

Hello and thank you for taking the time to learn about Wanda's Wish! Wanda's Wish is an organization started by two daughters with a desire to fulfill their mother's wish of seeing happiness brought to others through simple acts of kindness. Sadly their mother, Wanda, is no longer here, but the power and benefits of her example remain.

It is now her daughters' wish that each year, Wanda's birthday weekend be celebrated by inspiring others the way she inspired them, and through our mutual inspiration, may we all reap the benefit of the kindness we exchange, witness and experience.
