

Company Data

United Analytics Corp. along with its subsidiary Combat Field Systems (CFS) are a fables design house with over 70 years of combined Engineering expertise ready to provide creative solutions for both RF Communications and Materials Uniformity Characterization

CFS DUNS: 968523758

CFS CAGE CODE: 6FTH2

NAICS Codes:

334220

334519

Contact Information:

CAPABILITY STATEMENT

Capabilities

Experts in:

- Specialty antenna design
- Cosite Mitigation techniques
- RF System Engineering
- System Integration
- Non-Destructive Conductive/Non-Conductive/Composite/Biologic Materials Uniformity Characterization Equipment

Differentiators

- Specializing in Out of the Box Solutions
- We interpret Customer requests and design to them
- Real world testing for product characterization
- System Integration
- Not afraid to ask questions

Current Products/Projects

- Extremely Wideband Body Worn Antenna
- Specialized Antenna Interface – Awaiting Positron Emission Tomography (PET) Verification
- Tire Casing Non-Destructive Testing/Characterization
- Rust Detection - Painted Surfaces
- Crack/Stress Detection in Composite Structures
