

## School Admissions

The school shall be at all times equally free and accessible to all special needs students of the districts served by NW BOCES, subject to any requirements the Board may establish. Students applying for admission must provide written statement verifying that they have been immunized in accordance with Wyoming statutes for school admission and attendance.

All students in attendance or applying for admissions to NW BOCES will provide the following information at the times specified:

1. Completed physical given within 30 days of admission to NW BOCES and then annually thereafter with continuation of placement.
2. Emergency information and medical records will be received no later than the student's first day of school at NW BOCES.
3. Information forms and student permission forms must be completed and received by NW BOCES prior to student's admission.
4. Immunization data must be provided no later than the student's first day of placement at NW BOCES.

A pupil will be exempt from the above immunization requirements only when, (1) a physician's statement is presented that immunization would be detrimental to the child's health or, (2) a parent/guardian certified that the child is a member of a recognized religious group whose teachings are contrary to the administration of immunizing agents.
