

Crossville HEARTS SPRING 2024 Co-Op Semester CLASS DESCRIPTIONS

Acting Games

6th - 12th grade, Teacher: Ana Johnson

We will play games like charades, why are you late, dramatic death , and more.

American Literature: Poems & Short Stories

8th - 12th grade, Teacher: Dulci Corvin

**Homework required.

A brief look at short stories and essays by American authors. Students will be required to read a selection prior to class and come prepared to participate in group discussion.

Applied Math

6th - 8th grade, Teacher: April Turner

We will be working through math projects from Hands-On Math Projects to give real-life application of math concepts to the students. There are some projects that will require a small amount of data compilation during the week (for example: keeping track of physical activity for the week or taking a survey during the week).

Archery Off the Range

ages 10+, Teacher: Kevin Helwig

Archery off the range teaches aspects of various equipment, repairs, maintenance, and research to accomplish archery goals on the range for competition, recreation, and hunting. Homework consists of 1-2 topics per week that can be accomplished by the next class – estimated less than 2 hours per topic.

Art History

6th - 12th grade, Teacher: Alyson Hale

Each week we will learn about an artist or art movement and do a corresponding art project.

Auto Upkeep

9th - 12th grade, Teacher: Joe Parrent

Learn common problems and roadside emergencies along with car basics and expenses. We will get to learn as much as we can in the classroom but as the weather gets nicer we will be outside learning with the cars. There will be a continuation of this class in the fall for more hands-on.

Beginning Amigurumi Crochet

5th – Adult, Teacher: Ana Johnson

Learn the basics of making crochet animals. We will work on 2-4 projects using basic knots. Students will need to work some at home to complete projects. Yarn for beginning projects will be provided. If students have their own yarn, hooks, eyes, stuffing, etc. that they wish to bring, that is fine also, but not required.

Beginning Crochet

2nd - 7th grade, Teacher: Danielle Goss

Students will need yarn that is either worsted or bulky weight (4 or 5) with a hook size between 6-8mm.

Boomwhackers

5th - 12th grade, Teacher: Kristy Payne

**Important for students to be present at class as much as possible.

Learn melodies, cords, rhythms with Boomwhacker instrument and video instruction.

Bracelet Making

4th - 12th grade, Teacher: Joanie Gilbert

Brave Books

1st - 5th grade, Teacher: Elizabeth Stull

Brave Books aim to strengthen character, teach real American Values & true bravery that endure into the hearts and minds of children. We will be reading a new book each week and completing a mission to reinforce what we have learned. Come along on an adventure with the Brave team to freedom island and learn what it is to be brave, stand for what is right without backing down and defend the freedoms of freedom island.

Cake Decorating

6th - 12th grade, Teacher: Naomi Schmidt

Decorating cakes, cupcakes, and cookie – also making cake pops.

**a \$10 materials fee will be payable to Crossville HEARTS

Cake/Cookie Decorating

K - 5th grade, Teacher: Ashley Branstetter

Chess – ADVANCED Class

K - 12th grade, Teacher: Alan Kantor

To qualify for an advanced chess class, you need to have a good understanding of the game and be able to apply advanced tactics and strategies. You should also be familiar with common openings and endgames.

Chess – NOVICE Class

K - 12th grade, Teacher: Alan Kantor

For those that are beginners or have never played before and have the desire to learn the royal game.

Coffee & Jesus

8th - 12th grade, Teacher: Jerri Tuttle

Bible study & morning meditation on the word.

Cooking

3rd - 6th grade, Teacher: Victoria Green

and

6th - 12th grade

Intro into cooking skills. Basic kitchen safety skills and learning to follow a simple recipe.

Create Your Own Comic Book

5th - 12th grade, Teacher: Amanda Jo Wright

We will learn about the process for making comic books and work together as a team to make our own. Even if you can't draw, write, or come up with story ideas, you can still do something! The only requirement for this class is the willingness to work with others as a team and the ability to listen to and respectfully discuss ideas. By the end of the semester, we'll have our own class comic book to be proud of!

Creative Cupcakes

4th- 6th grade

and

7th - 12th grade, Teacher: Cheris Funkhouser

In this class we will be using some really fun items and techniques to decorate different cupcakes each week. After this class you should be able to take the ideas home and use them!

Creepy Crawlies

K -3rd grade, Teacher: Amando Jo Wright

We will learn about different types of creepy bugs and why they're so important and necessary in our world.

Cursive Handwriting

3rd - 6th grade, Teacher: Danielle Goss

Learn how to write in cursive.

Daily Life Skills Big Book from Classroom Complete Press

8th - 12th grade, Teacher: Sheri Glup

Daily Life Skills will be a 2-semester class; DLSs is comprised of reading passages, graphic organizers, real world activities, crossword, word search, and comprehensive quizzes. This workbook combines high interest concepts with low vocabulary to ensure all learners understand the essential skills required in life.

***Students will need to bring a 3-ring binder (2-3 inches) to class with them.*

Diamond Painting

4th - 8th grade, Teacher: Ashley Norman

Diamond Painting is a fun craft utilizing hand-eye coordination. It a mix between cross stitch and paint-by-numbers using small resin “diamond” to create an image.

Dissection

8th - 12th grade, Teacher: Christina Dalton

We will go over and discuss the anatomy of different specimens.

****a \$10 material fee payable to Crossville HEARTS**

Dodge Ball & Chat

6th - 12th grade, Teacher: John Kolenda

We will be throwing balls at each other in a series of different dodge ball games. You may also chat but will have balls thrown at you.

Elementary P.E.

K - 4th grade, Teacher: Alison Savard

Fun, physical games to get your kids moving!

Experiments in Physical Science

6th - 12th grade, Teacher: Dulci Corvin/Alison Savard

Experiments from the Apologia Physical Science course. Students do not need to be doing the course at home in order to take the class.

Fiction Writing: The Short Story

6th - 12th grade, Teacher: Amber Pacana

We will discuss short story creation, plot, character development, and other elements of a successful short story. Students will be encouraged to share their work with the class and to participate with both in-class work and homework.

**Students must have spiral notebook or folder and paper/pencils.

Flag Football

4th - 8th grade

and

5th - 12th grade, Teacher: Cody Palmer

This is a non-contact sport, contact and poor attitudes will not be tolerated and will have to sit out the class if either occurs. The goal of the class is learning football FUNdamentals and uplifting sportsmanship – win or lose.

Hang Out & Craft

7th - 12th grade, Teacher: Carol Erickson/Amber Hall/Alyson Hale

Teens will spend time working together on projects for upcoming events such as prom, Operation Christmas Child, and more. They'll also enjoy some time for just hanging out with each other.

High School P.E.

6th - 12th grade, Teacher: Rebekah Yegenian

I Love America!

K - 3rd grade, Teacher: Carrie Jamison

Recite the pledge & sing Star Spangled Banner each day, then learn about America from books and videos.

Ice Breaker Games

3rd - 6th grade, Teacher: Amanda Parrent

We will play ice breaker games to help students to get to know one another better.

Intro to Essay Writing

5th - 8th grade, Teacher: Shannon Eaton

This basic essay writing class will offer student a fool-proof template for an organized essay.

Knitting for All

6th – Adult, Teacher: Christina Dalton

Everyone can be a knitter! It all starts with two basic stitches. Bring a pair of needles size 6-8 and a ball of dishcloth cotton. If you already know the basics and want to learn some new skills we can add those in as well. If you just want to come and work on a project and talk yarn, please do.

Lego's

K - 6th grade, Teacher: Russell Swafford

Line Dancing

3rd - 12th grade, Teacher: Joanie Gilbert

Get ready for the upcoming Prom and Family Dance. Will be reviewing all the fun party line dances as well as working on 1-2 new line dances. Kids are asked to wear athletic shoes and bring a water bottle.

Map Building

K - 3rd grade, Teacher: Lena Jackson

We will learn about different types of maps, how to build and read them. It is preferable that each child brings pencils or crayons to this class.

Math Study Hall

6th - 12th grade, Teacher: Dulci Corvin

This class is available to help students with questions, problems, and “I just don't get it” issues from the math curriculum they are using at home. Students will be expected to bring their books (or whatever media they use for math class) so we can address specific principles in context. Parents are welcome too.

Motion and Simple Machines: The Good and The Beautiful

3rd - 6th grade, Teacher: Sheri Smith

Students will learn about motion, force, and simple machines.

Multiplication Fun

3rd - 5th grade, Teacher: Jackie Dunn

We will start at the beginning to teach multiplication with Times Tales and build fluency with extra practice.

National Parks - elementary

3rd - 6th grade, Teacher: Jenae Larson

We will learn all about our National Parks and make a brochure about one each week.

National Parks – middle/high school

6th - 12th grade, Teacher: Amber Findley

Watch video clips, do worksheets, learn about region, new park each week.

PowerPoint

9th - 12th grade, Teacher: April Turner

- Students must have computer and Microsoft365 subscription
- Homework required

We will be learning how to use PowerPoint and how to present the PowerPoint presentation created. Students are expected to research topics during the week & prepare the presentation before class. In class we will go over PowerPoint features & view presentations.

Private Eyes 2

5th - 8th grade, Teacher: Sheri Smith

Crucial thinking skills developed solving mysteries. Students must be readers and writers.

Recorder

3rd - 6th grade, Teacher: Rachel LeCureux/Ana Johnson

Learn to play the recorder with us! We'll teach you how to hold the recorder, how to get beautiful sound, the first notes, and a few simple songs! Kids that took this class before are welcome again.

*Approximately \$7, if you want the teacher to order one for you or students may bring their own (note: must be baroque fingering, not German).

SALSA Spanish 2

K - 3rd grade, Teacher: Rachel LeCureux/Ana Johnson

SALSA blends puppets, animation, live action, and music to create a unique experience for first time users of Spanish language and culture. This is a continuation of Salsa Spanish 1 from last semester, prior students are welcome.

Science for Little Hearts and Hands

K - 3rd grade, Teacher: Carrie Jamison

We will be exploring the world and weather around us. Kids will learn about rain, snow, water cycle, rainbows, bodies of water and more! We will be doing crafts, experiments, and hands-on learning to help in our learning.

Science Interactive Notebook It's Animals

3rd - 6th grade, Teacher: Sheri Glup

Each activity enables students to process the information given by the teacher then allows them to use self-direction to apply their new knowledge. The engaging activities always vary in order for all students to use and benefit from different learning styles.

*** Students will need to bring a one-subject spiral notebook to class with them.*

Sewing

6th - 12th grade, Teacher: Rebekah Yegenian

Students will learn sewing basics such as mending, making scrunchies, sewing on buttons, and making a draw-string bag.

*** Students will need to bring basic sewing kit items: pins, sewing scissors, needles, thread, seam ripper, and hem gauge.*

Show & Tell

K - 3rd grade, Teacher: Michelle Schuler

Bring your favorite thing from home and tell us all about them!

STEM Challenge

3rd - 8th grade, Teacher: Alyson Hale

Story Bots

2nd - 5th grade, Teacher: Kristy Payne

Let's watch an episode of Story Bots, discuss, and do an activity.

Strategy Card Games

3rd - 7th grade, Teacher: Michelle Schuler

Play some classic card games & learn some newer games too! Feel free to bring your own card games to teach the class!

Themed Trivia

6th - 12th grade, Teacher: Brandie Hargis

Students will receive a theme or topic for the coming week. Students will be encouraged to learn as much as they can during the week. They will be divided into teams to participate in trivia games (study guides may or may not be given).

Transactions

4th - 8th grade, Teacher: Amber Hall/Carol Erickson

Using Dave Ramsey's financial peace jr. kit, we will cover four basic concepts: working, spending, saving and giving.

Students will bring goods (homemade or items from home) and set up their own store front each week. They can buy & sell from others in the class. Students will only be able to use store money (not real) given to them in the class. All students must buy/sell at least one item each week.

U.S. Constitution Interactive Notebook/Lapbook

5th - 12th grade, Teacher: Sheri Glup

Students learn about the U.S. Government with Mark Twain's Interactive Notebook. We will create a personalized resource for reviewing and learning information. Worksheets include the Articles and Amendments of the U.S. Constitution, and an interactive notebook.

**Students will need to bring a one subject spiral notebook to class.

World Geography

K - 3rd grade, Teacher: Lena Jackson

We will learn about different countries and make a craft specific to that culture.
