

I CAN ONLY IMAGINE 2

Kingdom Story Company

Casting Directors: Beverly Holloway, CSA and Mark Fincannon, CSA

ROLE: MILES

Male, 2 years old, White; Secure, never met a stranger. (Identical twins will be considered)

AUDITION INSTRUCTIONS:

For this role, we just need to see how the child does interacting with strangers or people who are not his family. We are looking to see that he would not be intimidated by the presence of crew and equipment, and would be able to focus and understand some very basic level direction. We just want to see the child's natural personality and ability to just be himself in the midst of the filming process, which can be intimidating to even adults at times.

The "audition" will really just be a casual chat and some play time. Please bring a couple of favorite toys and we will have the child tell us about them, what they like about the toys, etc. We will ask a few simple questions and just get an overall feel for the personality and comfort level of the child.
