CATALOG-9

## With Deep Appreciation

As a token of gratitude and thanks to two who have so faithfully served in the building of the HOYT ARCHERY COMPANY, this issue of our catalog Number 9 is dedicated to Earl (Pop) Hoyt and Clarabell Hoyt.

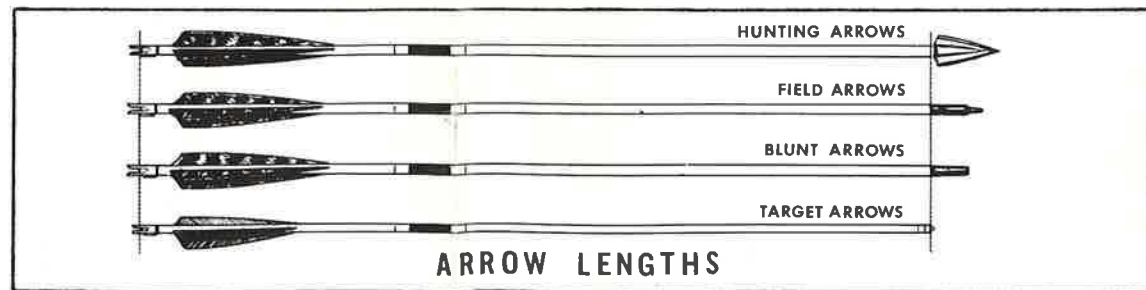

Their unceasing efforts have contributed immeasurably to the growth and prestige of HOYT ARCHERY COMPANY which has become a symbol synonymous with custom quality archery equipment . . . the finest obtainable.

Because we take great pride in our reputation, earned through years of constant effort, it shall be our endeavor always to not only provide our customers with "Equipment of Greater Refinement" but dependable service as well. To this end we dedicate ourselves wholeheartedly.

*Earl Hoyt, Jr.*

### GENERAL ORDERING INFORMATION

- All prices are F.O.B. Bridgeton, Mo. or source or supply.
- Please include sufficient postage 3% of total order, excess postage will be credited or returned.
- Open Account on approve credit references only; please allow 3 weeks for processing. Cash orders save C.O.D. charges. 25% deposit required with all C.O.D. orders.
- Prices and specifications are subject to change without notice.
- Be sure to specify when left-handed equipment or articles are desired.
- When ordering bow be sure to state bow weight, bow length, draw length, right or left handed.
- When ordering arrows state bow weight and arrow length-see illustration. When arrow length differs from draw length (distance to back of bow) state draw length also to insure proper spine selection. Broadhead arrows should extend approximately 1" beyond back of bow in order to clear forefinger of bow hand. Most expert hunters prefer their practice field arrows the same length as their broadhead arrows.

## The Hoyt Professionals

Composite Bows of Uncexcelled Performance

The HOYT Professionals, PRO and CHAMP II have long achieved world renown for their success in the fields of hunting and tournament shooting. Their phenomenal success may be attributed to the HOYT technology that has brought about a perfect balance of compatibility between the six cardinal points of bow performance, namely: brilliant cast; consistant, deadly accuracy; smooth (even build-up) draw; soft, crisp action free of recoil jar; lasting durability; stability in hot or cold, wet or dry weather. (being impossible to copy)

As a pioneer in modern, scientific bow design and development HOYT was the first to introduce the new departure in bow design and the pistol grip trend in bow handles. Although the outward form of the HOYT Professionals have been emulated by many manufacturers, the internal design and stresses (the results of intensive research and

**GUARANTEE:** Each HOYT bow has a serial number and is accompanied by a registration card which must be filled out and mailed by the purchaser within ten days after date of purchase. When so registered each HOYT bow is guaranteed for one year from date of purchase against faulty workmanship and materials. Unless bow shows evidence of misuse, free repair or replacement will be made should failure occur during the first two months after purchase. Thereafter, should failure occur from causes other than misuse, adjustment will be made whereby the owner pays 10% of the purchase price or cost of repair for each additional month he has the bow.

## the Pro Olympian

The Finest Expression of the Bowyers Art

Never before has such dramatic advancement been made in every phase of bow design, performance and craftsmanship as that exemplified in the all new "Olympian". This bowyer's masterpiece by HOYT represents a new concept, the result of over ten years experience in modern bow design, development and know how. Every effort has been directed to make this a perfect instrument. --- the ultimate bow.

Only the OLYMPIAN offers these exclusive HOYT features:

### Dynamically Balanced Bow Limbs-

through special design and construction (for which patent has been applied) both limbs are synchronized, off-setting the unbalanced effect of normal, below the line of-draw, bow grip pressure. This insures a "true-trajectory" being imparted to the arrow flight, not a false or high trajectory common to the other forms of construction. Improved accuracy and tighter grouping are the net result.

**Equipoise Handle** -available in two types, STANDARD and TRUE PISTOL GRIP. Both aid in positioning the bow hand correctly for better dynamic balance and bow grip control.

The "Olympian" offers superlative performance: exciting cast, soft recoil action, smooth non-stack draw, pinpoint accuracy and extreme durability. The functional styling and beauty of the "Olympian" is a joy to behold.

### OLYMPIAN HANDLE SECTION

Graceful, rich toned hardwood handle with built-in over-draw. Handle is left uncovered for greater beauty and better "feel" in hand. Full length sight window of center-shot design. Special arrow rest and leather arrow plate. Pistol grip shown.

### SPECIAL CUSTOMIZING FOR THE OLYMPIANS

For the connoisseur of fine equipment HOYT offers another first in bow customizing. The "Olympian" is now available with skip (French) checkering on the handles, intricate two-tone ebony inlays and special deluxe Belgian formula non-chipping varnish, 5 coats hand rubbed and polished. The customized Olympian is the epitomy of perfection and refinement ... truly the finest expression of the bowyers art!

Orders for customized bows require approximately six weeks to fill.

experimentation) are less tangible (being impossible to copy) and make the difference between equality and superiority. It is because of these internal processes that the HOYT Professionals maintain their superiority in all around performance. That this is true is attested by the fact that the records show more tournaments (field and target) have been won and more records established by users of the famous Professional line of bows than any contemporary bow.

The HOYT Professionals are now joined by a third member, the PRO Olympian which, combined with the time proven PRO and CHAMP II, offer a diversified selection from the most distinctive line of bows available. All bows are marked with weight at 28" draw.

**CHECKERING**  
Grand Deluxe Checker- \$24.50 (s)  
ing (Illustrated)  
Deluxe Checkering 18.00 (s)  
Standard Checkering 15.00 (s)

**INLAYS**  
No. 3 Two piece (Illustrated) \$20.00 (s)  
No. 6 Two piece, 2 straight diamonds 10.00 (s)  
No. 7 Three piece, 2 concave diamonds and dot 15.00 (s)  
No. 8 Two piece, straight diamond and dot 8.50 (s)  
Deluxe, 5 coat hand, rubbed finish 10.00 (s)

Available in two lengths; 66"/29" draw limit; 70"/32" draw limit. Weights to 65 lbs. at 28".

**\$69.50**

**the Pro**

The Standard by Which All Bows Are Compared

The Pro is a bow of unexcelled performance. Its brilliance is due to many factors, an outstanding example of which is the achievement of ultimate balance between theoretical and practical design. The Pro, truly the leader in modern bow design, is an exponent of the deflex - reflex principle which produces high efficiency for unsurpassed cast plus lower stress of limb for greater service life. As a bonus, deflex design increases accuracy through improved stability in the hand. Other PRO features are full length, center - shot sight window and contoured pistol grip covered with special skived leather handle wrap.

The graceful lines and lustrous finish of the PRO, plus its smooth but terrific smashing power make it a bow you'll be proud to own.

Available in two lengths: 62"/28" draw limit; 66"/30" draw limit. Weights to 65 lbs. at 28"

**\$59.50**

**the Champ II**

The Favorite of Bowhunters

Design-wise the CHAMP II is the most stable bow ever built. An engineered compromise between straight limb and recurve -- another Hoyt first -- that not only insures stability, even beyond that of the conventional straight bow, but a performance increase comparable to most recurves. Cast is substantially increased. Action is extremely soft, lacking any harsh kick or jar. Draw is very smooth, no stack up near full draw. Potential accuracy is infinite and dependent only upon the skill and mastery of the archer himself. Pistol grip and full length sight window are standard equipment.

The "C2" is truly a bow for the archer who prefers a straight limb design modified for better performance or for those who desire very heavy hunting bows, ranging to 100 lbs., because of relative easier stringing than recurve bows.

Available in two lengths: 62"/30" draw limit; 66"/32" draw limit. Weights to 65 lbs. at 28" For heavier weights to 100 lbs. add \$10.00.

**\$45.00**

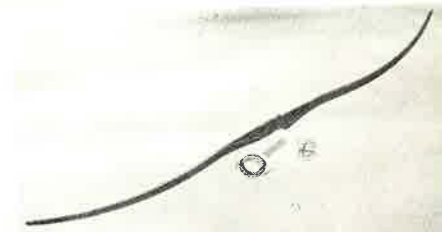

**Comp-Bo-Kit**

For Those Who Prefer To "Roll Their Own" At a Savings!

Saves up to \$20.00 on the cost of a new bow. Custom-quality composite bows corresponds in design and quality to our CHAMP II. This superb bow comes to you shaped, tillered and ready to shoot. Only minor filing of the handle, sanding and varnishing is needed to complete this bow of unexcelled quality that carries the same guarantee as our finished line of bows.

Lengths; 62"/30" draw limit; 66"/32" draw limit. Weights to 65 lbs. at 28" . . . \$32.00

**Bows and Archery Sets**

- PAUL BUNYAN BOWS**
- 600 Semi-Recurve. A versatile glassbow of outstanding performance and value. Smooth and fast, right or left-handed. Length 60"; Weight 30 to 70 lbs. . . \$15.95 (a)
  - 400 Scout - A safe durable solid glass bow especially suited to camp and school use or for junior and lady archers. Length 57"; weight 27, 32 and 40 lbs. at 28" . . . 9.95 (a)
  - 54 54" Recurve 20 lbs. at 24" draw. Rugged glass, contoured, molded plastic handle. . . . . 7.95 (a)
  - 48 48" Recurve 15 lbs. at 20" draw. Similar to No. 54. . . . . 5.95 (a)

- REN PEARSON**
- 503-1 - Recurved Hickory Bow - 40-45-50 lbs. at 28". Length 66"/28" draw limit . . . . . \$12.95 (a)
  - 504-R - Recurved Hickory Bow - Approx. 15 lbs. Length 54"/22" draw limit . . . . . 3.95 (a)

- GORDON PLASTICS BOW THE JESTER** - Fiberglass composite for those wishing an inexpensive bow of high quality and finest materials. Length 60"/27" draw limit Wts. 15lbs. to 45 lbs. . \$22.50 (a)

- PAUL BUNYAN ARCHERY SETS**
- 5540 Includes No. 54 bow, six 26" arrows, arm-guard, small finger tab, quiver, full color target face, archery tips . . . . . \$12.95 (a)
  - 5480 Includes No. 48 bow, four 26" arrows, arm-guard, small finger tab, quiver, full color target face, archery tips . . . . . 9.95 (a)
- 442 - BOLD BLADE ARCHERY SET - For youngsters to 6 years - 38" bow, 3/18" arrows, cardboard quiver, 16" face, "Tips on shooting" 2.95 (a)
- 441 - JUNIOR CHAMPION ARCHERY SET - For 8 to 12 year olds. 54" bow 4/22" arrows, armguard, finger tab, quiver and 16" face plus "Tips on shooting" . . . . . 6.95 (a)

**Let's Go Bow Fishing**

**BOW REELS**

- Model 80 - Johnson Spinning Reel with star drag. Retrieves 15" each turn of handle. The ultimate reel for bow fishing . . . . . \$16.50 (a)
- Model 22 - Similar to model 80 except without star drag, retrieves 8" per turn. . . . . 8.95 (a)
- 98 HOLIDAY - A fine spinning reel by "Great Lakes" . . . . . 11.95 (a)
- BOW REEL - Stationary spool type, 4 3/4" dia. 50 ft. of 70 lb. test line . . . . . 3.50 (a)
- NYLON LINE - 80 lb. test, 50 ft. . . . . .95 (a)

**FISH ARROWS**

- FC500 A - CEDAR FISH ARROW -- 3/8" P.O.C. with spring barb head . . . . . \$1.35 (a)
- FG500 A - GLASS FISH ARROW - Solid fiber glass shaft only. Add cost of fish point selected. . . . . 1.50 (a)
- FG500 B Similar to above but crested and fitted with rubber Layfletch. . . . . 1.85 (a)

**FISH POINTS**

- 510 - SINGLE SPRING BARB Fish point with tapered hole . . . . . \$ .75 (a)
- 511 - E-Z OUT Reversible spring barb, tempered point. 9/32" I.D. parallel hole . . . . . 1.75 (a)
- 512 - AL'S FISH SLICK With retractable barb. 5/16" and 21/64" I.D. parallel holes . . . . . 1.50 (a)
- 513 - 4 PRONG GIG - Ideal for small fish and frogs, 5/16" I.D. parallel holes . . . . . 1.50 (a)
- 514 - DOUBLE-BARBED HARPOON with swinging barbs that unscrew for easy removal of fish. 5/16" I.D. hole . . . . . 1.50 (a)
- 515 - BEN PEARSON, harpoon style, swinging barb tapered holes . . . . . 2.00 (a)
- BOW FISHING BOOKLET - Complete information about tackle and helpful hints for those who wish to try this thrilling sport . . . . . .10 (a)

## FACINGS AND BACKINGS

- FORTISAN — White, 4 oz. spool ..... \$2.85 (b)
- DACRON — White, 4 oz. spool ..... 2.75 (a)
- SERVING THREAD — Large spool; copper, green, orange, red ..... .45 (a)
- PLY-O-WAX — Special preparation for bow strings ..... .40 (a)
- DURA-SERV — Special 1/4" serving tape, roll ..... .25 (a)

## CORE LAMINATIONS

- MAPLE CORE — Clear, hard maple 5/16" x 1-3/4" x 37", pair ..... \$1.50 (b)
- MAPLE CORE — Precision sanded to desired thickness or taper, pair ..... 2.75 (b)

## HANDLE RISER BLOCK

- MAPLE RISER BLOCK — 2" x 1-3/4" x 18" . \$1.25; 24" \$1.50 (b)

## HANDLE MATERIAL

- LEATHER WRAP TYPE — 3/4" x 32", skived all edges, with trim ..... \$.65 (b)

## BOW STRING MATERIALS

- BEAR GLASS — .06" parallel glass fiber bonded to thin strip of maple. Facing or backing. No. 68-3/4 — 1-3/4" x 68" ..... \$6.75 (b)
- No. 72-3/4 — 1-3/4" x 72" ..... \$6.90 (b)
- GORDON "BO — TUFF" — High strength material, facing or backing. .05", Length 72", per 1/4" of width ..... .90 (a)

BOW STRING JIG

- STRINGMASTER — A practical, easy to use jig of walnut and cherry. Adjusts to fit bows from 4 ft. to 6 ft. Complete directions ..... \$6.95 (d)

## BOW STRING SERVER

- SPEED SPIN — Adjustable tension, with spool of thread . \$1.40 (a)

# Arrow Making Tools

## Fletchers

- TRI — HELI — FLETCH — Professional type, fast and ultra precision. Fletches 3 vanes at once or 4 vanes (60° x 120°) and 6 vanes in two-stage operation. Fletches straight or true helical spiral. .... \$14.95 (a)
- Extra Clamps (specify straight, right or left spiral) per set ..... 2.95 (a)
- FLEETWOOD — Inexpensive all metal 3 feather fletcher 750 fletches up to 3" ..... 1.50 (a)
- 752 fletches up to 5-1/2" ..... 2.00 (a)

## FEATHER TRIMMERS

- "YOUNG" — A well designed, heavy duty transformer for accurate trimming. Complete with extra resistance ribbons and instructions ..... \$16.95 (d)
- Extra CLEAN — CUT ribbons for above ..... .25 (a)
- EASTERN — An inexpensive but high quality, easy to use, burner with special resistor coil and extra ribbons ..... 5.50 (a)
- Extra "V" nichrome ribbons ..... .10 (a)
- FLEETWOOD BURNER KIT — All necessary parts, ready for assembly ..... 2.75 (a)
- Extra nichrome wire ..... .10 (a)

CRESTER

- TESSIER — Sturdy 200 r.p.m. motor, spring type chuck takes all nock sizes, unique spring loaded ball bearing arrow rest. .... \$18.95 (f)

## ARROW TAPERING TOOLS

- BLACK HAWK — Tapers for nocks (11°) and points (5°). Bushings to fit 1/4", 9/32", 5/16", 11/32" shafts. Injector type blades similar to Schick are used and replacements are available at most drug stores ..... \$3.50 (a)
- ACCURATE ARROW — Nock and point taper in 1 tool. Sharp stainless steel cutters ..... 1.50 (a)
- Extra Blades ..... .25 (a)
- T T — 1 5/16" Shaft, parallel point, 11° nock taper.
- T T — 2 5/16" Shaft, 5° point and 11° nock taper.
- T T — 3 11/32" Shaft, 5° point and 11° nock taper.
- T T — 4 11/32" tapered to 5/16" shaft, 5° point and 11° nock taper.

## ARROW SCALES

- PELOUZE — For weighing arrow shafts. Accurate, quick reading, easy adjustment balance scale. Full set of tested weights ..... \$11.95 (e)
- MERCURY — With easily read clock face. Guaranteed 5-grain accuracy up to 800 grs. Developed exclusively for weighing arrow shafts. 16.95 (d)

## FLETCHING TABLE

- MELLOTT TABLETTE — Ball-bearing rototop for six or twelve Tri-Heli-Fletchers. Sliding, tuck away work counter. Spacious storage cabinet beneath. Attractively finished in varicolored green. Six Unit Table (Without fletcher) ..... \$54.50 (e)
- Twelve Unit Table ..... 58.50 (e)
- Fletcher Base Blocks, if desired per six ..... 3.00 (e)

## SPINE TESTER

- LEE-FREE — The finest on the market. Accurate to .005". Easily read, adjustable dial face. Spines on 24" or 26" centers. Instructions \$24.50 (d)

## METAL ARROW STRAIGHTENERS

- GROVES — Sturdy "Unistrut" beam, movable "V" block, accurate dial indicator ..... 16.95 (f)

- STALKER ARROW TONGS — Die cast metal frame with wooden swivel blocks for use with any shaft diameter ..... \$4.50 (e)

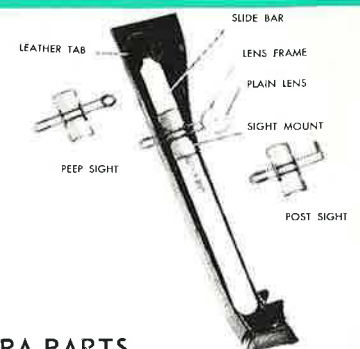

## BROADHEAD SHARPENERS

- MILL BASTARD, 6" for rough filing broadheads ..... \$.65 (g)
- MILL SMOOTH, 6" for keen edge sharpening ..... .70 (g)
- KEEN-KILL, A two in one tool. Hardened tool steel cutters put the proper, serrated edge on your broadheads, X-TRACK-M jaw for removing embedded broadheads. .... 1.49 (d)

## LINE-O-SITE

The New LINE-O-SITE with anodized aluminum slide bar, cements to bow without screws or tape, sight mount has positive friction adjustment. Directions for installing and using Cement included.

## DEFLECTION TABLE FOR PRISM SELECTION

| PRISM | DEFLECTION       |
|-------|------------------|
| 2°    | 5/16" Horizontal |
| 4°    | 11/16" Vertical  |
| 8°    | 1-3/8" Vertical  |
| 12°   | 2-1/8" Vertical  |

As an aid in selecting the proper prism, the following table gives the distance a prism lens will move the sight (deflect the target image) as compared to a plain lens.

## MODELS

- Complete with sight, mount, slide bar and cement.
- LS-1 LINE-O-SITE — Prism Lens (state degree) ..... \$3.25 (a)
- LS-2 LINE-O-SITE — Plain Lens ..... 2.75 (a)
- LS-3 LINE-O-SITE — Post Sight ..... 1.95 (a)
- LS-4 LINE-O-SITE — Peep Sight ..... 1.95 (a)

## EXTRA PARTS

- LP-5 — Prism Lens, mounted in lens frame (any degree) \$2.00 (a)
- LP-6 — Plain Lens, mounted in lens frame ..... 1.50 (a)
- LP-7 — Post Sight ..... .50 (a)
- LP-8 — Peep Sight ..... .50 (a)
- LP-11 — Friction Sight Mount ..... .50 (a)
- LP-12 — Slide Bar with Leather Tab ..... 1.00 (a)
- LP-13 — Tube Cover ..... 3 for .05 (a)
- LP-14 — Cement, for one application ..... .15 (a)

## BOW STRINGS AND WAX

- PLY-O-STRING — Double-loop Dacron string, fully served. Specify bow weight and bow length — distance between bow nocks measured along contour of back ..... \$1.50 (a)
- PLY-O-STRING — Single-loop Linen string, fully served. For bows to 50 lbs. and bow lengths 60" to 70" ..... 1.25 (a)
- ITALIAN HEMP — Single-loop for bows to 6 ft. and of 30 lbs. or less ..... .40 (a)
- PLY-O-WAX — Special preparation, the finest string wax made ..... .40 (a)

## BOW STRING SERVERS

- SSS — SPEED SPIN, Holds full spool of thread, adjustable tension, directions ..... \$1.40 (a)
- SST — Extra spool of thread, copper, green, orange, red ..... .45 (a)

## BOW CASES

- 500 — Canton Flannel extra wide single case, leather reinforced, 62", 66", 72" ..... \$1.95 (a)
- 502 — As above but double case ..... 3.00 (a)
- 520 — Dark sueded drill, single case, zipper closed, leather reinforced bottom, 4 1/2" wide, 62", 66", 70" ..... 3.95 (a)
- 522 — As above but double case ..... 7.50 (a)
- 523 — Deluxe 2-tone vinyl plastic bow case with soft fleece blanket lining. Leather handle. Just the bow case for your favorite bow. 66", 70" ..... 7.95 (a)

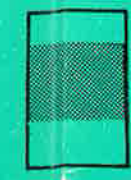

## BOW QUIVERS

- Q1000 — Bear Bow Quiver, the perfect hunting quiver, light, quiet, convenient. Ideal for Razorhead broadheads. Easily and quickly attached or removed from bow by single thumb screw ..... \$9.95 (a)
- Q1000A — Extra bushing and screw for attaching to spare bow ..... .35 (a)
- Q1100 — Similar to above but tape-on model ..... 9.95 (a)

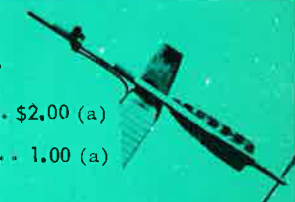

## BOW CAMOUFLAGE

- PRO-CAM — A special protective camouflage tape of olive drab for hunting bows. Waterproof 3" wide, enough for one bow ..... \$1.00 (a)
- KAMO-STIK — Green and sand color paste for bow, hands or face. Easy to apply and remove ..... .50 (a)
- 3 for \$1.00

## ARROW HOLDER

- NELSON ARROW HOLDER — A Real hunting aid for holding arrow in "ready" position at all times. Releases silently and smoothly ..... \$2.00 (a)
- JIFFY CLIP — for easy on and off manipulation of Arrow Holder ..... 1.00 (a)

## ARROW RESTS

- PLASTIC-LEATHER REST — An all-purpose rest for plastifletch, etc. .... \$ .35 (a)
- PLASTIC REST — Auxiliary rest. .... .25 (a)

## BOW TIP GUARD

- Rubber tip protector and bow string keeper of considerable merit. For lower tip ..... each. \$ .50 (a)

## NOCK LOCKS

- Rubber buttons for securing nocking position ..... pair. \$ .50 (a)

## RUBBER BRUSH BUTTONS

- REGULAR — Brush proof your bow and dampen string noise with these soft rubber buttons. pair \$ .50 (a)
- SUPER — Similar to above but larger ..... pair .60 (a)

# Arrows By

The Perfect Companions for Any Bow

Arrows by HOYT are your assurance of quality in an item that is of utmost importance. There is no substitute for a good arrow. Even a good bow or an expert archer cannot shoot a poor or improperly matched arrow accurately. Arrows by HOYT receive infinite attention to detail to make them better. To insure proper matching to your bow our wooden arrow line is selected from thousands of the finest shafts and stocked in a full range of diameters, 9/32" thru 3/8"; our metals are Easton tubing stocked in sixteen diameters and wall thicknesses. Fully developed ultra high quality fiberglass arrows are the newest addition to our complete and well-rounded arrow line. All grades of arrows are **\*TRI-HELI-FLETCHED** with selected turkey pointers on special patented fletching machines of our own design. **TRI-HELI-FLETCHED** insures accurate, non-planning flight. With final attention being given to the arrow's glossy finish and attractive cresting, an over all quality of superior performance is built into each arrow making the HOYT arrow the finest choice an archer can make.

SCOUTER is the ultimate in the custom grade wooden arrow line. Precision matched spine and weight of highest quality Port Orford cedar. Sizes 9/32", 5/16" or 11/32" selected according to bow weight and arrow length. Accurately and selectively **TRI-HELI-FLETCHED**. Brightly crested and numbered. All lengths.

Fletching is done with accuracy and precision on the HOYT Tri-Heli-Fletch. Every arrow is carefully inspected for proper performance and appearance.

- FC-100 - Base price without points; add cost of broadhead or special point selected .... \$13.00 doz. (a)
  - TC-101 - Target Points, 2 1/2" or 3 1/2" fletch ..... 13.50 doz. (a)
  - FC-101 - Target Points, 5" fletch ..... 13.50 doz. (a)
  - FC-102 - Field Points, 5" fletch ..... 14.00 doz. (a)
  - FC-103 - Blunt Points, 5" fletch ..... 14.00 doz. (a)
  - FC-104 - Magnum Points, 5" fletch ..... 16.75 doz. (a)
- Four or six feather fletching, extra.....1.50 doz.  
White or dyed white feathers, extra.....1.50 doz.  
Special cresting or color dipped shafts in red, yellow, orange, white or olive drab, extra ..... 1.50 doz.

ROVER is similar to SCOUTER except matched in spine only and stock crested or full length color dip. Lengths: 22", 24", 26", 28", 29", 30".

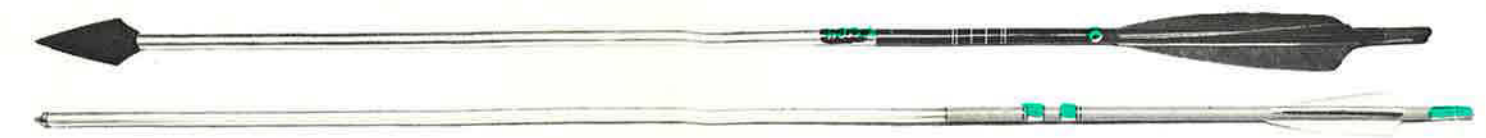

- FC-200 - Base price without points; add cost of broadhead or special point selected ..... \$11.00 doz. (a)
- TC-201 - Target Points, 2 1/2" or 3 1/2" fletch ..... 11.50 doz. (a)
- FC-201 - Target Points, 5" fletch ..... 11.50 doz. (a)
- FC-202 - Field Points, 5" fletch ..... 12.00 doz. (a)
- FC-203 - Blunt Points, 5" fletch ..... 12.00 doz. (a)
- FC-204 - Magnum Points, 5" fletch ..... 14.75 doz. (a)

ROVETEER is a low cost practice arrow for rough use. Not matched and for use in bows not exceeding 50 lbs. **TRI-HELI-FLETCHED** and stock crested. Lengths: 22", 24", 26", 28".

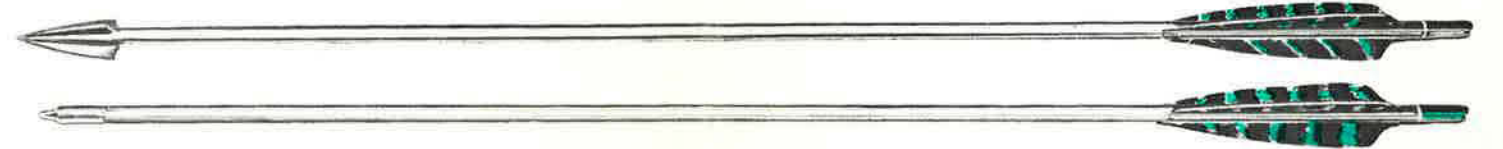

- TC-401 - Target Points, 2 1/2" fletch ..... \$ 6.50 doz. (a)
- Bulk Pack, per 1/2 gross ..... 36.00 (a)
- FC-401 - Target Points, 3 1/2" fletch ..... 7.00 doz. (a)
- Bulk Pack, per 1/2 gross ..... 39.00 (a)
- FC-402 - Field Point, 3 1/2" fletch ..... 7.50 doz. (a)
- FC-403 - Blunt Point, 3 1/2" fletch ..... 7.50 doz. (a)
- 402. 403 Bulk Pack, per 1/2 gross .. 42.00 (a)
- FC-404 - Magnum Point, 3 1/2" fletch ..... 11.25 doz. (a)

Sizes 9/32", 5/16" & 11/32", selected to fit your bow weight.

SUPER-X's are made of Easton's 24SRT-X aluminum alloy shafting, the finest obtainable. To insure perfect matching to any bow weight, 16 diameters and wall thicknesses are available. Precision fletched with our special **TRI-HELI-FLETCHED** vanes for greater accuracy. Plastifletch furnished on special order at no extra charge. Choice of Speed Nox or Mid-Nox. Crested and fletched to your specifications if desired. All lengths.

- FA-100 - 5° taper at fore-end; 5" fletch. Base price without points; add cost of broadhead or special point selected ..... \$29.50 doz.
  - TA-101 - Target Points, 2 1/2" or 3 1/2" fletch ..... 29.50 doz.
  - FA-101 - Target Points, 5" fletch ..... 29.50 doz.
  - FA-102 - Field Points, 5" fletch ..... 30.00 doz.
  - FA-103 - Blunt Points, 5" fletch ..... 30.00 doz.
- Four or six feather fletching, extra.... \$1.50 doz.

RANGER Fiberglass Arrows are almost indestructible and are truly "straight as an arrow" -- always, making them ideally suited to field and hunting. RANGERS are available in weight and spine for any bow weight to 80 pounds at 28" draw and all lengths to 32". Attractively crested and numbered.

- TG-101 - Target Points, 2 1/2" or 3 1/2" fletch ..... 24.95 doz. (a)
  - FG-101 - Target Points, 5" fletch ..... 24.95 doz. (a)
  - FG-102 - Field Points, 5" fletch ..... 25.95 doz. (a)
  - FG-103 - Blunt Points, 5" fletch ..... 25.95 doz. (a)
  - FG-104 - Magnum Points, 5" fletch ..... 28.75 doz. (a)

**LAQUER UNDER COAT** - for metal or glass arrows to insure strong adhesion of fletching and cresting to shaft. . . 1 qt. . . 4.25 (a)  
 . . . . . 1 pt. . . 2.25 (a)  
 . . . . . 1/2 pt. . 1.25 (a)

# The growth of Hoyt Archery Company...

Thanks to the enthusiastic acceptance of HOYT Bows and Arrows, we have found it necessary to expand the facilities of our plant and personnel.

Realizing that growth can only be achieved through *Customer Approval* of our product, we at Hoyt Archery Company, guarantee all equipment bearing the HOYT signature to be of the highest quality obtainable. All other equipment is chosen from the finest lines available.

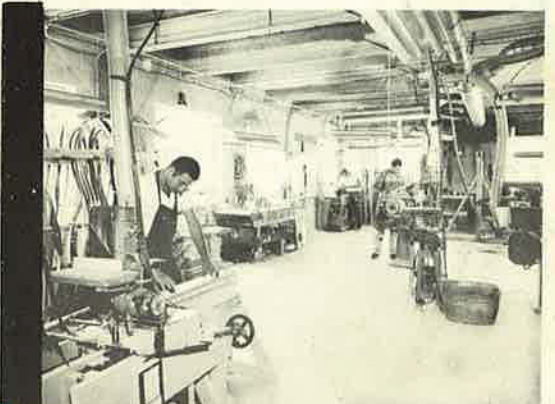

To make the customers choice of equipment the easiest possible, we have selected only those items having the highest quality, value and usefulness commensurate to their cost, weeding out the undesirable.

Only the skill acquired through the many years of bow making denotes a Master Bowyer. This is the skill incorporated into the manufacture of every HOYT Bow.

Precision cresting on HOYT arrows is accomplished with modern equipment and skilled hands.

Modern machinery combined with an age old skill turn out custom quality archery equipment... Custom Quality that is "built-in" every HOYT bow!
