is used in lieu of an Official Certificate of Veterinary Inspection (OCVI). All Official Individual Identification requirements and interstate disease testing requirements must be met. A Commuter Herd Agreement must be applied for by owners of Florida-origin cattle by submitting a completed Commuter Herd Agreement FDACS-09264 Rev. 06/19 to: Florida Department of Agriculture and Consumer Services, Division of Animal Industry, Cattle Programs Office, 2232 North East Jacksonville Road, Ocala, Florida 34470; Fax: (352)620-7212; Email: CattleForms@FreshFromFlorida.com. Commuter Herd Agreement FDACS-09264 Rev. 06/19 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10873>.

(d) Testing Requirements.

- 1. Tuberculosis Test.

a. Dairy cattle, six (6) months of age or older, which originate from accredited tuberculosis-free herds in tuberculosis-free states or areas, may enter Florida without tuberculosis testing. The herd accreditation number and state or area status and date of last negative herd test within the previous twelve (12) months must be listed on the OCVI.

b. Dairy cattle moved into Florida from adjacent states as part of normal ranching or farm operations between Premises under common ownership or management are exempt from the tuberculosis testing requirements of this section if:

(I) They are moved from a closed herd or a herd which requires herd additions to be tested for tuberculosis prior to entry into the herd; and

(II) There is no change of ownership of the animals and the movement between Premises does not exceed 50 miles.

c. Beef cattle or bison, six (6) months of age or older, which originate from an accredited tuberculosis-free herd or tuberculosis-free state or area may enter Florida without tuberculosis testing. The accredited tuberculosis-free herd number and the date of the last negative herd test within the previous twelve (12) months or the tuberculosis-free state or area status must be written on the OCVI.

d. All other dairy and beef cattle or bison, six (6) months of age or older, which are not otherwise exempt from negative tuberculosis test requirements, must test negative to an official tuberculosis test, as provided in the Bovine Tuberculosis Eradication, Uniform Methods and Rules, APHIS 91-45-011, Effective January 1, 2005, within sixty (60) days prior to entry into Florida. Bovine Tuberculosis Eradication Uniform Methods and Rules, APHIS 91-45-011, Effective January 1, 2005 is hereby incorporated by reference and can be found online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10877>. The test date and negative tuberculin test results must be recorded on the OCVI.

e. Rodeo Bulls or Roping Steers.

(I) Rodeo bulls or roping steers, six (6) months of age or older, performing in rodeo events must have a negative test for tuberculosis within twelve (12) months prior to being Imported into Florida.

(II) Rodeo bulls, six (6) months of age or older, Imported for purposes other than performing in rodeo events must meet the requirements of sub-subparagraph 5C-3.004(3)(b)1.c. or d., F.A.C.

f. All cattle or bison consigned directly to a recognized slaughtering establishment may enter Florida without tuberculosis testing.

2. Brucellosis Test.

a. A brucellosis test is not required for dairy and beef cattle or bison for Importation into Florida provided that the animals:

(I) Originate from a Brucellosis Class-Free State or Area;

(II) Originate from a Certified Brucellosis Free Herd. The herd certification number and date of the last negative herd test within the previous twelve (12) months must be listed on the OCVI;

(III) Are official brucellosis vaccinated animals under eighteen (18) months of age, or are steers or spayed heifers;

(IV) Are consigned directly to a recognized slaughtering establishment.

b. A negative brucellosis test, as provided in the Brucellosis Eradication: Uniform Methods and Rules, USDA, APHIS 91-45-013, Effective October 1, 2003, is required within thirty (30) days prior to Importation for dairy and beef cattle or bison not exempted in sub-subparagraph 5C-3.004(3)(d)2.a., F.A.C. Brucellosis Eradication: Uniform Methods and Rules, USDA, APHIS 91-45-013, Effective October 1, 2003, is hereby incorporated by reference and can be found online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10878>.

c. Rodeo Bulls.

(I) Rodeo bulls performing in rodeo events may be Imported without tests provided the bulls are not changing ownership and are under eighteen (18) months of age; or individual bulls are negative to a brucellosis test, as provided in the Brucellosis Eradication: Uniform Methods and Rules, USDA, APHIS 91-45-013, Effective October 1, 2003, within twelve (12) months prior to Importation.

(II) Rodeo bulls Imported for purposes other than performing in rodeo events must meet the requirements for Importation in sub-subparagraph 5C-3.004(3)(d)2.a. or b., F.A.C., above.

3. Trichomoniasis Testing

a. All non-virgin bulls and all bulls eighteen (18) months of age and older, which are not otherwise exempt from negative trichomoniasis test requirements, must test negative to an official Trichomoniasis Approved Test, as defined in subsection 5C-3.001(51), F.A.C., within sixty (60) days prior to entry into Florida. The laboratory name, accession number, test date, negative trichomoniasis test results and Official Identification must be recorded on the OCVI or Owner-Shipper Statement. Exemptions to the trichomoniasis testing requirement are:

(I) Bulls consigned directly to a Recognized Slaughtering Establishment.

(II) Bulls entering Florida, moving directly to an Approved Livestock Facility and being sold in slaughter only channels. Test eligible bulls moving directly to an Approved Livestock Facility which are not accompanied by a negative Approved Trichomoniasis Test shall be visibly identified and shall be announced during the sale as selling for slaughter only. These bulls must move directly from the Approved Livestock Facility to a Recognized Slaughtering Establishment.

(III) Bulls entering Florida for exhibition or rodeo, provided they do not commingle with female cattle and return to state of origin immediately following exhibition or rodeo event.

(IV) Virgin bulls less than eighteen (18) months of age, as determined by breed registry records or absence of permanent central incisor teeth in wear. The OCVI or Owner-Shipper Statement must include any and all identification and a statement declaring the

bull(s) as virgin and less than eighteen (18) months of age.

b. Approved Livestock Facilities shall maintain a list of all Trichomoniasis test eligible bulls arriving via interstate movement, and shall indicate whether or not the bull has a negative Trichomoniasis test. The list of bulls, Trichomoniasis test status, and a copy of all the negative Approved Trichomoniasis Test reports shall be made available to Department personnel for verification on the day of the sale.

c. Bulls eighteen (18) months of age and older, moving under a Commuter Herd Agreement, FDACS-09264, Rev. 06/19, are to be accompanied by proof of a negative annual Trichomoniasis Approved Test within twelve (12) months of movement. The following statement shall be on the accompanying Owner-Shipper Statement: "All herd bulls over eighteen (18) months of age are tested annually for Trichomoniasis and all herd bull additions are tested negative prior to commingling. The bull(s) included in this shipment have not commingled with Trichomoniasis positive bulls or cows exposed to Trichomoniasis positive bulls."

(4) Prior Permission Number. A Prior Permission Number shall be required for all cattle or bison originating from:

- (a) Non-Tuberculosis Accredited-Free State or areas,
- (b) Non-Brucellosis Class-Free State or areas, or
- (c) VS Affected-States.

5C-3.005 Goats or Sheep.

(1) Official Certificate of Veterinary Inspection (OCVI) Required. All goats or sheep Imported into Florida, except goats or sheep consigned directly to Recognized Slaughtering Establishments, must be accompanied by an OCVI. The OCVI must include the following:

(a) The Official Individual Identification of each animal which must conform to the identification guidelines of the USDA, APHIS Scrapie Eradication Uniform Methods and Rules, USDA, APHIS 91-55-079, June 1, 2005. USDA, APHIS Scrapie Eradication Uniform Methods and Rules, USDA, APHIS 91-55-079, June 1, 2005 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10879>. Approved methods of identification include:

- 1. Official USDA-APHIS-VS Scrapie eartags;
- 2. Premises identification tattoos (must be legible and contain the flock number and unique animal number. The flock number is assigned by the USDA, APHIS and is required to be on the OCVI);
- 3. Official breed registry tattoos (must be accompanied by either the official breed registration certificate or an OCVI that includes the corresponding official registration number); or
- 4. Electronic microchip/implant (must be accompanied by owner statement of ID numbers, chip manufacturer, chip reader for verification of placement and the USDA flock number recorded on the OCVI) when the breed registry allows for electronic implant identification, as recorded on a registration certificate.

(b) A statement that each goat or sheep is free of the clinical signs of the diseases: caseous lymphadenitis, contagious ecthyma (Orf), chlamydial keratoconjunctivitis, scabies, scrapie, and contagious footrot.

(2) Prior Permission Number. A Prior Permission Number shall be required for all sheep or goats originating from VS-affected states under state or USDA, APHIS quarantine. The Prior Permission Number must be written on the OCVI.

(3) Immediate Slaughter Goats or Sheep. Slaughter goats or sheep are not required to have an OCVI, as exempted by this rule, but do require:

(a) Owner-Shipper Statement. Evidence of ownership or authority to transport the animals as provided in subsection 5C-3.002(2), F.A.C.; and

(b) Official Identification. All goats or sheep entering Florida for slaughter purposes must be individually identified in accordance with paragraph 5C-3.005(1)(a), F.A.C.; and

(c) The goats or sheep must be moved directly to a Recognized Slaughter Establishment without stopping or unloading at other livestock facilities in route.

(4) Testing Requirements for Dairy Goats.

(a) Tuberculosis Test. Dairy goats six (6) months of age or older must originate from an Accredited Tuberculosis-Free Herd, or have had a negative caudal fold tuberculosis test within ninety (90) days prior to Importation into Florida. If originating from an Accredited Tuberculosis-Free Herd, the herd accreditation number and date of last herd accreditation test within the previous twelve (12) months must be written on the OCVI.

(b) Brucellosis Test. Dairy goats six (6) months of age or older must originate from a Certified Brucellosis-Free Herd, or have documentation of a negative brucellosis test within ninety (90) days prior to Importation to Florida. If originating from a Certified Brucellosis-Free Herd, the herd certification number and date of the last herd certification test within the previous twelve (12) months must be written on the OCVI.

(c) Test Exemptions. There are no tuberculosis or brucellosis test requirements for meat type or pygmy goats.

2. Will not be kept at a Premises in Florida with other species of the family Cervidae.

(2) Chronic Wasting Disease (CWD) Status.

(a) All Cervids Imported into Florida must originate from herds that are performing CWD surveillance and are not located in a county or an adjoining county where CWD has been documented; and

(b) The animal health officials in the originating state must confirm the surveillance and the location of any positive CWD cases in the originating state.

(3) Official Certificate of Veterinary Inspection (OCVI) Required.

(a) All Cervids Imported into Florida must be accompanied by an OCVI. The OCVI must list the official identification of each animal, the date and negative results for any required tests as provided below, and a Prior Permission Number.

(b) All information required on the OCVI must be completed by the issuing Accredited Veterinarian and shall include:

1. The name, physical address and phone number of the consignor;
2. The name, physical address and phone number of the consignee;
3. The point of origin;
4. The point of destination;
5. The date of examination;
6. The number of animals examined;
7. The Official Individual Identification number of each cervid;
8. The age, sex, and breed of each animal;
9. The test results and CWD herd status for brucellosis and tuberculosis as specified in Rule 5C-26.005, F.A.C.
10. A statement by the issuing Accredited Veterinarian that the animals identified on the OCVI are free of signs of infectious, communicable, or neurologic disease;
11. The phone number of the issuing Accredited Veterinarian;
12. The purpose for which the animals are being moved;
13. The CWD herd status of the herd of origin; and
14. The prior permission number.

(c) A copy of the OCVI shall be forwarded immediately by Email to AnimalPermits@FreshFromFlorida.com or via facsimile message, Fax: (850)410-0946, to the Florida Department of Agriculture and Consumer Services, Division of Animal Industry, prior to shipment for review and verification that Import requirements have been met and issuance of a Prior Permission Number.

(d) The OCVI shall be void thirty (30) days after issuance.

(4) Prior Permission Number. All Cervids Imported into Florida, must have a Prior Permission Number. The Prior Permission Number must be written on the OCVI accompanying the animals.

(5) Testing Requirements and Exemptions.

(a) Chronic Wasting Disease Test. There is no chronic wasting disease test presently required for Importation of Cervids into Florida. However, the animal(s) Imported must meet the requirements of subsection 5C-3.011(2), F.A.C., prior to Importation.

(b) Tuberculosis Test.

1. Cervids from an Accredited Tuberculosis-Free Herd, as provided in 9 C.F.R. §§77.33(f) (2018), are exempt from this test. 9 C.F.R. §77.33(f) (2018) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10883>. The herd status must be listed on the accompanying OCVI.

2. Cervids which do not originate from Accredited Tuberculosis-Free Herds and are not known to be affected with or exposed to tuberculosis may be Imported into Florida if they are:

a. Under six (6) months of age;

b. Originate from a herd which has been classified negative to an official tuberculosis test, as provided in 9 C.F.R. §77.20 (2018), of all eligible animals conducted within the past twelve (12) months, and the animals to be Imported are negative to a second official tuberculosis test conducted within ninety (90) days of Importation. 9 C.F.R. §77.20 (2018) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10884>;

c. The animals to be Imported have two (2) consecutive negative official tuberculosis tests, as provided in 9 C.F.R. §77.20 (2018), conducted not less than ninety (90) days apart, the second test conducted within ninety (90) days prior to Importation, with animals isolated from all other members of the herd during the testing period;

d. The official tuberculosis test results and dates of tests must be recorded on the OCVI accompanying the animals.

(c) Brucellosis Test.

1. Cervids originating from a Certified Brucellosis-Free Herd as defined in the USDA, APHIS, Brucellosis in Cervidae: Uniform

Methods and Rules, USDA, APHIS 91-45-16, Effective September 30, 2003, are exempt from this test. USDA, APHIS, Brucellosis in Cervidae: Uniform Methods and Rules, APHIS 91-45-16, Effective September 30, 2003, is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10885>. The herd status must be listed on the accompanying OCVI.

2. Cervids which do not originate from Certified Brucellosis-Free Herds and are not known to be affected with or exposed to brucellosis may be Imported if they are:

a. Under six (6) months of age;

b. Sexually intact animals, six (6) months of age or older, and negative to an official brucellosis test, as provided in the Brucellosis in Cervidae: Uniform Methods and Rules, APHIS 91-45-16, Effective September 30, 2003, conducted within ninety (90) days prior to Importation. The official brucellosis negative test results must be recorded on the OCVI accompanying the animals.

(6) Consignee's herd shall be registered and comply with requirements of the Florida Department of Agriculture and Consumer Services Cervidae Herd Health Plan as provided in Chapter 5C-26, F.A.C.

Rulemaking Authority 570.07(23), 585.002(4), 585.08(2) FS. Law Implemented 570.07(15), 570.36(2), 585.08(1), (2)(a), 585.145(1), (2) FS. History--New 3-23-94, Amended 12-12-04, 5-24-10, 8-19-19.

5C-3.012 Domestic Fowl, Poultry, Poultry Products and Ratites.

(1) Official Certificate of Veterinary Inspection (OCVI) Required. All Domestic Fowl, Poultry, and Eggs For Hatching Purposes Imported into Florida, unless exempted by this rule, must be accompanied by an OCVI. Poultry and Eggs For Hatching Purposes under provisions of the National Poultry Improvement Plan (NPIP) may substitute Report of Sales of Hatching Eggs, Chicks, and Poults, VS Form 9-3 (FEB 2016), for the OCVI. Report of Sales of Hatching Eggs, Chicks, and Poults, VS Form 9-3 (FEB 2016) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10886>. Racing Pigeons that are transported out of Florida for racing purposes in a sealed crate(s) and reenter Florida with unbroken seals are exempt from the OCVI Importation requirements. The OCVI or VS Form 9-3 must include the Official Identification approved by the United States Department of Agriculture in accordance with 9 C.F.R. §§86.4(a)(3) (2018). 9 C.F.R. §§86.4(a)(3) (2018) is hereby incorporated by reference and can be found online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10887>.

(2) Prior Permission Number. To acquire a Prior Permission Number, an Official Avian Permit FDACS-09257, Rev. 05/18 must be completed and submitted to the Division of Animal Industry. Official Avian Permit FDACS-09257, Rev. 05/18 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10891>. A Prior Permission Number is required on the accompanying documentation for Importation of all Domestic Fowl, Poultry, and Eggs For Hatching Purposes, except those listed below in paragraphs (a)-(f), that originate from a state not affected by Exotic New Castle Disease (END) or Avian Influenza (AI):

(a) Poultry consigned directly to a Recognized Slaughtering Establishment for slaughter;

(b) Individual exotic birds;

(c) Racing Pigeons returning to Florida in unbroken, sealed containers;

(d) Exhibition birds originating in NPIP participating flocks in Florida and returning to Florida;

(e) Those shipments moving through Florida for transshipment outside of the United States and traveling on an international OCVI, consigning the shipment to a foreign country, provided the shipping containers are not opened in Florida.

(f) Eggs for Hatching Purposes or chicks less than four (4) days of age originating from NPIP participating flocks accompanied by a Report of Sales of Hatching Eggs, Chicks, and Poults, VS Form 9-3 (FEB 2016).

(3) Testing Requirements.

(a) Pullorum-Typhoid testing requirement.

1. An official negative test for Pullorum-Typhoid, as provided in 9 C.F.R. §§147.1-147.5 (2018), as adopted in rule 5C-3.001, F.A.C., is required within thirty (30) days of Importation into Florida for poultry or on the flock from which Eggs for Hatching Purposes originate. However, no Pullorum-Typhoid test is required for the following:

a. Importing Poultry or Eggs For Hatching Purposes originating from flocks classified under provisions of the NPIP as U.S. Pullorum-Typhoid Clean, as provided in 9 CFR §§145.23(b), 145.33(b), 145.43(b), 145.53(b) and 145.63(b) (2018), as adopted in rule 5C-3.001, F.A.C.

b. Quail, pheasants, and other birds used strictly for hunting purposes that are consigned directly to a Florida Fish and Wildlife Conservation Commission licensed hunting preserve;

c. Ratites;

d. Waterfowl Imported for exhibition purposes;

e. Exotic birds;

f. Pigeons and doves of the family Columbidae;

g. Exhibition birds originating from NPIP-participating flocks in Florida returning to Florida. These birds must be accompanied by proof of a valid NPIP flock testing record for pullorum-typhoid indicating that the flock test, in accordance with 9 C.F.R.

§145.53(b) (2018), as adopted in rule 5C-3.001, F.A.C., was conducted within the previous twelve (12) months or proof of a valid NPIP participant card current within the past twelve (12) months; or

h. Poultry consigned directly to a Recognized Slaughtering Establishment for slaughter.

2. Pullorum-Typhoid testing records for exhibition birds not originating from a NPIP-participating flock will be documented by an Authorized Representative from the state or USDA at the Fair Exhibition – Poultry Summary of Pullorum-Typhoid Testing, FDACS-09170, Rev. 09/17. Fair Exhibition – Poultry Summary of Pullorum-Typhoid Testing, FDACS-09170, Rev. 09/17 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10890>.

(b) Avian Influenza (AI) testing requirements.

1. Poultry or Poultry Products originating from a non-AI affected state.

a. All Poultry and Poultry Products must be accompanied by proof of a negative, approved test for Avian Influenza (AI). AI samples collected by the Division will be documented by an Authorized Representative from the state on Avian Influenza/Exotic Newcastle Disease Poultry Surveillance Submission Form, FDACS-09230, Rev. 09/17. Avian Influenza/Exotic Newcastle Disease Poultry Surveillance Submission Form, FDACS-09230, Rev. 09/17 is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10892>.

b. Entry into Florida must be within twenty-one (21) days of the AI sample being taken; and,

c. If a flock with greater than thirty (30) birds is to be Imported, then no less than thirty (30) samples per flock must be taken with at least ten (10) samples taken per house; or

d. If a flock of less than thirty (30) birds is to be Imported, then all birds must be tested.

2. Exemptions to the AI testing requirements for Poultry and Poultry Products originating from a non-AI affected state. No AI test is required for the following:

a. Poultry or Poultry Products originating from flocks classified as U.S. Avian Influenza Clean, as provided in 9 C.F.R. §§145.23(h), 145.33(1), 145.43(g), 145.53(e), and 145.63(b) (2018), as adopted in rule 5C-3.001, F.A.C., in non-AI affected states;

b. Ratites;

c. Exotic birds; or

d. Pigeons and doves of the family Columbidae.

3. Proof of negative Avian Influenza (AI) testing and the Department issued Prior Permission Number, unless exempted from Prior Permission Number requirement in accordance with subsection 5C-3.012(2), F.A.C., must be documented on the Report of Sales of Hatching Eggs, Chicks, and Poult, VS Form 9-3 (FEB 2016), or OCVI listing the description of birds, test date, test results, and the name of the laboratory.

4. Poultry Products originating from an Avian Influenza (AI) affected state.

a. From a Quarantine or Control Area as defined by originating state. No Domestic Fowl, live Poultry or Poultry Products or Eggs for Hatching Purposes originating from a Quarantine or Control Area in an AI affected state may enter Florida, except for Imported birds that have completed all USDA or state of origin requirements to move from a Quarantine or Control Area, and have completed Florida Import requirements as described in subsections (1)-(3) of this rule. The Department shall verify USDA requirements have been met through the Emergency Management Response System (EMRS) prior to permitting for entry into Florida by the State Veterinarian's Office.

b. Non-Quarantine or Control Areas as defined by originating state. All Poultry and Poultry Products:

(I) Must be accompanied by proof of a negative, approved test for AI; and,

(II) Entry into Florida must be within seven (7) days of the AI sample being taken; and,

(III) If a flock with greater than thirty (30) birds is to be Imported, then no less than thirty (30) samples per flock must be taken with at least ten (10) samples taken per house; or

(IV) If a flock of less than thirty (30) birds is to be Imported, then all birds must be tested.

5. The following Poultry and Poultry Products originating from a non-quarantined area in an AI affected state are exempt from the AI testing requirements described in sub-subparagraph (3)(b)4.b.:

a. Ratites;

b. Exotic birds; or

c. Pigeons and doves of the family Columbidae.

6. Proof of negative AI testing and a Department issued Prior Permission Number must be documented on the Report of Sales of Hatching Eggs, Chicks, and Poult, VS Form 9-3 (FEB 2016), or OCVI listing the description of birds, test date, test results, and the name of the laboratory.

(c) Exotic Newcastle Disease (END) testing requirements. END testing requirements apply to only those shipments of Poultry or Poultry Products originating from an END affected state.

1. Quarantine or Control Areas. No Domestic Fowl, live Poultry or Poultry Products, or Eggs for Hatching Purposes originating from a Quarantine or Control Area may enter Florida except for Imported birds that have completed all USDA and originating state requirements to move from a Quarantine or Control Area, have completed Florida Import test requirements as described in subsections (1)-(3) of this rule, and are permitted for entry into Florida by the State Veterinarian's Office.

2. Non-Quarantine or Control Areas.

a. All Poultry and Poultry Products must be accompanied by proof of a negative, approved test for Exotic Newcastle Disease (END). END samples submitted by the Division will be documented by an Authorized Representative from the state on Avian Influenza/Exotic Newcastle Disease Poultry Surveillance Submission Form, FDACS-09230, Rev. 09/17, as incorporated in paragraph 5C-3.012(3)(b), F.A.C.

b. Entry in Florida must be within seven (7) days of the Exotic Newcastle Disease (END) sample being taken; and,

c. If a flock with greater than thirty (30) birds is to be Imported, then no less than thirty (30) samples per flock must be taken with at least ten (10) samples taken per house; or

d. If a flock with less than thirty (30) birds is to be Imported, then all birds must be tested.

3. Documentation. Poultry or Poultry Products must be accompanied by a Report of Sales of Hatching Eggs, Chicks, and Poults, VS Form 9-3 (FEB 2016), or OCVI indicating Poultry or Poultry Product originated from an END-negative flock, listing the Department issued Prior Permission Number, description of birds, test date, test results, and the name of testing laboratory.

(4) Containers for Shipment. All Imported Domestic Fowl, Poultry, and Eggs For Hatching Purposes must be shipped in new or Cleaned and Disinfected reusable containers.

5C-3.014 Elephants.

(1) Elephant *Mycobacterium tuberculosis* (Mtb) Categories. Elephants are placed into one of three (3) categories depending on their risk of being positive for Mtb as classified in the Recommendations for the Diagnosis, Treatment, and Management of Tuberculosis (*Mycobacteria tuberculosis*) in Elephants in Human Care (2017). Recommendations for the Diagnosis, Treatment, and Management of Tuberculosis (*Mycobacteria tuberculosis*) in Elephants in Human Care (2017) is hereby incorporated by reference and available online at <http://www.flrules.org/Gateway/reference.asp?No=Ref-10889>. The three (3) Mtb categories are:

(a) Category A: Elephants have had no known exposure to an Mtb culture-positive animal within the past five (5) years. They are also consistently negative by an annual Triple Trunk Wash (TW) technique.

(b) Category B: Elephants have had contact with an Mtb positive animal within the past five (5) years, but are themselves consistently negative by annual triple TW series technique.

(c) Category C: Elephants are positive on TW cultures or culture of other body fluid. These animals cannot travel except for specific medical reasons. They are considered infected with Mtb.

(2) Official Certificate of Veterinary Inspection (OCVI) required. Only Category A and B elephants are permitted to be Imported into Florida and must be accompanied by an OCVI. The OCVI must include the following:

(a) The animal's name, age, sex, any identifying marks, and microchip number, if applicable;

(b) The animal's Mtb category; and

(c) The most recent TW culture history to include:

1. The date the TW sample was taken;
2. The full name of the testing laboratory;
3. Test accession number; and
4. Test result.

(3) Test Requirements

(a) Category A animals require proof of a negative TW culture with the sample taken within twelve (12) months of Importation into Florida.

(b) Category B animals require proof of a negative TW culture with the sample taken within ninety (90) days of Importation into Florida.

5C-3.015 Rabbits.

(1) All Lagomorphs originating from a state that has had RHD diagnosed in wild or domestic animals in the past twenty-four (24) months, are required to be accompanied by an Official Certificate of Veterinary Inspection. The OCVI must include the statement in subsection 5C-3.015(2), F.A.C. and be signed and dated by the examining veterinarian within seventy-two (72) hours prior to entry into Florida.

(2) The OCVI must include the following statement from the examining veterinarian, "All animals on this shipment have not been

exposed to a known or suspected case of RHD and show no clinical signs of diseases on the inspection date of (inspection/examination date).”

CHAPTER 5C-4

ADMISSION OF ANIMALS FOR EXHIBITION

5C-4.0015	Definitions
5C-4.0016	Applications, Cards, Forms, Other Official Documents Required and Fees
5C-4.0017	General Requirements, Exemptions and Limitations
5C-4.002	Cattle or Bison
5C-4.003	Swine
5C-4.004	Poultry, Domestic Fowl and Ratites
5C-4.005	Goats or Sheep
5C-4.008	Horses

5C-4.0015 Definitions.

For the purposes of this chapter the following definitions shall apply:

(1) Accredited Veterinarian. A veterinarian licensed in the state of origin and accredited by the United States Department of Agriculture, Animal and Plant Health Inspection Service (USDA, APHIS) to perform certain functions of the federal and cooperative-state-federal programs in accordance with the provisions of Title 9 Code of Federal Regulations (9 CFR) § 161 (2005).

(2) Animal(s). This term shall include:

- (a) Livestock including grazing animals, such as cattle, horses, sheep, swine, goats, and other hoofed animals;
- (b) Ratites, limited to ostriches, emus, and rheas;
- (c) Poultry or Domestic fowl which are propagated or maintained for commercial or breeding purposes; and
- (d) Wild or game animals which may threaten the agricultural interests of Florida.

(3) Authorized Representative. An employee of the state or federal government, or a licensed veterinarian accredited by the USDA, who is authorized to conduct animal disease control and eradication activities.

(4) Commercial Production Swine. Swine that have been subjected to and found negative on an annual brucellosis and pseudorabies test and have been continuously managed with adequate facilities and practices to prevent exposure to either transitional or feral swine and so recognized by state animal health officials.

(5) Group. One or more animals maintained on the same premises or in contact with one another.

(6) Horse. Any horse, mule, ass, zebra or other equidae.

(7) Isolation. Separation of individual animals by a physical barrier in a manner that assures one animal does not have access to the body, excrement, or discharges of another animal; does not share a building with a common ventilation system; and is not within ten feet of another animal.

(8) Market Class. An exhibition class consisting of finished fed animals that all go directly to slaughter immediately following the exhibition.

(9) Official Certificate of Veterinary Inspection (OCVI). A legible record or certificate made on an official form from the state of origin or from the USDA, or a Department-approved electronic format, issued and signed by veterinarians licensed and accredited in the state of origin for the purpose of certifying the official individual identification, test requirements, and health status of specific animals for movement, exhibition, and other designated purposes.

(10) Official Individual Identification. An individual animal identification that uniquely identifies the animal, the owner, the premises where the animal was identified and the state in which the official individual identification was applied and:

(a) For Cattle:

- 1. Is approved by the United States Department of Agriculture in accordance with 9 C.F.R. § 86.4(a)(1) (2013), as incorporated in Rule 5C-31.006, F.A.C.; or
- 2. Is submitted to and verified by the Department as meeting the requirements for official individual identification such that state officials can determine the herd in which the animal was officially identified.

(b) For Livestock Other than Cattle:

- 1. Tattoos and registered brands such as ear, tail-web or flank tattoos, breed registration tattoos when accompanied by breed registration papers; or an official breed registration brand when accompanied by a brand registration certificate;
- 2. Official leg or wing bands for poultry;
- 3. Color digital images or notarized color photographs of the animal, signed by a state-licensed, USDA-accredited veterinarian; or

4. Implanted electronic chips with a unique number that is recorded in a single, central database.

(11) Official test. A test conducted by a method approved by Department rules for the specific disease and animal species.

(12) Poultry, Domestic Fowl or Ratites. Chickens, turkeys, quail, pheasants, chukars, peafowl, guineas, ratites (limited to ostriches, emus and rheas) and waterfowl that are propagated or maintained for commercial or breeding purposes.

(13) Segregated. To maintain a group of animals separate from another group of animals in such a manner as to prevent physical contact between animals of the two groups.

Rulemaking Authority 585.002(4), 585.08(2), 585.145(2) FS. Law Implemented 585.08(2)(a), 585.145(1), (2) FS. History—New 1-19-95, Amended 6-4-95, 6-21-06, 2-19-14.

5C-4.0016 Applications, Cards, Forms, Other Official Documents Required and Fees.

(1) USDA. VS Form 10-11. An official USDA, APHIS, VS form required for submitting samples and reporting results of Equine Infectious Anemia (EIA) tests.

(2) Division.

(a) Official Certificates of Veterinary Inspection (OCVI). These certificates are provided only to Florida-licensed and USDA-accredited veterinarians and may be obtained as provided in subsection 5C-4.0016(3), F.A.C. Depending on species and purpose (sale or movement), the following are Florida-recognized OCIVs:

1. Official Certificate of Veterinary Inspection, DACS-09000; for use with all species, in association with movement or sale. Cost is \$65 per book of 25 certificates.

2. Official Equine Certificate of Veterinary Inspection, DACS-09002; for use with equine, in association with movement or sale. Cost is \$65 per book of 25 certificates.

(b) Equine Interstate Passport Card, DACS-09207, is an official card provided by the Department to the horse owner, which certifies the existence of an official negative EIA test within the previous 12 months and a valid Florida Official Certificate of Veterinary Inspection for interstate movement for exhibition purposes in states which accept the card. The document is valid for six (6) months provided the conditions in subsections 5C-3.003(5)(a)-(f), F.A.C., are met. The Equine Interstate Passport Card is not acceptable for change of ownership purposes. It may be applied for by submitting an Application for Equine Interstate Passport Card, DACS-09219, to the Division with the associated fee of \$15.00 for the first equine and \$5.00 for each additional equine on the same application. Copies may be obtained as provided in subsection 5C-4.0016(3), F.A.C.

(c) Negative EIA Test Verification Card, DACS-09160, is an official document provided by the Department to the horse owner to show proof of a negative EIA test within the previous 12 months, for purposes other than change of ownership. The document is valid for 12 months from the date the blood was drawn and is renewable annually with an associated fee of \$5.00 per application (Card). The Negative EIA Test Verification Card may be applied for by submitting the Application for Negative EIA Test Verification Card, DACS-09206. Copies may be obtained as provided in subsection 5C-18.0011(4), F.A.C.

(d) Equine Event Extension (A Permit), DACS-09051, an official document provided by the Department to the horse owner, which certifies the existence of an official negative EIA test within the previous 12 months and a valid Florida Official Certificate of Veterinary Inspection. The document is valid for six (6) months provided the conditions in subsections 5C-3.003(5)(a)-(f), F.A.C., are met. It may be applied for by submitting the Application for Equine Event Extension, DACS-09078, to the Division as referred to in subsection 5C-3.003(5), F.A.C., with the associated fee of \$10.00 for the first equine and \$5.00 for each additional equine on the application; copies of which may be obtained as provided in subsection 5C-3.0011(4), F.A.C.

(3) Forms. VS Form 10-11 (APR 90), is hereby incorporated by reference. Copies may be obtained from the United States Government Printing Office, Superintendent of Documents, Mail Stop SSOP, Washington, D.C. 20402-9328. Official Certificate of Veterinary Inspection, DACS-09000 Rev. 07/03; Official Equine Certificate of Veterinary Inspection, DACS-09002 Rev. 10/05; Equine Event Extension (A Permit), DACS-09051 Rev. 03/06, Application for Equine Event Extension, DACS-09078 Rev. 10/05, Equine Interstate Passport Card, DACS-09207 Rev. 07/05, Application for Equine Interstate Passport Card, DACS-09219 Rev. 10/05, Negative EIA Test Verification Card, DACS-09160 Rev. 07/05, and Application for Negative EIA Test Verification Card, DACS-09206 Rev. 10/05, are hereby incorporated by reference. Copies may be obtained from the Florida Department of Agriculture and Consumer Services, Division of Animal Industry, 407 S. Calhoun St., Tallahassee, FL 32399-0800; (850)410-0900.

Rulemaking Authority 585.002(4), (5), 585.08(2)(a), 585.145(2) FS. Law Implemented 585.08(2)(a), 585.145(1), (2) FS. History—New 6-21-06.

5C-4.0017 General Requirements, Exemptions and Limitations.

(1) Official Certificate of Veterinary Inspection (OCVI) Required. Animals presented for exhibition purposes in Florida, unless specifically exempted, must be accompanied by an OCVI issued by a veterinarian accredited in the state of origin.

(a) The OCVI must be complete including the breed, sex, and registration number, and the official individual identification of each animal.

(b) Results of a specific test requirement or herd accreditation, certification or validation number for each animal must be recorded on the OCVI with the date of the test or herd accreditation, certification or validation.

(2) Expiration of Required OCVI.

(a) For Florida-origin animals an OCVI is valid for 90 days from the date of issue; or until the expiration date of any required tests, whichever is the earliest date.

(b) For animals imported into Florida for exhibition purposes only, the OCVI is valid for 30 days, except that, for equine imported into Florida using a current Equine Interstate Passport Card, DACS-09207, or equivalent of the state of origin signed by the State Veterinarian or chief animal health official, the OCVI will be extended to the date of expiration of the Equine Interstate Passport Card or its equivalent of the state of origin.

(3) Exemption to Required OCVI. An OCVI is not required for animals originating in Florida and entered in market classes provided that animals are segregated from other animals and the pens are occupied only by the animals in a market class. Pens used for market classes must not be reused until after cleaning and disinfecting.

(4) Inspection Required. Prior to immediate acceptance at an exhibition, all animals presented for exhibition must be visually inspected by an authorized representative for:

(a) The required official individual identification of the animal; and

(b) Clinical signs of disease including, but not limited to: caseous lymphadenitis, blisters/ulcers around the mouth, nostrils, coronary band, pinkeye, pox, scabies, lice, ringworm, atrophic rhinitis, or multiple warts that are clearly visible; and

(c) Evidence of compliance with animal tests and OCVI requirements, where required.

(5) Animals Rejected for Exhibition.

(a) Any animal in noncompliance with animal tests and OCVI requirements, or

(b) Any animal not meeting the official individual identification requirements, or

(c) Any animal which is suspected of having or showing clinical signs of dangerous transmissible, contagious or infectious disease on visual inspection, or any animal which is known to be exposed to such diseases must be:

1. Immediately withdrawn from exhibition and returned to the place of origin, or

2. Examined by a Florida-licensed and USDA-accredited veterinarian at the owner's expense within 24 hours, who certifies by a signed, written statement, that the animal is free of dangerous transmissible, contagious or infectious disease and pests.

(6) Forms. Equine Interstate Passport Card, DACS-09207 Rev. 07/05, is hereby incorporated by reference. Copies may be obtained from the Florida Department of Agriculture and Consumer Services, Division of Animal Industry, 407 S. Calhoun St., Tallahassee, FL 32399-0800.

5C-4.002 Cattle or Bison.

(1) OCVI Required.

(a) Florida-origin cattle or bison moved for exhibition must be accompanied by an OCVI dated not more than 90 days prior to exhibition.

(b) Cattle or bison imported from other states for exhibition must be accompanied by an OCVI dated not more than 30 days prior to exhibition.

(2) Test or Certification Required.

(a) Tuberculosis.

1. Florida-origin cattle or bison may be entered for exhibition without a tuberculin test.

2. Imported dairy cattle may be entered for exhibition provided they have a negative caudal fold tuberculin skin test within 30 days prior to the date of the exhibition; except that, dairy cattle from Accredited Tuberculosis-Free Herds originating in Tuberculosis-Free States, are exempt from this test requirement.

3. Imported beef cattle or bison may be entered for exhibition without a negative caudal fold tuberculin skin test provided they originate from Accredited Tuberculosis-Free States or Herds. Otherwise, they must meet the requirements in subparagraph 5C-4.002(2)(a)2., F.A.C.

(b) Brucellosis.

1. Test Required. Cattle or bison, six (6) months of age or older, must have evidence of a negative brucellosis test within 30 days prior to the date of exhibition.

2. Exemption from Required Brucellosis Test.

a. Steers and spayed heifers; and

b. Cattle or bison originating from a Certified Brucellosis-Free Herd, or a Brucellosis Class Free State or Area which when certified, the OCVI must show the certified herd number and the date of the last herd certification test; and

c. Cattle or bison from non-quarantined herds originating from Class A State or Area provided that the cattle are under 18 months of age.

5C-4.003 Swine.

(1) OCVI Required.

(a) Swine for exhibition must be accompanied by an OCVI dated not more than 90 days prior to presentation for exhibition.

(b) Swine imported for exhibition must be accompanied by an OCVI dated not more than 30 days prior to presentation for exhibition.

(2) Tests or Certification Required for Breeding Swine.

(a) Brucellosis.

1. Swine six (6) months of age or older must be negative to an official test for brucellosis within 30 days prior to exhibition, or

2. Originate from a Validated Brucellosis-Free Swine herd as defined in 9 CFR § 78.1, or

3. Originate from a Commercial Production Swine Herd as defined in subsection 5C-4.0015(4), F.A.C.

(b) Pseudorabies. Swine six (6) months of age or older must be negative to an official test for pseudorabies within 30 days prior to exhibition, or

1. Originate from a Qualified Pseudorabies-Free Herd as defined in 9 CFR § 85, or

2. Originate from an Approved Commercial Production Swine Herd.

(3) Exemptions. Swine for exhibition as “market class” swine are exempt from the OCVI and test requirements provided that all swine in the class go directly to slaughter following the exhibition.

(4) Isolation. Breeding swine returning to the farm from exhibitions must be isolated from other swine at least 30 days before being returned to the herd. Breeding swine for exhibition must be maintained in isolation between exhibitions or move directly between exhibitions.

(5) Materials. 9 CFR § 78 (2005) and § 85 (2005) are hereby incorporated by reference. Copies may be obtained from the United States Government Printing Office, Superintendent of Documents, Mail Stop SSOP, Washington, D.C. 20402-9328.

5C-4.005 Goats or Sheep.

(1) OCVI Required.

(a) Florida-origin goats or sheep presented for exhibition must be accompanied by an OCVI dated not more than 90 days prior to presentation.

(b) Goats or sheep imported into Florida for exhibition must be accompanied by an OCVI completed within 30 days prior to exhibition.

(2) Identification. All goats or sheep entered for exhibition purposes must have an official individual identification in accordance with the National Scrapie Eradication Uniform Methods and Rules, APHIS 91-55-066, June 1, 2005.

(3) Test or Certification Required.

(a) Tuberculosis Test. All dairy goats six (6) months of age or older imported for exhibition purposes must originate from an Accredited Tuberculosis-Free Herd, or have had a negative caudal fold tuberculosis test within 90 days prior to exhibition. When originating from accredited tuberculosis-free herds, the OCVI must show, the accredited herd number and the date of the last herd accreditation test.

(b) Brucellosis Test. All dairy goats six (6) months of age or older imported for exhibition purposes must originate from a Certified Brucellosis-Free Herd, or have had a negative brucellosis test within 90 days prior to exhibition. When originating from a certified brucellosis-free herd, the OCVI must show the certified herd number and the date of the last herd certification test.

(c) Exemption From Test Requirements. There are no tuberculosis or brucellosis test requirements for meat type goats or Florida-origin dairy goats.

**Upcoming Changes to the State Exhibition Rule
F.A.C. 5C-4 Summary**

May 30, 2018

The following is a summary of changes to the Florida Exhibition Rule, F.A.C. 5C-4. These changes are made at the request of industry and are expected to take effect on or around July 1, 2018.

The changes include:

- The accepted time period for valid testing results on Florida origin breeding swine has been extended from 30 days to 90 days. The 90-day time frame coincides with the length of time the Official Certificate of Veterinary Inspection (OCVI) is valid.
- Florida origin sheep and goats less than three months of age and accompanied by their dam are exempt from the OCVI requirement.
- Sheep and goats less than three months of age are exempt from the Scrapie Identification requirements.

For questions or clarification on the state rule, please contact the division at (850) 410-0900.

.....

In addition to the changes above, federal regulation [9CFR. 71.19](#) requires that all swine shown at fairs or exhibitions (interstate commerce) be accompanied by official individual identification.

Presented swine that do not meet the federal official individual identification requirements may not be allowed entrance into the fair.

For more information on swine identification requirements, see the attached document, *Identification of Swine, Fairs and Exhibitions*, or contact Melinda Springer at Melinda.A.Springer@aphis.usda.gov, (352) 745-0576, or Amy Whicker at Amy.R.Whicker@aphis.usda.gov, (352) 342-5914.

Announcement Interstate Movement of Swine

In a few months, there will be a change to the Florida Importation Rule 5C-3. Beginning July 1, 2018, all swine being imported into Florida, six months of age or older, must be officially identified and test negative for Swine Brucellosis and Pseudorabies. While the state rule will require swine six months of age or older to be officially identified, the current federal regulation, [9 C.F.R. 71.19](#), requires all swine in interstate commerce to be officially identified. The list of approved swine identification devices/methods includes:

Standard Movement (Identification must be listed on the Official Certificate of Veterinary Inspection)

- Radio Frequency Identification (RFID) ear tags, Official Premises Identification Number (PIN) or National Uniform Ear-tagging System (NUES) ear tags.
- Ear notching, if the ear notching has been recorded in the book of record of a purebred registry association.
- Tattoos on the ear or inner flank of any swine, if the tattoos have been recorded in the book of record of a swine registry association.

Slaughter Only (Identification must be listed on the Official Certificate of Veterinary Inspection or bill of sale)

- USDA backtags (applied directly to an animal's back) only when used on swine moving in slaughter channels.
- For slaughter swine and feeder swine, an ear tag or tattoo bearing the PIN assigned by the State Animal Health Official to the single premises on which the swine originated.
- Official swine tattoos (issued and authorized by State or Federal Animal Health Officials) on swine moving in slaughter channels.

Testing Requirements (Testing information must be listed on the Official Certificate of Veterinary Inspection)

- All swine six months of age or older are required to test negative for the Swine Brucellosis and Pseudorabies virus within 30 days prior to importation, unless:
 - They originate from a Validated Brucellosis-free herd (No Brucellosis test required).
 - They originate from a Qualified Pseudorabies-Negative Feeder Pig Herd (No Pseudorabies test required).
 - The shipment is consigned directly to a USDA approved slaughter facility.

Based on the state rule, swine six months of age or older and not identified by one of the above-mentioned methods, or do not have proof of negative testing, will be denied entry into Florida. Those swine less than six months of age without official ID will be allowed entry into Florida with an Advisory Notice issued at the Agricultural Interdiction Station and those transporters will be contacted by the USDA.

Identification of Swine Fairs and Exhibitions

Federal regulation [9 CFR. 71.19](#) requires that all swine being shown at fairs or exhibitions (interstate commerce) must have official individual identification. Swine presented that do not meet the federal official individual identification requirements may not be allowed entrance into the fair. The list of approved swine identification devices/methods includes:

- Radio Frequency Identification (RFID) ear tags;
- National Uniform Ear tagging System (NUES) ear tags;
- Ear notching, if the ear notching has been recorded in the book of record of a purebred registry association, with registry association documentation accompanying animal; and
- Ear or flank tattoo, for those recorded in the book of record of a swine registry association, with registry association documentation accompanying animal.

**IAFE (INTERNATIONAL ASSN. OF FAIRS AND EXPOSITIONS)
NATIONAL CODE OF SHOW RING ETHICS**

Exhibitors of animals at Livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all Livestock offered in any event at a Livestock show. In addition to the IAFE National Code of Show Ring Ethics, fairs and Livestock shows have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and Livestock shows. Exhibitors who violate this code of ethics demean the integrity of all Livestock exhibitors and should be prohibited from competition at all Livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all Livestock in competitive events:

1. All exhibitors must present, upon request of the fair and Livestock officials, proof of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by Fair or Livestock show officials.
3. Exhibitors are expected to care for and groom their animals while at Fairs or Livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a Livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with animal entering the food chain shall not be administered drugs other than in accordance with entry fee federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from Livestock indicates the presence of forbidden drugs or medications, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or Livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.
5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could effect the animal's performance or alter its natural contour, confirmation, or appearance except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violations of this rule shall subject such individual to disciplinary action as determined by the Volusia County Fair Management.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or Livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or Livestock show without recourse against the fair or Livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or Livestock show may be published with the name of the violator or violators in any publication of the International Assn. of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering of an animal in a fair or Livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read this IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Please Note: The Volusia County Fair Assn., Inc. has the final interpretation of Show Ring Ethics Rules.

Any exhibitor, advisor, parent or any other responsible person who violates the Volusia County Fair & Youth Show Ring Code of Ethics demeans the integrity of all Livestock exhibitors and could be prohibited from the Volusia County Fair & Youth Show competition and livestock shows.

ETHICS CERTIFICATION

Ethics Certification: The Volusia County Fair & Youth Show believes that all youth exhibitors should receive proper information and training for raising and showing an animal project. Exhibitors that exhibit at the Volusia County Fair & Youth Show will be required to have completed the ethics training class in order to show at the Volusia County Fair & Youth Show.

It is important that youth exhibitor understand:

- Purpose of youth livestock projects.
- The importance of ethics in youth livestock projects.
- Proper animal handling and management.
- The difference between animal welfare and animal rights.
- Be prepared to be an ambassador for animal agriculture.

The Youth Livestock Show Ethics and Animal Care Workshops are designed to certify students/exhibitors meet the mandatory certification requirements that will be in effect for showing at the Volusia County Fair & Youth Show. Certification is valid for a three (3) year period. The program is endorsed by the Florida Department of Agriculture and Consumer Service and the University of Florida, Institute of Food and Agriculture on the entry form or at check in.

Ethics Certification: Ethics certification is required for exhibitors of livestock and small animals in the Volusia County Fair & Youth Show. If an exhibitor is found at check in to have an invalid ethics certification number, their animal(s) will be removed. If an invalid ethics certification number is found after check in, the exhibitor will forfeit premiums.

Livestock exhibitors are required to provide a valid
Ethics certification number on the entry form annually.

Bring a copy of your ethics certification with all entries. Should you have an expired ethics certificate, you must provide a new certificate within 7-10 days after completion of a new ethics class. Please submit your ethics certification to sales@volusiacountyfair.com

Ethics certification numbers can be checked against the Florida State Fair's list.

**Check the Florida State Fair website for locations, dates and times for
Ethics certification classes.**

Note: Due to the early printing of this book, changes, errors, deletions or omissions may occur, in which case, the Volusia County Fair Assn. has the right to amend its own rules and regulations and to decide all matters and difference in regards thereto including amendments.

The Volusia County Fair & Youth Show reserves the right to alter or delete premiums and awards, delete or change categories and change sponsorship and change entry dates and times as may be necessary.

Volusia County Fair & Youth Show Livestock Show General Rules

- 1. Rule Interpretation:** The management of the Volusia County Fair & Youth Show has the right to amend, add to, interpret and administer the rules and regulations, and to arbitrarily settle and determine all questions and differences in regard thereto, or otherwise arising out of, connected with or incident to the Volusia County Fair, and their decision will be final. By virtue of membership to the IAFE, we accept and adopt their rules. Any complaints must be in writing within thirty (30) days of the date of the complaint and delivered to the fair office of the Volusia County Fair Assn., Inc., at 3150 E. New York Avenue, DeLand, FL 32724. Any evidence of fraud coming to the attention of the fair management will be prosecuted to the fullest extent of the law. Check back often for new revisions of the handbook.
- 2. Eligibility of Exhibitor:** Exhibitor must reside in Volusia County, meet age requirement as of September 1st, of the current year and be enrolled and in attendance in an elementary school through high school or home school in Volusia County at the time of the fair. Any one having graduated or dropped out of high school shall be ineligible to enter or show. The Livestock Committee or Fair Management reserves the right to ask for proof of school records and proof of residence. Exhibitor may be a member of a FFA Chapter, 4-H Club or an Independent exhibitor. Ethics certification is required to show at the Volusia County Fair. The fair reserves the right to not accept entry forms that are late, incomplete, without entry fee, unsigned, without a bill of sale or statement of ownership, livestock exhibitor certificate, copy of ethics certificate or waiver.
- 3. Ethics Certification:** Ethics certification is required for exhibitors of livestock and small animals. Current ethics numbers are to be on the entry form and a copy of ethics certificate attached to the entry form. Livestock exhibitors are required to provide a valid ethics certification number on the entry form annually. Bring a copy of your ethics certification with all entries. Should you have an expired ethics certificate, you must provide a new ethics certificate within 7-10 days after completion of a new ethics class.
- 4. Social Security or Federal ID Number:** If a Social Security Number or Federal ID Number is not provided, the Volusia County Fair has the right to not issue premium check or money.
- 5. Exhibitor Liability Responsibility:** The owner or custodian of all property of any kind whether entered for exhibit or for other purposes assumes, as a condition of admission to the grounds, all responsibility for loss, damages, thefts or personal injury to self or others. Due diligence will be used to insure the safety of exhibits, but under no circumstances will the Volusia County Fair Assn., Inc. be held responsible. Its officers, agents and employees shall be indemnified by the exhibitor against all legal or other proceedings relating thereto.
- 6. Exhibitor Liability for Animals:** Exhibitor assumes all liability in case of death, injury or loss of their animal until the animal is removed from the fairgrounds. If an exhibitor's animal becomes sick or injured while at the fair, consult your veterinarian and contact the Superintendent, Livestock Chairmen or Fair Management immediately. If an exhibitor is unavailable to ensure prompt attention to their animal, in case of illness, injury or death, the exhibitor gives a superintendent and/or the Livestock Chairmen the authorization to contact a veterinarian. The exhibitor agrees to be responsible for all expenses incurred. Sick animals may be released immediately. The Superintendent and/or the Livestock Chairmen will determine if the animal will be allowed to stay at the fair.
- 7. Exhibiting Animals and Replacement Exhibitor:** Only animals being shown at the Volusia County Fair are permitted on the fairgrounds. Animals will be shown by the entered exhibitor only. If an entered exhibitor is unable to show an animal, the exhibitor must contact the Superintendent and Livestock Chairman. A replacement exhibitor must be approved by the Livestock Chairman and the Superintendent. Approved exhibitor changes will require a new entry form to be completed, signed and turned into the fair office by the deadline entry date. No changes after the deadline date.
- 8. Unprofessional Actions:** Any exhibitor, parent, advisor, teacher, leader or other, who display unprofessional and/or inappropriate behavior or actions on any social media toward any member of the Fair Board, Fair Staff, Livestock Chairman, Livestock Committee, Graders, Judges or exhibitors may be just cause for the exhibitor and their animal(s) to be disqualified and removed from the fairgrounds. Exhibitors may also be barred from showing at future fairs. Each person is responsible for his or her own actions and behavior.
- 9. Food, Drink or Tobacco Products in Livestock Areas:** Food, drinks, tobacco products, drugs and alcoholic beverages are strictly prohibited in the livestock barn, small animal barn and all animal areas of the fairgrounds.

Drugs and alcoholic beverages are not allowed in any area of the fairgrounds.

- 10. Animal Control and Area Restrictions:** Exhibitors must be able to safely handle and control their animal. Failure to maintain animals and exhibit area to acceptable standards and/or failure to cooperate with fair management may result in forfeiture of premiums, disqualification and/or dismissal from the fair. Animals are restricted to designated areas of the fairgrounds and must not be taken from this area. Violators are liable for any damage incurred by owner or animal. Only animals being shown are permitted on the fairgrounds. No dogs are allowed, except Service Dogs.
- 11. Animal Grooming:** Animals must be properly groomed for shows and showmanship. Grooming chute spaces are not allowed to be set up early. Grooming chutes may be left only during the time assigned exhibitor has an animal showing. Grooming areas must be cleaned of hair, manure and trash immediately after grooming and shearing or the exhibitor will be asked to remove equipment. Grooming and clipping of animals are limited to FFA Advisors, 4-H Leaders, parents and exhibitors. Sheep are to be sheared and groomed before brining to the fair. Sheep grooming and shearing are not allowed at the fair.
- 12. Treatment of Animals:** Exhibitors must treat all animals in a humane way and understand they will forfeit their right to show at the Volusia County Fair & Youth Show if this rule is violated. The use of all artificial products is prohibited. Refer to IAFE Code of Ethics for information.
- 13. Veterinarian on Fairgrounds:** Veterinarians called to treat or examine an animal entered in the Volusia County Fair & Youth Show must check in at the barn with the Livestock Chairman. The owner of the animal is responsible for veterinarian charges.
- 14. Removal of Animals:** Animals must be removed from the fairgrounds on the check out day and time. Animals removed before the check out day and time, unless the animal is sick or injured and is released by the Division Superintendent and Livestock Chairman or animals left after check out day and time, will not receive premiums. The fair accepts no responsibility for animals remaining after the check out day and time.
- 15. Pen Cleaning and Awards:** Exhibitor will forfeit premium awards and will not be invited to show next year, on any exhibit removed before 8:00 a.m. on the check out day or if pens are not cleaned on check out day in the allotted daily pen cleaning time.
- 16. Premiums and Awards:** The Volusia County Fair & Youth Show reserves the right to alter or delete premiums and awards, delete or change categories and/or change sponsorships.
 1. Premiums will be paid on the basis of the judging and cash award reports, which must be verified and signed by the department superintendent.
 2. Premiums and awards are given to exhibitors at check out where time allows.
 3. Award checks or money not picked up at check out, will be available at the fair office.
 4. The fair will not mail checks or money.
 5. Checks and money will be held for sixty (60) days after the last day of the fair.
 6. Premium checks must be cashed within ninety (90) days from the check date.
 7. If an exhibitor fails to timely negotiate a check or collect money, the exhibitor shall be deemed to have made an unconditional and irrevocable gift of said check or cash to the Volusia County Fair Association.
- 16. A Market Sale Check Distribution:** Market sale checks will be available thirty (30) days after the last day of the fair in the fair office or as designated by fair management. Checks will be held for sixty (60) days after the last day of the fair, in the fair office. Checks are to be cashed within ninety (90) days from the last day of the fair. If an exhibitor fails to timely negotiate a check or collect award money, the exhibitor shall be deemed to have made an unconditional and irrevocable gift of said award money (cash or check) to the Volusia County Fair Association, Inc. The Volusia County Fair Association, Inc. does not do add-ons.
- 17. Market Sale Animals and Exhibitors:** Individual exhibitors are allowed to show and sell only one (1) market sale animal. Individual market exhibitors shall be ineligible to show FFA Chapter or 4-H Cub animals. FFA Chapters and 4-H Clubs may exhibit and sell one (1) of each market sale animal. Livestock Judging Teams and other groups will be disallowed from exhibiting and showing market animals.
- 18. Cattle Identification and Exhibition:** Steers will be required to have a USDA Cattle Identification Tag beginning in 2016 for the Volusia County Fair & Youth Show. Beef breeding cattle, 18 months of age and older entered in the Volusia County Fair & Youth Show will be required to have a USDA Cattle Identification Tag.

- 19. Exhibitor Special Needs:** It is the responsibility of the exhibitor and a parent to inform the Livestock Chairman if the exhibitor has any special needs (i.e., hearing or physical disability). Special arrangements cannot be made if fair management is not aware of the need.
- 20. Livestock Barn Helpers:** For a show, auction or grooming area:
Department Superintendents, FFA Advisors and 4-H Leaders are to give the Livestock Chairman the names of barn helpers. Those not authorized to be in the barn area will be asked to leave. This is for the safety and security of the exhibitors, patrons and animals.
- 21. Attire:** Livestock exhibitors are required to wear the following for shows and sales:
- **FFA Exhibitors** - Official dress for FFA as defined in the official manual.
 - **4-H Exhibitors** - Dark pants, belt, white shirt with collar, 4-H insignia, 4-H jacket.

 - Shirts must be tucked into pants. Belts are recommended. Skirts are not recommended.
 - No hats, caps or headgear allowed in the show ring.
 - No blue jeans in the show ring.
 - Closed toe shoes or boots must be worn in the barn and show ring. Flip-flops, open toe shoes, athletic shoes (sneakers/ tennis shoes) or boat shoes (Sperry's) are not to be worn in the barn area.
- 22. Quota System on Animals:** A quota system is used, where necessary.
- 23. Show Time:** Exhibitor must stay with their animal until the show or sale is concluded. There will be mandatory exhibitor meeting one (1) hour before each show or sale. Only exhibitors showing in the livestock show or sale will be allowed in the barn thirty (30) minutes before the show or sale. Parents must be out of the barn starting thirty (30) minutes before a show or sale and remain out until the show or sale is concluded.
- 24. Showing Animals:**
1. Exhibitors must designate on the entry form which organization they will be showing under, 4-H or FFA or as an Independent. No exhibitor will be allowed to change their organization after they have turned in the entry form. Exhibitors are not allowed to show an animal in the same department/division under FFA, 4-H or as an Independent.
 2. Chapter or Club animals may be shown by an approved member who is not showing another animal and has been responsible for the care and training of the animal.
 3. The Volusia County Fair Board has the right to limit the number of animals in all shows and sales and to change classes/divisions when necessary.
 4. Exhibitor must stay with their animal until a show or sale is concluded.
 5. There will be a mandatory exhibitor meeting one (1) hour before each show or sale.
 6. For safety and security, only exhibitors showing in the livestock show or sale will be allowed in the barn thirty (30) minutes before the show or sale. Parents and others must be out of the barn starting thirty (30) minutes before a show or sale and remain out until the show or sale is concluded.
- 25. Youth Groups:** (FFA Chapter or 4-H Club)
- a. Animals owned by a youth group will be shown, judged, sold and awards given under the youth group division.
 - b. Youth group divisions must have two (2) or more entries for a class or there is no youth group. See division rules on required youth group entries.
 - c. Youth group divisions will not compete with individual owners except in classes where there is no youth group division.
 - d. Only one (1) animal may be entered by any youth group in each youth group division of each livestock class.
 - e. Only one (1) exhibitor per animal.
- 26. Judging - Danish System:**
All animals will be judged under the Danish System.
The Volusia County Fair & Youth Show uses the Danish System of judging. The Danish System of judging is based upon established standards of quality for each type of product. In this system each exhibit is judged according to how well it meets that standard rather than how it compares with other exhibits. The Danish System of judging does not compare one person's work to another. The evaluation is made against a project standard. The judge evaluates whether the requirement's have been met. Ribbons are awarded according to the degree that the exhibitor's project meets the standards. Also, in the Danish System everyone whose work fulfills the minimum

qualifications receives a ribbon.

Blue Ribbon - Excellent Award: Exhibits that rank “excellent” meet the standards. Blue indicates that the exhibit meets or exceeds product standards and meets exhibit requirements; overall, the work is of high quality - excellent.

Red Ribbon - Good Award: Exhibits that rank “good” in relation to the project standards or expected achievement. Red means the exhibits meets minimum product standards and exhibit requirements; overall, the work is of average quality - good. Red indicates good quality; however, there is room for improvement in the exhibit.

White Ribbon - Fair Award: Exhibits that do not meet the product standards and needs much improvement. White indicates serious or considerable deficiencies in meeting product standards and/or exhibit requirements of fair. These exhibits upon evaluation are found lacking and rate only average, acceptable or satisfactory for the standards established. No award or no ribbon may be given if exhibits which, for one reason or another, fails to produce that level of achievement which can be reasonably expected in relation to the specific class or performance in which they are entered.

1. The decision of the judges shall be final. In case of a tie, the decision of the judges is final.
2. A judge may disqualify any exhibit not of show quality.
3. Group owned animals (4-H Club and FFA Chapter youth groups) shall be judged separately, except in classes with no youth group division.
4. Youth group divisions must have two (2) or more entries for a class or there is no youth group. See division rules on required youth group entries.

27. Animal Identification and Health Certificates: Every animal entered in the Volusia County Fair must carry positive identification such as ear tags, ear tattoos or brands. Individual animal identification number must correspond with the numbers on the official health certificate. Proper health certificates must be available and checked by the Livestock Inspector. The certificate must comply with state regulations.

NO BULLS, RAMS, BUCKS, BILLY'S OR BOAR'S ALLOWED.

MARKET ANIMALS WILL HAVE SAMPLES TAKEN AT TAG IN FOR DNA.

28. Animal Inspections: Animals must be in the possession of the exhibitor and on the property of the exhibitor, school property, property of lessor or other property located within the Volusia County School District.

29. Animal Care: Animals are restricted to a designated area of the fairgrounds and are not to be taken from this area. Violators are liable for any damage incurred by owner or animal. Only animals being shown at the fair are permitted on the fairgrounds - the exception being service animals. Failure to maintain animals and exhibit to acceptable standards and/or failure to cooperate with fair officials will result in a verbal warning and may result in premium award forfeiture. If the problem continues, there will be a \$25.00 a day fine. Exhibitor may be barred from future fairs.

30. Record Book: Record books are optional for livestock and small animal entries.

31. Showing a Market and/or Breeder Animal or Pregnant Animals: An animal may be shown only as a breeder or a market animal, but not both. No animal may be replaced after the entry deadline date without approval of the Livestock Chairmen and Division Superintendent. Pregnant animals may be shown in breeding classes except for breeding swine. The fair accepts no responsibility for pregnant animals entered in the fair. Any market animal found to be pregnant after the sale, will result in forfeiture of sale money by the exhibitor. The buyer will be refunded their purchase price and the exhibitor will be responsible for any settlement with the slaughter facility.

32. Animals in Barn:

1. All cattle must be secured by a halter, lead rope and a necktie.
2. Animal must be halter broken and exhibitor must be able to safely handle the animal. Livestock animals will be screened.
3. Any animal that is determined to be unmanageable, by the livestock management, will be removed from the fairgrounds.
4. Exhibitors that fail to care for his or her animal during the fair will receive a verbal warning. If the problem continues, a \$25.00 per day fine will be assessed, and the exhibitor could be barred from future fairs. Only animals being shown at the Volusia County Fair are permitted on the fairgrounds.

Livestock Barn Closing Time: The barn will close each night at 10:00 p.m., except for after a show, sale or auction and the barn will then close thirty (30) minutes after a show, sale or auction. Exhibitors are to be out of the barn and off the livestock area grounds no later than 10:00 p.m. when the barn is closed and thirty (30) minutes after a show, sale or auction.

Livestock Area: Livestock exhibits must be presented and kept in an attractive and clean manner. Exhibitors are responsible for cleaning and maintaining livestock area and for securing their equipment. All tack, grooming, show equipment and extra feed must be kept in adequate show box or brought in and removed daily. Show boxes may be kept outside of the Townsend Livestock Pavilion along the West wall (area must be kept neat and clean). No divider panels allowed in the Townsend Livestock Pavilion. The fair is not responsible for items left at the fairgrounds. Do not alter or remove equipment belonging to the fair.

Daily Care and Feeding of Animal: All animals are the responsibility of the exhibitor to be fed, watered and pens cleaned daily until the animals leave the fairgrounds. All feeders must be removed from pens immediately after feeding. No self-feeders are allowed.

Bedding: The upper layer of shavings only must be removed and shavings replaced daily. Hay is not permitted.

Daily Pen Cleaning: Pens must be cleaned daily. Exhibitors are responsible for daily pen cleaning. Monday, Tuesday, Wednesday, Thursday and Friday, pens are to be cleaned between 12:00 (Noon) and 6:00 p.m.; Saturday and Sunday pens are to be cleaned between 8:00 a.m. and 11:00 a.m. Any exhibitor failing to do a daily cleaning of the animal pen or to care for their animal: After a verbal warning, will be fined \$25.00 a day and may not be allowed to show at future fairs or may be asked to remove the animal from the fairgrounds.

Pen Cleaning and Sign Out on Check Out Day: After the animal has been removed from the barn, on the scheduled check out day, pens must be cleaned by 12:00 p.m. (Noon) or as scheduled by the Barn Superintendent or a Livestock Chairman. The exhibitor must be present on check out day to clean the pen and sign out with the Superintendent or Livestock Chairman. If a pen is not cleaned and the exhibitor fails to sign out, the exhibitor will be subject to the forfeiture of premium money and a fine of \$25. Market animal exhibitors are responsible for daily pen cleaning with an exception on removal day only. Do not take items belonging to the fair. Fair equipment is not to be disconnected, altered or removed at any time - this includes watering equipment.

Animal Grooming: Grooming chute areas will be monitored by fair management or fair personnel. Animals must be properly groomed for shows and showmanship. Grooming chute spaces are not allowed to be set up early. Grooming chutes may be left only during the time the assigned exhibitor has an animal showing. Grooming areas must be cleaned of hair, manure and trash immediately after grooming and shearing or the exhibitor will be asked to remove equipment. Grooming and clipping of animals are limited to FFA Advisors, 4-H Leaders, parents and exhibitors.

BEEF BREEDING - SHOW QUALITY and CONDITION:

Show quality and condition will be determined by livestock management.

Grooming for all cattle will be "blow and go" and no artificial products allowed.

Animal Show Condition: Animals must be clean, washed and in show condition.

- All livestock received must be disease and pest free and in show condition.
- Show condition is described as clean, groomed coat, not matted or manure caked, hooves must be trimmed to an attractive length.
