May 13th, 2020

Dear Siena Owners Association,

During an inspection performed on 9/24/19 it was found that the original fire lanes painted on the entry curbs to the courts were inadequate and did not meet our department standard. Working with the boards president we were able to create a plan to extend the fire lane in the courts that were found to be too narrow to allow for a parked car and fire department access.

The board was notified if they were going to extend the fire lanes, they would have to meet our department standard 92-40. Meaning they would have to paint the curb or street surface red and stencil in white lettering (No Parking Fire lane). They would also have to post a fire lane sign at the entry to the complex. The maintenance of the fire lane would fall to the HOA due to the lanes not being located on public streets.

Please feel free to contact the Fire Prevention Bureau at 707-399-5627 with any questions or concerns.

Thanks,

Trenton Herron
Fire Inspector
