## The Coconut Wrap crafted only from Coconut and Himalayan Salt\*

### Features

- Perfect for those following a **Paleo, Gluten Free, Low Carb, Raw, Vegetarian or Vegan** lifestyle
- **Free** of the top eight **food allergens**. Therefore **does not contain**: Corn, Dairy, Tree Nuts, Peanuts, Wheat, or Soy. Made in a facility free of gluten
- **Third party certifications including: ISO, HACCP, and Non-GMO Project Verified. COA** on each import shipment showing the product is raw and within accepted guidelines for safety
- **Flexible and versatile** flat wrap made with only coconut and the **key ingredient Himalayan salt**, which provides its **great taste, strength, shelf-life and texture**.\*
- **Non-GMO compostable cellulose packaging** has a great moisture and oxygen barrier compared to plastic and contains no bisphenol (BPA, BPS and other derivatives) and no phthalates
- **Non-GMO parchment paper** separates the middle of the (4) wraps per package and is **compostable, unbleached, chromium free and chlorine free**
- **Retail Case Display boxes** available to promote visibility of The Pure Wraps in many areas of the store including the deli area

### Benefits

- The Pure Wraps are **one solution** for many lifestyles and dietary restrictions
- **Ingredients** (coconut and Himalayan salt) makes The Pure Wraps safe for people with most food allergies\*
- Great for **bulk purchases** and requires little maintenance. **Ships easily** without energy costs for freezing or refrigeration
- Gives buyers comfort for a product crafted in the Philippines by using **stricter standards of developed nations**, especially since this is a raw and allergen free product
- Customers enjoy the pleasant **taste** that does not over-power food inside the wraps. The **strength** of the wrap holds food well and **does not flake, crack or break easily**. Does not need to be doubled up.
- Given The Pure Wraps are **raw**, it is critical our packaging has a great moisture and oxygen barrier to prevent mold and extend shelf life. The **packaging is safer for people, the environment and even compostable biodegradable**
- Makes the coconut wraps easier and more convenient to peel off one at a time. **Prevents chlorine, chromium and bleach from leeching** into The Pure Wraps
- Easier for customers **to locate The Pure Wraps** on the shelf or at the deli. Requires very little shelf space

*\*Ingredients: Young Coconut Meat, Young Coconut Water, Himalayan Salt (Curry version includes certified organic curry powder)*

**Storage instructions: Do Not Freeze or Refrigerate.** Keep away from direct sunlight and dry circulating air. Please note for customers the pure wraps can be refrigerated if **covered & unfilled** though it is not necessary. It is best to consume the pure wraps soon after food is placed inside (depending upon moisture level) and near room temperature.
