

## Saltash RNA

Saltash branch was formed in September 1990. Formally commissioned in November 1990 at Saltash Guildhall with 2 founder members remaining.

We are a small branch with 26-30 members but active around Saltash and the local community.

The branch was the one of the first to mentor the new recruits at HMS Raleigh.

Two of our members have received the Arctic Star.

We are twinned with the Royal Canadian RNA Peregrine Branch and also affiliated to HMCS Kootany Association, Canada.

I myself joined the branch 2006/2007 and I am the Federation Rep and Saltash branch standard bearer.
