ANNUAL SPONSORSHIP

UNLOCK THE MOBILITY OF EDUCATION DATA WITH PESC

PESC IS THE ONLY 501(C)(3) NON-PROFIT STANDARDS-DEVELOPMENT & STANDARDS-SETTING BODY IN EDUCATION.

PESC APPROVED STANDARDS are the dominant data standards across North America with all student financial aid in the USA delivered through PESC APPROVED STANDARDS, and every state, province and service provider in Canada and the USA using or supporting admissions and registrar-based PESC APPROVED STANDARDS.

Adoption and implementation of PESC APPROVED STANDARDS, made available online free and without charge due to the support of Members and Sponsors, and the open PESC community continue to grow.

PESC partners strategically with organizations focused on student-centric and learner-centric data and open, transparent, collaborative processes including AACRAO, APEREO, ARUCC, EMREX, EWP, Groningen Declaration Network, HR Open Standards, Internet2, SHEEO, and the US Department of Education's CEDS.

PESC's Spring and Fall Data Summits attract education leaders and experts spanning policy, practice and technology working together in 'co-opetition' and collaboration to solve industry-shared problems.

PESC's Groups and Committees, comprised of over 150+ volunteers from the Membership base, organize to incubate, pilot and launch data standards and govern resource mapping and maintenance of education eco-system schemas, taxonomies and shared code sets in various technologies.

AS A PESC SPONSOR, PESC RAISES YOUR ORGANIZATION'S VISIBILITY AND BRAND DIRECTLY WITH LEADERS AND EXPERTS THROUGHOUT NORTH AMERICA AND WORLDWIDE THROUGH ALL OF PESC'S EVENTS, ACTIVITIES AND COMMUNICATIONS AND PRESENTS YOUR ORGANIZATION IN THE CENTER OF THE EDUCATION TECHNOLOGY MARKET AS A MAJOR STAKEHOLDER IN MOBILITY, DATA STANDARDS AND INTEROPERABILITY.
