### **EVENTS AT HYATT REGENCY BUFFALO GET \$22 MILLION IN UPGRADES**

**By Lisa Clark**

Meeting planners in search of a newly updated northeastern venue will appreciate the thoughtfully redesigned Hyatt Regency Buffalo and its renovated companion, the Buffalo Niagara Convention Center, located in the Buffalo's theater and entertainment district.

Changes here go beyond the average nip and tuck. Hyatt Regency Buffalo recently unveiled the full-service Spa Alexis and a refreshing indoor rooftop pool to mark the completion of a multi-year, \$15 million project. The hotel is connected to the Buffalo Niagara Convention Center, which is undergoing a \$7 million facelift, and attached to the Hyatt Conference Center featuring 4,800 square feet of specially designed conference space.

The hotel's new design boasts warm and contemporary décor with rich textures and a chic palette of watery blue and chocolate brown that pays homage to Hyatt Regency Buffalo's proximity to such spectacular natural resources as Niagara Falls and Lake Erie. Stylish and tech-savvy amenities have been incorporated into guestrooms, more than 21,000 square feet of function space, lobby, restaurants, Hyatt StayFit health club and public areas.

396 renovated guestrooms and suites feature pillow-top Hyatt Grand Beds™, 32-inch flat-screen televisions with digital video-on-demand and premium cable, new bathrooms and furniture, as well as large workstations with high-speed wireless Internet access.

The only one of its kind in Western New York, the indoor pool features panoramic views of Lake Erie and the city skyline from a 24-foot-high glass atrium on the 11th floor. Refreshing saltwater filtration provides clean, purified water without the unappealing smell of chlorine. Spa Alexis, located on the lobby level, offers a complete array of services including hair, nails, facials, massages, tanning and other personalized treatments.

The hotel's new Atrium Bar and Bistro features an eclectic bar and comfortable seating area, and offers a bistro-style menu for breakfast, lunch and late-night dining. Updates have also been completed on the adjacent E.B. Green's Steakhouse, recently named the second finest steakhouse in America by Tom Horan's America's Top Ten Steakhouse Club.
