

Looking for a Medical Provider that will accept your insurance (even if you have no insurance coverage/Medicaid/CHIP)?

Go to: www.Healthgrades.com

The screenshot shows the Healthgrades website's search interface. At the top, there is a banner with the text "Feel better about finding healthcare" and two images of healthcare professionals. Below the banner, there are two statistics: "Profiles for Every Doctor in America" (with an icon of three people) and "More Than 10 Million Patient Ratings" (with five stars). The main search area is titled "Find the care you need" and contains two input fields: "Search doctors, conditions or procedures" (with the example "E.g. 'Family Medicine'") and "Location" (with the example "Carbondale, IL 62902"). A red "Search" button is located to the right of the location field. Below the search fields, there is a navigation bar with links for "Family Medicine", "Pediatrics", "Top Hospitals", "Telehealth", "COVID-19", "Dentistry", "Orthopedic Surgery", and "More". Three callout boxes provide instructions: one on the left explains that the search field can be used to search by doctor's name, specialty, or condition; one in the center explains that the location field should be used to enter a location you are willing to drive to; and one on the right points to the "Search" button.

Feel better about finding healthcare

Profiles for Every Doctor in America More Than 10 Million Patient Ratings

Find the care you need

Search doctors, conditions or procedures
E.g. "Family Medicine"

Location
Carbondale, IL 62902

Search

Family Medicine · Pediatrics · Top Hospitals · Telehealth · COVID-19 · Dentistry · Orthopedic Surgery · More

Can search by doctor's name, specialty or condition, etc

Enter your location or any location that you are willing to drive to such as St. Louis, Carbondale, Effingham, etc.

Then click on the red 'Search' button and it will take you to another screen with results.
